Inter-Am Envoys End Caribbean Conference

SANTIAGO, Chile (AP) — Most of the foreign ministers of the Americas hope one of their major actions at their conference here will shame troublemakers in the Caribbean into behaving themselves.

The majority of the 21 ministers made it plain before they ended their Caribbean peace conference here Tuesday that they don't like what's going on in that sea of trouble south of the United States.

They left banking heavily on public opinion to bring moral pressure on people who disturb the peace in the Caribbean and elsewhere—at least until more permanent measures to be arranged at the regular Inter-American conference scheduled in Quito next February.

The Santiago conference did not single out any culprits or slap any specific wrists, even though the fight continued at the conference table between representatives of the two major Caribbean antagonists, Prime Minister Fidel Castro of Cuba and Generalissimo Rafael L. Trujillo, dictator of the dominican Republic.

Even before the conference the ministers said they did not plan to umpire the invasions ranging back and forth in the Caribbean. They said they wanted to create a psychological climate that would keep would-be invaders at home or at home-in-exile.

The most immediate step taken was to direct the Inter-American Peace Committee of the Organization of American States to keep watch over the trouble spots, study ways to prevent attempts from abroad to overthrow legal governments and report to the Quito conference next winter.

The committee can make investigations at the call of a victimized country or on its own initiative. But for an on-the-spot check, the committee will have to get the consent of the country it wants to investigate.

Lady Bankers Admit Theft Of $130,516

TYLER, Tex. (AP)—Two women who dipped into a bank's till for $130,516 pleaded guilty today. A federal judge withheld sentence while he studies probation pleas.

Each admitted spending many times their income.

Miss Yola Renfro, 59, an executive of the Texas Bank and Trust Co. of nearby Jacksonville, said she spent $625 a month.

Mrs. Weldon Conner, 34, mother of two children, said she nicked the bank of $7,200 a year beyond her salary. She was a bookkeeper.

The thefts had been going on about eight year.

Although the bank shortage and the July 23 suspension of the two women employes was an open secret in Jacksonville, a city of 11,000, it was not until last week that a public announcement was made.

The suspension of the two women stunned residents of Jacksonville who knew them as longtime and trusted employes of the bank.

T. E. Acker, chairman of the board for the Texas Bank and Trust Co., said the loss was covered by insurance.

The shortage, was discovered by Alvin Shattuck, the bank's cashier.

Acid Is Tossed At Congressman

WASHINGTON (AP) — Rep. Frank Thompson (D-NJ) today said "a crank" tossed a fluid which he believed was acid into his automobile as he drove to the Capitol Tuesday.

The fluid, hurled from a passing panel truck, burned a hole in Thompson's shirt and marred the paint on his automobile. Congressional associates said Thompson had a burn on his shoulder the size of a dime.

Thompson played a leading role in House consideration last week of a labor control bill, as a backer of a Democratic-sponsored measure opposed by most union leaders. The House first turned down a more limited measure and then passed a still more stringent bill than Thompson advocated.

Mamie Heads for Home

DENVER (AP)—Mamie Eisenhower ended a six-day visit with her ailing mother, Elvera Doud, Tuesday night and headed back to Washington by train. Mrs. Doud, 81, has been in failing health for two years.

Back-to-School Season Is Here

The school bell will peal soon for thousands of Circleville and Pickaway County youngsters.

They will head back to classes for another year of studies and school activity.

Today's edition of The Herald is dedicated to the schools in this area. It's chock full of school news.

In addition, local merchants today are calling the attention of area citizens to the many back-to-school items on the shelves here for your convenience.

Go over today's Herald with care. You'll find the school news and advertisements both interesting and informative.

Hopes Wane for Civil Rights Program in Congress Now

WASHINGTON (AP) — House backers of legislation to broaden the civil rights laws were conceding today their hopes of action this year have almost vanished. They were blaming an unplanned combination of Soviet Premier Nikita Khrushchev and Southern Democrats.

Khrushchev's contribution was to build up overwhelming sentiment for Congress to adjourn early in September — merely by scheduling his visit to this country for Sept. 15.

The Southerners as usual are fighting civil rights action with delaying tactics.

If Congress speeds up its adjournment, there will almost certainly not be time for the civil rights forces to maneuver their way around the Southern roadblocks.

And there is a growing expectation that Congress—without making the action too obvious — will adjourn long enough in advance of Khrushchev's arrival to make sure the legislators won't be faced with the embarrassment of a possible appearance of the Soviet chief at a joint session.

The chances for enactment of a new civil rights bill at this session seemed today to rest on a possible change of mind by the Southerners.

Some of them are known to be arguing privately that it might be wise to permit an early vote on the watered-down version of President Eisenhower's civil rights proposals which has been favorably reported by the House Judiciary Committee.

The arguments are that inevitably, some sort of civil rights law will be passed before next year's presidential election. The bill now snagged in the House has been stripped of the features the Southerners opposed most strenuously. In 1960, with both parties fighting for minority group votes, competion might result in a far tougher civil rights bill.

3 Live Capitalists Answer Questions at Moscow Show

MOSCOW (AP) — Three real, live capitalists went on display at the American exposition today.

Introduced to crowds of Russian visitors were Lynn L. Bollinger of Norwood, Mass., and E. M. Black and Richard Karasik of New York.

Bollinger spent two sessions of 20 minutes each in the aluminum-domed main building answering questions from Russians about how he treats his 180 workers in the Helio Aircraft Corp.

The questions were put in friendly humor and Bollinger's responses were in the same vein.

Vladimir Shavrid of the U.S. Department of Labor served as interpreter.

Black was introduced as the head of the American Sealkap Corp., which operates seven plants in the United States.

Karasik heads the Jaclin Stationery Co.

All three are members of the young presidents organization that arrived in the Soviet Union 67 strong Monday for a 20-day tour that is to include Moscow, Kiev, Kharkov, Stalingrad, Sochi and Leningrad.

Some guide at the fair suggested it would be a good idea to put up several of the young presidents —men who made their mark early—plainly labeled as capitalists. U.S. Information Agency aides seized on the suggestion.

Bollinger volunteered to appear and answer questions between showings of movies of American life.

He was introduced as a former Harvard professor of business administration who, with Prof. Otto O. Koppen of the Massachusetts Institute of Technology, sank his savings in 1949 in an aircraft which Bollinger, as an engineer, helped design. It was explained that this company, as a public corporation, has about 300 owners in all walks of life.

Bollinger told questioners his workers average $2.20 an hour, work a 40-hour week, never strike, are able to buy automobiles, receive graduated vacations — and all their children receive educations because, after all, education is compulsory in Norwood.

There was good-natured raillery when he told the crowd his base pay was $12,000, that the company lost a little money last year and hopes for profits next year.

Asked whether he was happier as a professor or a plant owner, Bollinger said he didn't know, but being a professor was easier.

Doctor's Lover Ordered to Trial

WEST COVINA, Calif. (AP) — The shapely sweetheart of Dr. R. Bernard Finch must stand trial with Finch in the gun slaying of his socialite wife.

Carole Tregoff, 22-year-old ex-model, shook with sobs Tuesday when Municipal Judge William M. Martin ordered her held for trial with her 41-year-old lover. They are accused of the July 18 fatal shooting of Barbara Jean Finch, 33.

Miss Tregoff's attorney said he will file a writ seeking the girl's freedom. He said she is being held illegally on insufficient evidence. He also contended her constitutional rights were violated when she testified at Finch's preliminary hearing without being warned her statements could be used against her.

News Briefs

WASHINGTON (AP)—A thumping 71-24 Senate vote for a new $1,050,000,000 housing bill gave its sponsors encouragement today that the legislation finally would become law.

WASHINGTON (AP) — Senate Rackets Committee records of closed door hearings disclosed today testimony that a United Auto Workers Union official in Toledo, Ohio, was fired by the UAW for accepting some $30,000 from a management consultant firm.

NEW YORK (AP) — The stock market stumbled lower early this afternoon as turnover quickened.

NEW YORK (AP)—Comedienne Martha Raye and her sixth husband, former policeman Robert O'Shea, have parted after nine months of marriage, the New York Post said today.

WASHINGTON (AP) — A collection of facts about the steel strike will be released by the government tonight in the hope of budging the deadlocked negotiations.

QUONSET POINT, R.I. (AP)—The aircraft carrier USS Wasp—a hangar compartment blackened by an explosion — brought two dead and some 20 injured crewmen into port here today.

KANSAS CITY, Mo. (AP) — A 20,000-gallon gasoline tank exploded and hurtled forward like a giant flame-thrower, engulfing firemen in a blast of fire.

That's how Tuesday's gasoline bulk station holocaust took its toll.

NEWARK, Ohio (AP)—Strikers at the Owens-Corning Fiberglas Corp. have until 3 p.m. today to return to their jobs or be dismissed, their plant manager has warned.

COLUMBUS, Ohio (AP)—A 41-year-old father of two children was electrocuted Tuesday while using an electric jackhammer on a construction job at nearby Lockbourne Air Force Base.

Earthquake's Avalanches Still Trap Many in Montana

DiSalle Speech Tour To Start On Aug. 29

Governor Scheduled To Explain State's Latest Tax Program

COLUMBUS, Ohio (AP)—After seven months as his own "prisoner" in Columbus, Gov. Michael V. DiSalle will begin a speaking tour Aug. 29 at Dayton. Nineteen other appearances are scheduled in the following 3½ weeks.

The Dayton speech, at a meeting of the Fairmount Boosters Club and the Kettering Chamber of Commerce, will launch the governor's series of talks designed to sell the state's big tax increase program to the voters.

DiSalle will speak the evening of the same day at a patron's dinner at Canton, sponsored by the Stark County Democratic Executive Committee.

The rest of the schedule:

Aug. 30 — Warren, Trumbull County Democratic organization picnic.

Aug. 31 — Cincinnati, Kiwanis Club.

Sept. 1 — Akron, Rotary Club.

Sept. 3 — Cleveland, Kiwanis Club.

Sept. 6 — Washington, D. C., "Meet the Press" television program.

Sept. 7 — Barberton, Labor Day celebration.

Sept. 8 — Delaware, Delaware County Democratic Committee barbecue.

Sept. 9 — Bucyrus, Crawford County Farm Bureau.

Sept. 11 — Granville, Ohio Trade Assn. executives.

Sept. 12 —Columbus, Federation of Democratic Women.

Sept. 13 — Cincinnati, Protestant Orphans' feast. He also will dedicate a school in Cincinnati the same day.

Sept. 14 — Washington Court House, Kiwanis Club.

Sept. 16 — Toledo, Kiwanis Club and a meeting of Sigma Delta Chi, professional Journalism fraternity.

Sept. 16 — Fremont, Sandusky Committee rally and ox-roast.

Sept. 17 — Ashland, Ashland Chamber of Commerce.

Sept. 23 — Cleveland, Harvard Alumni-Northeastern Ohio business and law schools.

DiSalle is on vacation at an undisclosed spot and the announcement of his itinerary was made by Perry Poston, his administrative assistant. Poston said there will be other appearances but these have not yet been confirmed and will be announced later.

Ohio Youth Is Injured In Earthquake

ENNIS, Mont. (AP)—An Elyria, Ohio, youth was one of more than 60 persons injured here in Tuesday's earthquakes.

George Whittemore, 15, told The Associated Press he had been camping with his aunt and uncle, Mr. and Mrs. Melvin Frederick of Elyria.

"At about midnight there was a tremendous crash. I charged out of the tent to see what it was. I heard someone yell, 'get back in the tent.' Everything broke loose."

Hospital officials said the boy's sight may be endangered by his injuries.

Whittemore's parents are missionaries in west Pakistan.

Condition of his relatives, including two cousins, Elva Frederick, 16, and her brother, Paul, 15, was not learned immediately.

Elsewhere disaster area a Mr. and Mrs. Slatzman (no first name available) of Kent, Ohio, were among a number of campers who sent word by boat that they were safe but still marooned by the slides.

Safety Vehicle Crashes

SAN ANTONIO, Tex. (AP)—The police department's "Voice of Safety" vehicle and a bicycle collided Tuesday. Paris Flower, 12, riding the bicycle, was bruised in the collision with the vehicle which broadcasts safety advice.

'OK' OR WILL IT BE 'SOS'? — Cracked by earthquakes, Hebgen dam holds on against the pressure of a lake, which threatens to flood the valley below near West Yellowstone, Mont. The dam is only a few miles from the west entrance of Yellowstone National Park. The "SOS" distress signal atop the dam was put there by marooned campers, who added the "OK" to show they were still safe.

Nature's Big Twist Creates New 'Earthquake Mountain'

HELENA, Mont. (AP)—The 7,600-foot peak had no name. It does now.

"Call it 'Earthquake Mountain'," a man said. "Just look at it."

The top was gone, jerked from the place where it had stood for ages by a terrible twist of the earth. It crashed down in the darkness on sleeping dozens of vacationers along the Madison River in southwestern Montana.

When the rumbling was over, nature had left almost two mountains.

The new mountain — perhaps "Earthquake" from now on—is almost 1,000 feet deep, 250 to 300 feet high, and a quarter-mile long from canyon wall to canyon wall.

It lies across the Madison River. Behind it is the frightened town of Ennis. Seven miles in front of it is the scattered, pock-marked Hebgen Dam. In the middle were people, trapped between a 1915 power dam that took years to build and an awesome mountain created in seconds by nature.

With them were expensive trailers, station wagons, cars and tents. No thought of them now.

Those who lived through the nightmare told stories they could hardly believe themselves. The stories were mostly the same—an eerie awakening to a horrible noise, an uneartly shaking of the entire earth itself, then stillness.

Grover C. Mault is 71, on vacation from Temple City, Calif. He and his 68-year-old wife had picked a quiet spot along the Madison for their evening camp. They were in their trailer, a mile below the dam.

They heard the rockslide ahead, then saw the quiet river surge up. They climbed atop their trailer, which started to float.

Mault grabbed the branch of a tree. It snapped. The trailer floated on. Then another branch came into view. Mault made a desperate try. The branch held.

Mault and his wife climbed off the trailer and into the tree. They stayed there all night. Rescuers in boats found them Tuesday morning, and took them to a hospital.

Elmer Tretsch of Scarsdale, N. Y., recovering from the first shock, organized a group of perhaps a dozen survivors.

"Through most of the night, we heard people crying for help, screaming," Tretsch said. "The front end of that mudslide just didn't give people a chance."

Many of the stunned survivors, some in pajamas, stood on cliffs awaiting rescue.

Four miles from the dam, a state highway ends sharply as if it were cut by an axe. Fifteen feet below is water from picturesque Hebgen Lake, virtually tipped on its side.

Some 300 yards away was the rest of the chopped-off road. In the chasm between there is an automobile, now junk.

Farther down toward the dam, two houses floated aimlessly in the water. Just the top of one showed.

At the dam, 100 persons awaited rescue.

An Air Force helicopter landed behind the dam. Rescue workers carried stretcher cases carefully across it.

Farther on, a dozen men and women stood on a grassy ridge above the camp that had disappeared beneath rock and timber below. They were told a helicopter would take them off.

Those who saw it know the fury of an earthquake in the mountains in the dark of night.

Survivor Calls Quake Scene One of Screaming Horror

BOZEMAN, Mont. (AP) — "It was horrible," an earthquake survivor said today.

"The children were screaming for help, crying for their mothers," recalled Mrs. Clarence Scott of Fresno, Calif., who came out of the heavily hit Rock Creek area.

"Husbands begged their wives to answer.

"Someone was screaming for help from anyone who could swim.

"I looked where there had been trailers and tents. They were gone."

Mrs. Scott was in her trailer when the quake rocked the popular vacation area late Monday night.

"There was a huge noise. It sounded like a thousand winds going through the trees but not a tree was moving.

"Something struck our trailer and pushed it up against a tree. The sides and end of the trailer fell off. My husband was gone. I found him just wandering around. He had been in the mud under a tree and managed to squeeze free."

Ray Painter of Ogden, Utah, told of living through those same moments.

"I could not hear my wife but I could hear the kiddies crying and I knew some of them were alive. I begged someone to help lift the tree off my leg. I thought it had cut my leg off. Finally three guys got it off. I found the kids first, then my wife. She had a broken leg."

Although injured and shaken, the Painters had a comforting reunion—all were alive.

F. A. Bennett, 45, a Coeur D'Alene, Idaho, truck driver, was vacationing with his wife and four children.

Battered and bruised, Mrs. Bennett spoke through swollen lips from her bed in the small, overcrowded hospital at Ennis, Mont.

"There was this great sound," she said. "I found myself rolling along with trees, rocks and water.

"I really don't know how I got out of it. They say my husband and three of the children are dead. But I have not lost faith in God. I know they will be found."

Mrs. Bennett's husband, their daughters, Carole 17, and Susan, 5, and son, Tom, 11, were listed among the dead. Another son, Phillip, was in the hospital with his mother. He is expected to recover.

Geologist Tells Reason behind Recent Quake

DENVER (AP) — What caused the wrenching, mountain-splitting southwestern Montana earthquake?

W. B. Myers, geologist for the U.S. Geological Survey, said it apparently was a major movement along a large rock fault just west of the Madison River Valley.

A fault is a huge crack in the earth's rock crust extending underground to unknown depths. Some are visible along mountain slopes.

Of the fault which sent the earth into quivers Monday night, Myers said:

"It's a steep fault in very old rocks, and yet I know of no previous quake-causing movement along it in historic times.

"We do not know enough about the deep underground geology of the area to say definitely but it may well lie on one of the major faults of the United States.

"It is not considered likely that this quake will trigger other quakes in the same area. Usually a movement like this relieves pressure, acting as a safety valve to put things in a more stable condition."

Haiti Troops Besiege 'Invaders' near Coast

PORT AU PRINCE, Haiti (AP) —Haitian troops today were reported besieging 30 bearded invaders on a mountain on the southwest coast. The invaders are believed to be from Cuba. Cuban Prime Minister Fidel Castro has conceded that the invasion force is probably led by a Cuban, whom he denounced as an adventurer attempting to embarrass his revolutionary government.

Food, Supplies Being Dropped By Airplanes

Yellowstone Area Rescue Operations Stalled by Overcast

WEST YELLOWSTONE, Mont. (AP) — Earthquake - born avalanches still trapped campers and fishermen in the wild mountains of southwest Montana today.

The known death toll was eight, but officials feared it would rise to 13.

Many vacationers—officials did not know the number—huddled at a campground on a hillside where they were supplied by air with blankets, water, food and cigarettes.

Leaden skies today stalled a helicopter rescue operation.

The overcast also delayed start of a bulldozen probe into the huge slide at Rock Creek—where the top of a mountain gave way Monday night and created a new hill 200 to 300 feet high. This search was to determine whether other quake victims may be buried in the debris.

At one time Tuesday the toll was given by officials as 19, then was revised downward by Montana civil defense spokesmen.

Earth slides just west of Yellowstone National Park roared down after the quake, trapping the victims and terrifying other vacationers with a thunder of rocks, earth and trees.

Four of the known dead were from one family. They were F. R. Bennett, 45, of Couer D'Alene, Idaho; his two daughters, Carole, 17, and Susan, 5, and a son, Tom 11. Bennett's wife and another son were injured.

The death toll could rise. Survivors reported seeing a couple and a crippled boy swept away in their car by an avalance. At another location, parts of an automobile registered to Thomas Stowe, 31, of Sandy, Utah, were found. Stowe and his wife were reported missing.

Approximately 60 persons were injured, but only 27 remained in hospitals in four Montana towns. Six were reported in critical condition.

Most of the victims were campers enjoying outdoor vacations in the rugged wilks of southwestern Montana, less than 20 miles west of Yellowstone Park.

The quake first struck near m night Monday at Hebgen Dam and farther downstream in the Madison River valley, famous trout fishing country.

There were an estimated 22,000 to 25,000 vacationers in Yellowstone Park when the quakes hit, but no one was reported hurt there. Earth slides closed some roads in the western side of the park.

Additional light tremors north of Hebgen Dam were felt Tuesday night, but caused no damage.

None of the famous scenic wonders of the huge summer playground was damaged. Old Faithful geyser, about 40 miles southeast of Hebgen Dam, continued to throw its fountain of boiling water skyward on the hour.

Although southwestern Montana got the quakes' most devastating blows, temblors were reported in British Columbia, Washington, Idaho, Utah, Wyoming and both Dakotas.

The quake victims were camped along the Madison River. It flows from Yellowstone Park westward, then northward to join the Jefferson and Gallatin rivers at Three

No Official Welcome Is Given Raul Castro

SANTIAGO, Chile (AP) — Chile today treated Raul Castro, chief of the Cuban armed forces, as a private visitor.

Prime Minister Fidel Castro's younger brother got no official welcome on arriving Tuesday after the end of the Inter-American foreign ministers' meeting.

Castro said he was on a private visit to pick up the Cuban delegation to the conference.

Old Veteran Hangs On

HOUSTON, Tex. (AP)—Walter W. Williams, 116, a former Confederate and last surviving veteran of the Civel War, awoke once Tuesday but his condition of extreme weakness continued.

Wild Driving Spree In Lima Is Costly

LIMA, Ohio (AP)—A wild driving spree by 24-year-old Richard Carnes brought him $300 in fines and a 90-day jail sentence when he pleaded guilty to six traffic charges Tuesday.

Carnes faces another hearing on a charge of destruction of property filed by his mother-in-law, Mrs. Evelyn Fribourg.

Police said he went to her house early Tuesday, knocked her out, broke the windows in her car, forced his 17-year-old wife to go with him and embarked on an auto flight from police.

In the chase, two police cruisers were damaged, one when Carnes stopped and rolled a wagon wheel onto a highway.

Warm and Humid

Partly cloudy tonight and Thursday. Warmer and more humid tomorrow with possible thundershowers. Low tonight, 64-70; high Thursday, 88-94. Yesterday's high, 87; low, 64.

News Briefs

WASHINGTON (AP)—A thumping 71-24 Senate vote for a new $1,050,000,000 housing bill gave its sponsors encouragement today that the legislation finally would become law.

WASHINGTON (AP) — Senate Rackets Committee records of closed door hearings disclosed today testimony that a United Auto Workers Union official in Toledo, Ohio, was fired by the UAW for accepting some $30,000 from a management consultant firm.

NEW YORK (AP) — The stock market stumbled lower early this afternoon as turnover quickened.

NEW YORK (AP)—Comedienne Martha Raye and her sixth husband, former policeman Robert O'Shea, have parted after nine months of marriage, the New York Post said today.

WASHINGTON (AP) — A collection of facts about the steel strike will be released by the government tonight in the hope of budging the deadlocked negotiations.

QUONSET POINT, R.I. (AP)—The aircraft carrier USS Wasp—a hangar compartment blackened by an explosion — brought two dead and some 20 injured crewmen into port here today.

KANSAS CITY, Mo. (AP) — A 20,000-gallon gasoline tank exploded and hurtled forward like a giant flame-thrower, engulfing firemen in a blast of fire.

That's how Tuesday's gasoline bulk station holocaust took its toll.

NEWARK, Ohio (AP)—Strikers at the Owens-Corning Fiberglas Corp. have until 3 p.m. today to return to their jobs or be dismissed, their plant manager has warned.

COLUMBUS, Ohio (AP)—A 41-year-old father of two children was electrocuted Tuesday while using an electric jackhammer on a construction job at nearby Lockbourne Air Force Base.

Earthquake's Avalanches Still Trap Many in Montana

DiSalle Speech Tour To Start On Aug. 29

Governor Scheduled To Explain State's Latest Tax Program

COLUMBUS, Ohio (AP)—After seven months as his own "prisoner" in Columbus, Gov. Michael V. DiSalle will begin a speaking tour Aug. 29 at Dayton. Nineteen other appearances are scheduled in the following 3½ weeks.

The Dayton speech, at a meeting of the Fairmount Boosters Club and the Kettering Chamber of Commerce, will launch the governor's series of talks designed to sell the state's big tax increase program to the voters.

DiSalle will speak the evening of the same day at a patron's dinner at Canton, sponsored by the Stark County Democratic Executive Committee.

The rest of the schedule:

Aug. 30 — Warren, Trumbull County Democratic organization picnic.

Aug. 31 — Cincinnati, Kiwanis Club.

Sept. 1 — Akron, Rotary Club.

Sept. 3 — Cleveland, Kiwanis Club.

Sept. 6 — Washington, D. C., "Meet the Press" television program.

Sept. 7 — Barberton, Labor Day celebration.

Sept. 8 — Delaware, Delaware County Democratic Committee barbecue.

Sept. 9 — Bucyrus, Crawford County Farm Bureau.

Sept. 11 — Granville, Ohio Trade Assn. executives.

Sept. 12 —Columbus, Federation of Democratic Women.

Sept. 13 — Cincinnati, Protestant Orphans' feast. He also will dedicate a school in Cincinnati the same day.

Sept. 14 — Washington Court House, Kiwanis Club.

Sept. 16 — Toledo, Kiwanis Club and a meeting of Sigma Delta Chi, professional Journalism fraternity.

Sept. 16 — Fremont, Sandusky Committee rally and ox-roast.

Sept. 17 — Ashland, Ashland Chamber of Commerce.

Sept. 23 — Cleveland, Harvard Alumni-Northeastern Ohio business and law schools.

DiSalle is on vacation at an undisclosed spot and the announcement of his itinerary was made by Perry Poston, his administrative assistant. Poston said there will be other appearances but these have not yet been confirmed and will be announced later.

Ohio Youth Is Injured In Earthquake

ENNIS, Mont. (AP)—An Elyria, Ohio, youth was one of more than 60 persons injured here in Tuesday's earthquakes.

George Whittemore, 15, told The Associated Press he had been camping with his aunt and uncle, Mr. and Mrs. Melvin Frederick of Elyria.

"At about midnight there was a tremendous crash. I charged out of the tent to see what it was. I heard someone yell, 'get back in the tent.' Everything broke loose."

Hospital officials said the boy's sight may be endangered by his injuries.

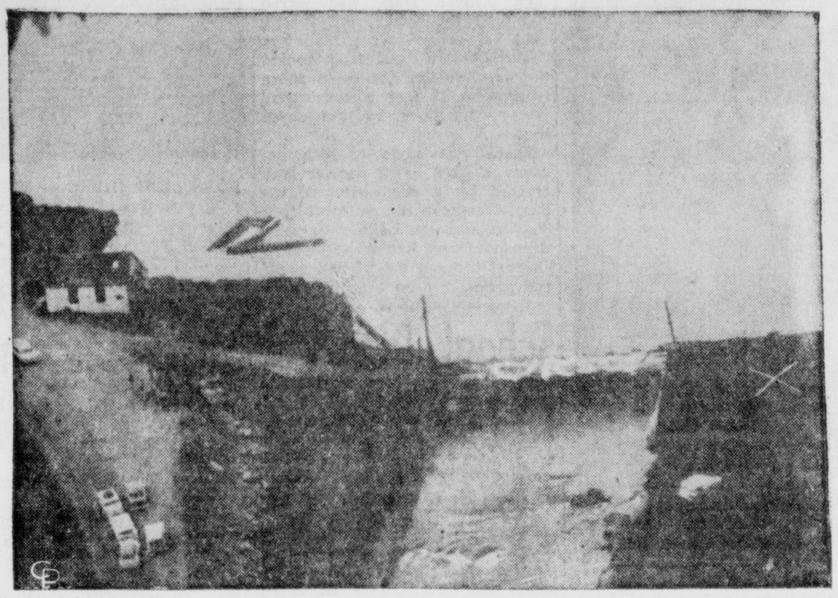
Whittemore's parents are missionaries in west Pakistan.

Condition of his relatives, including two cousins, Elva Frederick, 16, and her brother, Paul, 15, was not learned immediately.

Elsewhere disaster area a Mr. and Mrs. Slatzman (no first name available) of Kent, Ohio, were among a number of campers who sent word by boat that they were safe but still marooned by the slides.

Safety Vehicle Crashes

SAN ANTONIO, Tex. (AP)—The police department's "Voice of Safety" vehicle and a bicycle collided Tuesday. Paris Flower, 12, riding the bicycle, was bruised in the collision with the vehicle which broadcasts safety advice.



'OK' OR WILL IT BE 'SOS'? — Cracked by earthquakes, Hebgen dam holds on against the pressure of a lake, which threatens to flood the valley below near West Yellowstone, Mont. The dam is only a few miles from the west entrance of Yellowstone National Park. The "SOS" distress signal atop the dam was put there by marooned campers, who added the "OK" to show they were still safe.

Nature's Big Twist Creates New 'Earthquake Mountain'

HELENA, Mont. (AP)—The 7,600-foot peak had no name. It does now.

"Call it 'Earthquake Mountain'," a man said. "Just look at it."

The top was gone, jerked from the place where it had stood for ages by a terrible twist of the earth. It crashed down in the darkness on sleeping dozens of vacationers along the Madison River in southwestern Montana.

When the rumbling was over, nature had left almost two mountains.

The new mountain — perhaps "Earthquake" from now on—is almost 1,000 feet deep, 250 to 300 feet high, and a quarter-mile long from canyon wall to canyon wall.

It lies across the Madison River. Behind it is the frightened town of Ennis. Seven miles in front of it is the scattered, pock-marked Hebgen Dam. In the middle were people, trapped between a 1915 power dam that took years to build and an awesome mountain created in seconds by nature.

With them were expensive trailers, station wagons, cars and tents. No thought of them now.

Those who lived through the nightmare told stories they could hardly believe themselves. The stories were mostly the same—an eerie awakening to a horrible noise, an unearthly shaking of the entire earth itself, then stillness.

Grover C. Mault is 71, on vacation from Temple City, Calif. He and his 68-year-old wife had picked a quiet spot along the Madison for their evening camp. They were in their trailer, a mile below the dam.

They heard the rockslide ahead, then saw the quiet river surge up. They climbed atop their trailer, which started to float.

Mault grabbed the branch of a tree. It snapped. The trailer floated on. Then another branch came into view. Mault made a desperate try. The branch held.

Mault and his wife climbed off the trailer and into the tree. They stayed there all night. Rescuers in boats found them Tuesday morning, and took them to a hospital.

Elmer Tretsch of Scarsdale, N. Y., recovering from the first shock, organized a group of perhaps a dozen survivors.

"Through most of the night, we heard people crying for help, screaming," Tretsch said. "The front end of that mudslide just didn't give people a chance."

Many of the stunned survivors, some in pajamas, stood on cliffs awaiting rescue.

Four miles from the dam, a state highway ends sharply as if it were cut by an axe. Fifteen feet below is water from picturesque Hebgen Lake, virtually tipped on its side.

Some 300 yards away was the rest of the chopped-off road. In the chasm between there is an automobile, now junk.

Farther down toward the dam, two houses floated aimlessly in the water. Just the top of one showed.

At the dam, 100 persons awaited rescue.

An Air Force helicopter landed behind the dam. Rescue workers carried stretcher cases carefully across it.

Farther on, a dozen men and women stood on a grassy ridge above the camp that had disappeared beneath rock and timber below. They were told a helicopter would take them off.

Those who saw it know the fury of an earthquake in the mountains in the dark of night.

Survivor Calls Quake Scene One of Screaming Horror

BOZEMAN, Mont. (AP) — "It was horrible," an earthquake survivor said today.

"The children were screaming for help, crying for their mothers," recalled Mrs. Clarence Scott of Fresno, Calif., who came out of the heavily hit Rock Creek area.

"Husbands begged their wives to answer.

"Someone was screaming for help from anyone who could swim.

"I looked where there had been trailers and tents. They were gone."

Mrs. Scott was in her trailer when the quake rocked the popular vacation area late Monday night.

"There was a huge noise. It sounded like a thousand winds going through the trees but not a tree was moving.

"Something struck our trailer and pushed it up against a tree. The sides and end of the trailer fell off. My husband was gone. I found him just wandering around. He had been in the mud under a tree and managed to squeeze free."

Ray Painter of Ogden, Utah, told of living through those same moments.

"I could not hear my wife but I could hear the kiddies crying and I knew some of them were alive. I begged someone to help lift the tree off my leg. I thought it had cut my leg off. Finally three guys got it off. I found the kids first, then my wife. She had a broken leg."

Although injured and shaken, the Painters had a comforting reunion—all were alive.

F. A. Bennett, 45, a Coeur D'Alene, Idaho, truck driver, was vacationing with his wife and four children.

Battered and bruised, Mrs. Bennett spoke through swollen lips from her bed in the small, overcrowded hospital at Ennis, Mont.

"There was this great sound," she said. "I found myself rolling along with trees, rocks and water.

"I really don't know how I got out of it. They say my husband and three of the children are dead. But I have not lost faith in God. I know they will be found."

Mrs. Bennett's husband, their daughters, Carole 17, and Susan, 5, and son, Tom, 11, were listed among the dead. Another son, Phillip, was in the hospital with his mother. He is expected to recover.

Geologist Tells Reason behind Recent Quake

DENVER (AP) — What caused the wrenching, mountain-splitting southwestern Montana earthquake?

W. B. Myers, geologist for the U.S. Geological Survey, said it apparently was a major movement along a large rock fault just west of the Madison River Valley.

A fault is a huge crack in the earth's rock crust extending underground to unknown depths. Some are visible along mountain slopes.

Of the fault which sent the earth into quivers Monday night, Myers said:

"It's a steep fault in very old rocks, and yet I know of no previous quake-causing movement along it in historic times.

"We do not know enough about the deep underground geology of the area to say definitely but it may well lie on one of the major faults of the United States.

"It is not considered likely that this quake will trigger other quakes in the same area. Usually a movement like this relieves pressure, acting as a safety valve to put things in a more stable condition."

Haiti Troops Besiege 'Invaders' near Coast

PORT AU PRINCE, Haiti (AP) —Haitian troops today were reported besieging 30 bearded invaders on a mountain on the southwest coast. The invaders are believed to be from Cuba. Cuban Prime Minister Fidel Castro has conceded that the invasion force is probably led by a Cuban, whom he denounced as an adventurer attempting to embarrass his revolutionary government.

Food, Supplies Being Dropped By Airplanes

Yellowstone Area Rescue Operations Stalled by Overcast

WEST YELLOWSTONE, Mont. (AP) — Earthquake - born avalanches still trapped campers and fishermen in the wild mountains of southwest Montana today.

The known death toll was eight, but officials feared it would rise to 13.

Many vacationers—officials did not know the number—huddled at a campground on a hillside where they were supplied by air with blankets, water, food and cigarettes.

Leaden skies today stalled a helicopter rescue operation.

The overcast also delayed start of a bulldozen probe into the huge slide at Rock Creek—where the top of a mountain gave way Monday night and created a new hill 200 to 300 feet high. This search was to determine whether other quake victims may be buried in the debris.

At one time Tuesday the toll was given by officials as 19, then was revised downward by Montana civil defense spokesmen.

Earth slides just west of Yellowstone National Park roared down after the quake, trapping the victims and terrifying other vacationers with a thunder of rocks, earth and trees.

Four of the known dead were from one family. They were F. R. Bennett, 45, of Couer D'Alene, Idaho; his two daughters, Carole, 17, and Susan, 5, and a son, Tom 11. Bennett's wife and another son were injured.

The death toll could rise. Survivors reported seeing a couple and a crippled boy swept away in their car by an avalance. At another location, parts of an automobile registered to Thomas Stowe, 31, of Sandy, Utah, were found. Stowe and his wife were reported missing.

Approximately 60 persons were injured, but only 27 remained in hospitals in four Montana towns. Six were reported in critical condition.

Most of the victims were campers enjoying outdoor vacations in the rugged wilks of southwestern Montana, less than 20 miles west of Yellowstone Park.

The quake first struck near m night Monday at Hebgen Dam and farther downstream in the Madison River valley, famous trout fishing country.

There were an estimated 22,000 to 25,000 vacationers in Yellowstone Park when the quakes hit, but no one was reported hurt there. Earth slides closed some roads in the western side of the park.

Additional light tremors north of Hebgen Dam were felt Tuesday night, but caused no damage.

None of the famous scenic wonders of the huge summer playground was damaged. Old Faithful geyser, about 40 miles southeast of Hebgen Dam, continued to throw its fountain of boiling water skyward on the hour.

Although southwestern Montana got the quakes' most devastating blows, temblors were reported in British Columbia, Washington, Idaho, Utah, Wyoming and both Dakotas.

The quake victims were camped along the Madison River. It flows from Yellowstone Park westward, then northward to join the Jefferson and Gallatin rivers at Three

No Official Welcome Is Given Raul Castro

SANTIAGO, Chile (AP) — Chile today treated Raul Castro, chief of the Cuban armed forces, as a private visitor.

Prime Minister Fidel Castro's younger brother got no official welcome on arriving Tuesday after the end of the Inter-American foreign ministers' meeting.

Castro said he was on a private visit to pick up the Cuban delegation to the conference.

Old Veteran Hangs On

HOUSTON, Tex. (AP)—Walter W. Williams, 116, a former Confederate and last surviving veteran of the Civel War, awoke once Tuesday but his condition of extreme weakness continued.

Wild Driving Spree In Lima Is Costly

LIMA, Ohio (AP)—A wild driving spree by 24-year-old Richard Carnes brought him $300 in fines and a 90-day jail sentence when he pleaded guilty to six traffic charges Tuesday.

Carnes faces another hearing on a charge of destruction of property filed by his mother-in-law, Mrs. Evelyn Fribourg.

Police said he went to her house early Tuesday, knocked her out, broke the windows in her car, forced his 17-year-old wife to go with him and embarked on an auto flight from police.

In the chase, two police cruisers were damaged, one when Carnes stopped and rolled a wagon wheel onto a highway.

JUST RIGHT FOR SCHOOL — Sherry Rittenhouse, 8, a Clarksburg third grader, is shown with a plaid gingham dress and a black tweed coat with simulated white fur collar. The school outfit is available at Goldsmith's, 120 W. Main St. (Staff Photo)

He May Not Be, but 'Rocky' Is Acting Like a Candidate

WASHINGTON (AP)—A lot of people may be skeptical, but Sen. Jacob K. Javits (R-NY) says he's convinced Gov. Nelson A. Rockefeller hasn't made up his mind about 1960.

Javits said Rockefeller's flying trip to Washington Tuesday was a mere scratch-the-surface affair without too much political significance.

In the course of the day, Rockefeller talked with President Eisenhower and other government officials on civil defense matters, and met with GOP office holders both in Congress and in the administration.

Some supporters of Vice President Richard M. Nixon thought the interest Rockefeller showed in primaries confirmed their belief that he already is a candidate—though unannounced—for the 1960 Republican presidential nomination Nixon wants.

Sen. Styles Bridges (R-NH), with whom Rockefeller talked about next March's New Hampshire primary, left no doubt he thinks the governor is headed for a contest with Nixon in that state.

Rockefeller appeared to be bent on making friends—if not necessarily on influencing them—in appearances sandwiched in between business talks with Eisenhower, Secretary of the Treasury Robert B. Anderson and Leo Hoegh, the civil defense administrator.

At a White House conference after his 45 - minute talk with Eisenhower the governor took the opportunity to shake hands with all the newsmen present.

When he visited the Capitol for lunch with Javits and Sen. Kenneth B. Keating (R-NY), some of the gawking tourists might have wondered if a presidential nominee was on the premises.

Rockefeller had a grin and an outstretched hand for everybody, including Republican and Democratic senators who converged on his table. He signed autographs for tittering girl secretaries, shook hands with the Negro waiters and generally acted like a goodwill ambassador for Rockefeller.

City Schools Add Teachers For Increase

City school system officials stated today that with an enrollment increase again this year of approximately 130 pupils, it has been necessary to add four new teachers.

Those teachers added are a kindergarten instructor, an extra seventh grade teacher, an additional grade eight teacher and an extra high school instructor.

The Circleville Board of Education rented a room in the Methodist Church for a kindergarten class. Ithas taken the special education room in the Corwin Street building for grade seven and took a high school classroom for another grade eight.

This leaves two floating teachers in the high school without home rooms. Some classes in the high school are scheduled in spots where top efficiency is impossible.

"At a steady growth of four additional classrooms each year a curtailment of some valuable subjects will start next year. From then on the room crisis will become more and more acute," Superintendent George A. Hartman said.

New Conesville Power Plant Dedication Set

COSHOCTON, Ohio (AP) — A new plant, producing a quarter million kilowatts, will be dedicated today by the Columbus & Southern Ohio Electric Co. at nearby Conesville. The plant, costing 36 million dollars, is the largest of of electricity to central and southern Ohio.

Correction

Livestock dispersal sale here of the herd and dairy equipment of Herman Rowland will be Saturday, August 22. In an advertisement yesterday and today in The Herald the date was given incorrectly as August 29. The sale will be this Saturday.

Forks, Mont., to form the Missouri River.

The dam on the river forms a lake holding about 337,000 acre-feet of water.

Jeep, boat and helicopter were used to rescue an undetermined number of persons reported marooned by the slides in the Madison River valley.

At one time 150 were reported trapped below Hebgen Dam, but many reached safety by Tuesday night.

The dam took a severe pounding from the mighty shocks. For a time officials feared it might go out, unleashing a flood down the canyon.

Montana Power Co. officials said one abutment of the 87-foot-high Hebgen Dam was jarred loose by the quake, but it still held.

The quakes tilted land behind the dam, raising the south shore from 6 to 15 feet and dropping the north shore by the same amount.

There was some concern because a high earth barrier was created by a slide back of the dam. Waters of the reservoir rose high against the barrier as men with bulldozers battled to clear a channel through the packed earth and rocks.

School Plant Is Improved

Summer Program Includes Paint

School officials reported today that many new improvements will greet returning City school system pupils and teachers on September 1.

All of the high school halls, home economics rooms and cafeteria are newly decorated. This was accomplished as a part of the summer maintence program.

All tables in the cafeteria were sanded and completely refurnished. "This improvement adds to the color and improves sanitation in the cafeteria," City School Superintendent George Hartman said today.

* * *

New asphalt tile floors were laid in the mechanical drawing room, the agricultural room and west hall of the industrial arts building. These were formerly concrete floors.

NEW DESK CHAIRS were purchased for the new seventh grade room that was added due to enrollment growth. New blackboards were installed in room 209. Previously this room had no blackboard space.

All windows were painted, inside and outside, in the east and north section of the high school building. Considerable caulking was done to stop moisture leaks.

The furnace in the Corwin Street school building was completely rebuilt. This rebuilding cost ran approximately $4,500.

A new picket fence was constructed on the north side of the High Street building school grounds. Approximately $12,000 in new text books are ready for distribution this fall.

Most of the texts used in the Circleville school system are uptodate. The 1941 copyright mathematics textbooks were replaced this year in conjunction with a four-year program to eliminate texts as old as 1939 editions.

Two Drivers Land In Traffic Court

A motorist accused of driving under the influence of intoxicants and one charged with clipping along well over the legal speed limit were included in Circleville Municipal Court cases yesterday and today.

The Pickaway County Sheriff's department arrested Claude Addison, 23, Columbus, for driving under the influence. He was fined $100 and costs, sentenced to three days in jail and had his driver's license suspended for six months. He was involved in an accident last night on Route 23 south of here.

Charles B. Roof, 47, Columbus, was cited by the State Highway Patrol for speeding at 110 miles per hour. The hurried trip resulted in a fine of $50 plus costs.

Judge Reads Vows

Carroll L. Stonerock and Helen Marie Levan, Circleville, were married today in Circleville Municipal Court. The vows were read by Judge Sterling M. Lamb.

BOYS LIKE THESE — Mark Alan Cox, 8, 226 Town St., a second grader at Walnut St. School, went right to the rack at Penney's and pulled out this eye-catching school sweater. It goes well with school clothes, sharp, but easy to launder. (Staff Photo)

OSU Scientist Tells Theory Of Missiles, Their Hot Air

COLUMBUS, Ohio (AP)—Ever since Eve spouted off to Adam about the apple, man has been scrutinizing hot air.

There is not much we can do about the hot air of humanity, but a professor at Ohio State University has a new theory on the hot air that missiles create when they flash through space.

The theorist is Dr. Rudolph Edse, OSU professor of aeronautical engineering and director of the university's rocket research laboratory. After two years' work, with little more than a desk-size calculating machine, Dr. Edse has shattered an old hot air theory and presented a new one that someday may help other scientists design faster, more manageable rockets and missiles.

theory concerning shock waves, which are created when an object travels faster than the speed of sound, the front of the shock wave is assumed to be an infinitely thin plane.

The old theory included another assumption: That the atoms and molecules in front of the shock wave (and around the nose cone of a rocket or missile) moved infinitely fast because of heat and friction. It's this heat and friction, or hot air, that gives missilemen trouble.

However, Dr. Edse disagrees slightly—but significantly — with the traditional theory. He says that hot atoms and molecules, which become hot because of a missile's great speed, cannot move infinitely fast. Nothing moves quite that fast, he implies.

Therefore, he says, the radition he backs up this idea with detailed mathematics.

The result of Dr. Edse's findings? Not even he knows for certain. But here's what he and others think will be some of the results:

Rocket designers may be able to design nose cones that will travel faster (when entering space) and slower (when returning to earth).

Engineers believe that Dr. Edse's findings also will lead to improved ram-jet planes. These are still in the experimental stage. But when they're operational, they'll zip through space at least three or four times faster than the speed of sound, says Dr. Edse.

He admits it's difficult to see how these advancements will be made possible simply by a modified shock-wave theory.

The chief advantage, he explains, is that now we know more about friction. We will abe able to control it and predict it more accurately. "And the more we know, the more we can do."

Mainly About People

Louis A. Waller, Hallsville, is a medical patient in Chillicothe Hospital.

Michael Chaffin, Kingston, is a medical patient in Chillicothe Hospital.

Stephen Phillips, Kingston, is a surgical patient in Chillicothe Hospital.

Mr. and Mrs. Thomas Rainey, Kingston, are the parents of a daughter, born Sunday in Chillicothe Hospital.

Lawrence R. Large, Kingston, and Kay L. Fellenstein, Williamsport, have applied for marriage license in Ross County. John D. Sharrett, Kingston, and Glenna McCabe, Route 1, Clarksburg, also have applied for a marriage license.

City Operates 4 Cafeterias

The Circleville school system operates four cafeterias for the convenience and feeding of six schools.

The cafeterias are located at Atwater School, South Court School, the high school and Wayne Twp. Meals for the South Court school are cooked at the high school and transported there at mealtime.

The South Court School cafeteria is available to Walnut school. A teacher sponsors a grup from Walnut Street each day to South Court to eat their noon meal.

The high school cafeteria is available to the Corwin elementary school. Franklin-Mound and High Street schools have no cafeterias.

* * *

THE TWO BUILDINGS are old, except for the Franklin-Mound addition, and room is not available for cafeteria service.

The cafeterias have nine full-time and one part-time employes. Last year, Circleville schools served 155,419 student lunches and 9,900 adult lunches.

Grades one through six pay 25 cents per lunch. Grades seven through 12 pay 30 cents and adults pay 35 cents per lunch. The City has the Federal Lunch Program and serves the Type A lunch.

Surplus commodities have been in smaller quantity the past two years.

According to school superintendent, George A. Hartman, it is impossible for the City Board of Education to continue serving a good Type A lunch at present prices and break even unless surplus commodities begin to come through in greater quantity.

Surplus commodities consist of butter, canned goods, dried milk, some meats and cheese. Student lunches are subsidized by the Federal Government at a little less than 4 cents per meal and extra milk at 3 cents per half pint.

* * *

LUNCH COSTS VARY from 28 cents per lunch to 36 cents per lunch depending upon the type of food served. All lunches are prepared for a balanced diet.

This year the high school and seventh and eighth grades will sell tickets before school starts in the morning. All ticket holders will be served first, enabling school officials to get a mre accurate count.

Previously, a poll would be taken of high school students planning to eat lunch at the school. Then many would change their minds by noon and extra food would go to waste while other days there wouldn't be enough to go around.

1958-59 school lunch income amounted to $54,890.36 while expenses totaled $54,227.07 for a balance of $663.29.

2 Juries Stalemated; Judge Dismisses Case

CINCINNATI (AP)—After two trial juries failed to reach agreement, Common Pleas Judge J. M. Renner Tuesday dismissed bank robbery charges against James Seitz, 22. Seitz and Harry A. Bolton, 44, were arrested last Dec. 3 after the $622 holdup of Farmers State Bank at Miamitown. Bolton, who pleaded guilty, said Seitz had no knowledge of the holdup and merely drove a car for Bolton.

Wellston Man, 45, Dies First Day on New Job

EAST LIVERPOOL, Ohio (AP) —His first day on the job, Everett W. McCall dropped dead.

McCall, 45, of Wellston, Ohio, was working Monday with a core drilling crew of the State Highway Department. Fellow workmen said it was his first day of work.

Among McCall's papers was one indicating he had been hospitalized recently for a heart ailment.

Main St. The whole dress is trimmed with white braid. Vicki's a second grader at Washington Twp. (Staff Photo)

Posner Bond Is Reduced to $15,000 Here

The bond of one of two New York City men being held here on charges of illegal possession of narcotics has been reduced from $50,000 to $15,000.

The bond reduction was for Leonard Posner, 22. He and Lemuel Carter, 26, were picked up in Tarlton several weeks ago by Deputy Sheriff Dwight Radcliff who charged them with illegal possession of heroin, a narcotic.

Both men appeared for preliminary hearing in Circleville Municipal Court where they were bound to the Pickaway County Grand Jury under $50,000 bond each. They were the highest bonds ever imposed by the local court.

Posner's bond was reduced on a motion filed by his attorneys. He is represented by Harry Margulis and Tom Renick.

* * *

THE HEARING on the reduction motion was held in the local common pleas court with Judge William Ammer presiding. Posner and Carter are slated to go before the grand jury Monday.

According to the local sheriff's department, Posner has failed to post the reduced bond. He and Carter are being held in the county jail pending jury action.

Dad of Triplets Prefers Cheap Job

CHARLOTTE, N.C. (AP) — Nathan Miller — who said two months ago he might have to offer his new - born triplets for adoption because of financial difficulties—is leaving a $50-a-week job he got as a result of his plight and returning to his $25-a-week job as a hired hand.

Paul Jones, operator of an egg farm near here, gave Miller a job, and a house with the stipulation that the Millers keep their triplet girls.

But Miller, 55, said Monday, "My family just ain't satisfied, that's all. And there's a heap of walking in this egg job. And I've got bad legs. In my other job I rode a tractor mostly."

Miller, his wife, the triplets and their three older children were to return to Clarendon Plantation, near Southport, N.C. Owner Cornelius Thomas is giving Miller his old job.

He May Not Be, but 'Rocky' Is Acting Like a Candidate

WASHINGTON (AP)—A lot of people may be skeptical, but Sen. Jacob K. Javits (R-NY) says he's convinced Gov. Nelson A. Rockefeller hasn't made up his mind about 1960.

Javits said Rockefeller's flying trip to Washington Tuesday was a mere scratch-the-surface affair without too much political significance.

In the course of the day, Rockefeller talked with President Eisenhower and other government officials on civil defense matters, and met with GOP office holders both in Congress and in the administration.

Some supporters of Vice President Richard M. Nixon thought the interest Rockefeller showed in primaries confirmed their belief that he already is a candidate—though unannounced—for the 1960 Republican presidential nomination Nixon wants.

Sen. Styles Bridges (R-NH), with whom Rockefeller talked about next March's New Hampshire primary, left no doubt he thinks the governor is headed for a contest with Nixon in that state.

Rockefeller appeared to be bent on making friends—if not necessarily on influencing them—in appearances sandwiched in between business talks with Eisenhower, Secretary of the Treasury Robert B. Anderson and Leo Hoegh, the civil defense administrator.

At a White House conference after his 45 - minute talk with Eisenhower the governor took the opportunity to shake hands with all the newsmen present.

When he visited the Capitol for lunch with Javits and Sen. Kenneth B. Keating (R-NY), some of the gawking tourists might have wondered if a presidential nominee was on the premises.

Rockefeller had a grin and an outstretched hand for everybody, including Republican and Democratic senators who converged on his table. He signed autographs for tittering girl secretaries, shook hands with the Negro waiters and generally acted like a goodwill ambassador for Rockefeller.

City Schools Add Teachers For Increase

City school system officials stated today that with an enrollment increase again this year of approximately 130 pupils, it has been necessary to add four new teachers.

Those teachers added are a kindergarten instructor, an extra seventh grade teacher, an additional grade eight teacher and an extra high school instructor.

The Circleville Board of Education rented a room in the Methodist Church for a kindergarten class. Ithas taken the special education room in the Corwin Street building for grade seven and took a high school classroom for another grade eight.

This leaves two floating teachers in the high school without home rooms. Some classes in the high school are scheduled in spots where top efficiency is impossible.

"At a steady growth of four additional classrooms each year a curtailment of some valuable subjects will start next year. From then on the room crisis will become more and more acute," Superintendent George A. Hartman said.

New Conesville Power Plant Dedication Set

COSHOCTON, Ohio (AP) — A new plant, producing a quarter million kilowatts, will be dedicated today by the Columbus & Southern Ohio Electric Co. at nearby Conesville. The plant, costing 36 million dollars, is the largest of of electricity to central and southern Ohio.

Correction

Livestock dispersal sale here of the herd and dairy equipment of Herman Rowland will be Saturday, August 22. In an advertisement yesterday and today in The Herald the date was given incorrectly as August 29. The sale will be this Saturday.

Forks, Mont., to form the Missouri River.

The dam on the river forms a lake holding about 337,000 acre-feet of water.

Jeep, boat and helicopter were used to rescue an undetermined number of persons reported marooned by the slides in the Madison River valley.

At one time 150 were reported trapped below Hebgen Dam, but many reached safety by Tuesday night.

The dam took a severe pounding from the mighty shocks. For a time officials feared it might go out, unleashing a flood down the canyon.

Montana Power Co. officials said one abutment of the 87-foot-high Hebgen Dam was jarred loose by the quake, but it still held.

The quakes tilted land behind the dam, raising the south shore from 6 to 15 feet and dropping the north shore by the same amount.

There was some concern because a high earth barrier was created by a slide back of the dam. Waters of the reservoir rose high against the barrier as men with bulldozers battled to clear a channel through the packed earth and rocks.

School Plant Is Improved

Summer Program Includes Paint

School officials reported today that many new improvements will greet returning City school system pupils and teachers on September 1.

All of the high school hails, home economics rooms and cafeteria are newly decorated. This was accomplished as a part of the summer maintence program.

All tables in the cafeteria were sanded and completely refurnished. "This improvement adds to the color and improves sanitation in the cafeteria," City School Superintendent George Hartman said today.

* * *

New asphalt tile floors were laid in the mechanical drawing room, the agricultural room and west hall of the industrial arts building. These were formerly concrete floors.

NEW DESK CHAIRS were purchased for the new seventh grade room that was added due to enrollment growth. New blackboards were installed in room 209. Previously this room had no blackboard space.

All windows were painted, inside and outside, in the east and north section of the high school building. Considerable caulking was done to stop moisture leaks.

The furnace in the Corwin Street school building was completely rebuilt. This rebuilding cost ran approximately $4,500.

A new picket fence was constructed on the north side of the High Street building school grounds. Approximately $12,000 in new text books are ready for distribution this fall.

Most of the texts used in the Circleville school system are uptodate. The 1941 copyright mathematics textbooks were replaced this year in conjunction with a four-year program to eliminate texts as old as 1939 editions.

Two Drivers Land In Traffic Court

A motorist accused of driving under the influence of intoxicants and one charged with clipping along well over the legal speed limit were included in Circleville Municipal Court cases yesterday and today.

The Pickaway County Sheriff's department arrested Claude Addison, 23, Columbus, for driving under the influence. He was fined $100 and costs, sentenced to three days in jail and had his driver's license suspended for six months. He was involved in an accident last night on Route 23 south of here.

Charles B. Roof, 47, Columbus, was cited by the State Highway Patrol for speeding at 110 miles per hour. The hurried trip resulted in a fine of $50 plus costs.

Judge Reads Vows

Carroll L. Stonerock and Helen Marie Levan, Circleville, were married today in Circleville Municipal Court. The vows were read by Judge Sterling M. Lamb.

BOYS LIKE THESE — Mark Alan Cox, 8, 226 Town St., a second grader at Walnut St. School, went right to the rack at Penney's and pulled out this eye-catching school sweater. It goes well with school clothes, sharp, but easy to launder. (Staff Photo)

OSU Scientist Tells Theory Of Missiles, Their Hot Air

COLUMBUS, Ohio (AP)—Ever since Eve spouted off to Adam about the apple, man has been scrutinizing hot air.

There is not much we can do about the hot air of humanity, but a professor at Ohio State University has a new theory on the hot air that missiles create when they flash through space.

The theorist is Dr. Rudolph Edse, OSU professor of aeronautical engineering and director of the university's rocket research laboratory. After two years' work, with little more than a desk-size calculating machine, Dr. Edse has shattered an old hot air theory and presented a new one that someday may help other scientists design faster, more manageable rockets and missiles.

The old theory concerned shock waves, which are created when an object travels faster than the speed of sound, the front of the shock wave is assumed to be an infinitely thin plane.

The old theory included another assumption: That the atoms and molecules in front of the shock wave (and around the nose cone of a rocket or missile) moved infinitely fast because of heat and friction. It's this heat and friction, or hot air, that gives missilemen trouble.

However, Dr. Edse disagrees slightly—but significantly — with the traditional theory. He says that hot atoms and molecules, which become hot because of a missile's great speed, cannot move infinitely fast. Nothing moves quite that fast, he implies.

Therefore, he says, the radition he backs up this idea with detailed mathematics.

The result of Dr. Edse's findings? Not even he knows for certain. But here's what he and others think will be some of the results:

Rocket designers may be able to design nose cones that will travel faster (when entering space) and slower (when returning to earth).

Engineers believe that Dr. Edse's findings also will lead to improved ram-jet planes. These are still in the experimental stage. But when they're operational, they'll zip through space at least three or four times faster than the speed of sound, says Dr. Edse.

He admits it's difficult to see how these advancements will be made possible simply by a modified shock-wave theory.

The chief advantage, he explains, is that now we know more about friction. We will abe able to control it and predict it more accurately. "And the more we know, the more we can do."

Mainly About People

Louis A. Waller, Hallsville, is a medical patient in Chillicothe Hospital.

Michael Chaffin, Kingston, is a medical patient in Chillicothe Hospital.

Stephen Phillips, Kingston, is a surgical patient in Chillicothe Hospital.

Mr. and Mrs. Thomas Rainey, Kingston, are the parents of a daughter, born Sunday in Chillicothe Hospital.

Lawrence R. Large, Kingston, and Kay L. Fellenstein, Williamsport, have applied for marriage license in Ross County. John D. Sharrett, Kingston, and Glenna McCabe, Route 1, Clarksburg, also have applied for a marriage license.

The First National Bank will be closed at 1:30 Thursday, to enable the employees to attend the funeral of Mrs. Aubrey Riggin. —ad.

Wellston Man, 45, Dies First Day on New Job

EAST LIVERPOOL, Ohio (AP) —His first day on the job, Everett W. McCall dropped dead.

McCall, 45, of Wellston, Ohio, was working Monday with a core drilling crew of the State Highway Department. Fellow workmen said it was his first day of work.

Among McCall's papers was one indicating he had been hospitalized recently for a heart ailment.

City Operates 4 Cafeterias

The Circleville school system operates four cafeterias for the convenience and feeding of six schools.

The cafeterias are located at Atwater School, South Court School, the high school and Wayne Twp. Meals for the South Court school are cooked at the high school and transported there at mealtime.

The South Court School cafeteria is available to Walnut school. A teacher sponsors a grup from Walnut Street each day to South Court to eat their noon meal.

The high school cafeteria is available to the Corwin elementary school. Franklin-Mound and High Street schools have no cafeterias.

* * *

THE TWO BUILDINGS are old, except for the Franklin-Mound addition, and room is not available for cafeteria service.

The cafeterias have nine full-time and one part-time employes. Last year, Circleville schools served 155,419 student lunches and 9,900 adult lunches.

Grades one through six pay 25 cents per lunch. Grades seven through 12 pay 30 cents and adults pay 35 cents per lunch. The City has the Federal Lunch Program and serves the Type A lunch.

Surplus commodities have been in smaller quantity the past two years.

According to school superintendent, George A. Hartman, it is impossible for the City Board of Education to continue serving a good Type A lunch at present prices and break even unless surplus commodities begin to come through in greater quantity.

Surplus commodities consist of butter, canned goods, dried milk, some meats and cheese. Student lunches are subsidized by the Federal Government at a little less than 4 cents per meal and extra milk at 3 cents per half pint.

* * *

LUNCH COSTS VARY from 28 cents per lunch to 36 cents per lunch depending upon the type of food served. All lunches are prepared for a balanced diet.

This year the high school and seventh and eighth grades will sell tickets before school starts in the morning. All ticket holders will be served first, enabling school officials to get a mre accurate count.

Previously, a poll would be taken of high school students planning to eat lunch at the school. Then many would change their minds by noon and extra food would go to waste while other days there wouldn't be enough to go around.

1958-59 school lunch income amounted to $54,890.36 while expenses totaled $54,227.07 for a balance of $663.29.

2 Juries Stalemated; Judge Dismisses Case

CINCINNATI (AP)—After two trial juries failed to reach agreement, Common Pleas Judge J. M. Renner Tuesday dismissed bank robbery charges against James Seitz, 22. Seitz and Harry A. Bolton, 44, were arrested last Dec. 3 after the $622 holdup of Farmers State Bank at Miamitown. Bolton, who pleaded guilty, said Seitz had no knowledge of the holdup and merely drove a car for Bolton.

CLASSY FOR CLASSES — Vicki Jo Winfough, 7, daughter of Mr. and Mrs. Gerald Winfough, Route 4, is shown in a cotton plaid school dress with full skirt and peter pan collar, from United Department Store, 117 W. Main St. The whole dress is trimmed with white braid. Vicki's a second grader at Washington Twp. (Staff Photo)

Posner Bond Is Reduced to $15,000 Here

The bond of one of two New York City men being held here on charges of illegal possession of narcotics has been reduced from $50,000 to $15,000.

The bond reduction was for Leonard Posner, 22. He and Lemuel Carter, 26, were picked up in Tarlton several weeks ago by Deputy Sheriff Dwight Radcliff who charged them with illegal possession of heroin, a narcotic.

Both men appeared for preliminary hearing in Circleville Municipal Court where they were bound to the Pickaway County Grand Jury under $50,000 bond each. They were the highest bonds ever imposed by the local court.

Posner's bond was reduced on a motion filed by his attorneys. He is represented by Harry Margulis and Tom Renick.

* * *

THE HEARING on the reduction motion was held in the local common pleas court with Judge William Ammer presiding. Posner and Carter are slated to go before the grand jury Monday.

According to the local sheriff's department, Posner has failed to post the reduced bond. He and Carter are being held in the county jail pending jury action.

Dad of Triplets Prefers Cheap Job

CHARLOTTE, N.C. (AP) — Nathan Miller — who said two months ago he might have to offer his new - born triplets for adoption because of financial difficulties—is leaving a $50-a-week job he got as a result of his plight and returning to his $25-a-week job as a hired hand.

Paul Jones, operator of an egg farm near here, gave Miller a job, and a house with the stipulation that the Millers keep their triplet girls.

But Miller, 55, said Monday, "My family just ain't satisfied, that's all. And there's a heap of walking in this egg job. And I've got bad legs. In my other job I rode a tractor mostly."

Miller, his wife, the triplets and their three older children were to return to Clarendon Plantation, near Southport, N.C. Owner Cornelius Thomas is giving Miller his old job.

22 New Teachers in Teays Valley School System

The Teays Valley Board of Education has employed 22 new teachers for the 1959-60 school year and has one remaining vacancy, a vocal music position at Walnut Twp. school.

Last year it was necessary to employ only 15 new teachers, but a large turnover occurred in the district this year. A total of 18 teachers and principals compose the Teays Valley faculty.

The Teays Valley District has six schools under its jurisdiction. They are Duvall, Madison and South Bloomfield elementary schools and Ashville-Harrison, Scioto and Walnut 12-year schools.

Superintendent of the district is Earl R. Gregg, Ashville. He has 40 years experience in the teaching and school administration field. This is his second year in the district with a two-year contract.

* * *

CARL DARRELL Bennett, 66, Route 1, Ashville, is supervising principal at Walnut Twp. School.

Bennett, a veteran of 42 years in the teaching field, replaces Howard Hosler, who resigned July 1. Bennett is a 1929 graduate of Wilmington College with a B. S. degree in Education.

He received his Masters degree in school administration from Ohio State University in 1940. Bennett served as principal of Washington Twp. and was employed at Walnut Twp. as superintendent for 12 years before moving to Darby Twp. as a teacher and high school principal.

He has been back at Walnut Twp. for two years.

Donald E. Metzler, 24, Route 3, will teach music at Scioto Metzler is a 1959 graduate of Otterbein College, Westerville, with a Bachelor of Music degree.

The 1952 graduate of Circleville High School, is the son of Rev. and Mrs. L. S. Metzler, Route 3. He holds a four-year provisional special certificate.

JACK DON ADAMS, 25, Route 1, Williamsport, was hired to teach industrial arts at Scioto. He is a Wilmington College, Wilmington, graduate with Bachelor of Science degrees in agriculture and industrial education.

Adkins is a 1951 graduate of Monroe Twp. High School. He attends the Christian Church.

Robert Irvin Elsea, 29, Elsea's Trailer Court, will teach manual arts at Ashville - Harrison High School. He is a 1959 graduate of Ohio State University with a B. S. degree in education.

Elsea holds a four-year provisional special teacher's certificate in industrial arts. He was graduated by Circleville High School in 1948.

Elsea spent four years in the U. S. Navy, reaching the rank of 2nd Class Petty Officer before his honorable discharge. He has been working at the General Electric Lamp Plant and attending OSU for the past several years.

The former CHS football player attended Ohio University for two years. He is married and has one child. Elsea attends the Methodist Church.

* * *

MRS. ANN COLLINS, Route 1, Ashville, has been employed to teach physical education at Walnut Twp. She is the daughter of Mr. and Mrs. Homer Reber, Route 1, Ashville.

Mrs. Collins formerly taught at Walnut and Hamilton Twp. High Schools, Franklin County. She finished the 1958-59 school year teaching physical education at Ashville, replacing Mrs. Courtright. Mrs. Collins is a graduate of OSU.

Miss Barbara Kuhlwein, Route 1, Lockbourne, will teach in the elementary grades in Teays Valley, having been assigned no specific school at present.

Miss Kuhlwein is a graduate of Ashville and receivee her teaching degree from Capital University, Columbus. She is the daughter of Mr. and Mrs. James Kuhlwein, Route 1, Lockbourne.

Miss Helen Irwin, Ashville, has been employed to teach commercial courses at Ashville. She formerly taught at Walnut.

Miss Irwin replaces Mrs. Janet Jones. She is presently secretary for Earl R. Gregg, Teays Valley executive head, who is looking for her replacement.

* * *

MISS IRWIN is a 1944 graduate of Ashville High School and received a B. S. degree in Education from Capital University, Bexley.

Mrs. Phoebe Engle, Ashville, will teach English and Latin in the Teays Valley district. She formerly taught at Ashville and Sandyville, W. Va. Miss Engle will teach a half day.

Fred P. Altherr, 26, Jackson, was employed to teach the sixth and seventh grades at Scioto Twp. school. He is a graduate of Jackson High School.

Altherr taught in the Cleveland school system for one year and spent three years in the U. S. Army.

Mrs. Ruth C. Tootle, 37, Route 2, will teach home economics and English at Walnut Twp. school. She replaces Mrs. Elizabeth Gephardt who moved to Columbus to teach.

Mrs. Tootle has a B. S. degree in Education from Ohio State University, Columbus. She taught at Centralia School, Ross County, for two years.

* * *

SAMUEL R. ROACH, 23, Letart, W. Va., was employed to instruct the fourth and fifth grades at Duvall school. He is an additional teacher there, made necessary due to the influx of trailer court children in that Harrison Twp. area.

Roach is a 1953 graduate of Wahama High School, W. Va. He attended the Circleville Bible College and received a temporary certificate from Greenville College, Greenville, Ill., in 1959.

He has taught at Hoge Valley and West Columbus, W. Va. The Rev. Lee Harrell, Ashville, will teach the seventh grade at Scioto school.

He replaces Joe H. Bradberry. Rev. Harrell is the minister of the Ashville Baptist Church. The 33-year-old minister formerly was principal at Mary Ann Twp. elementary school, near Newark.

Rev. Harrell is a 1953 graduate of Bell County High School and has attended Carson-Newman College, Muskingum College and Ohio State University.

Miss Beulah Dunfee, 22, Commercial Point, will teach home economics at Scioto Twp. High School. She replaces Stelle Morrison who transferree to Ashville High School.

MISS DUNFEE has a B. A. degree from Muskingum College, New Concord. She was born in Frazeysburg and is a 1955 graduate of Frezeyburg High School.

Eitel J. Friedrich, 140 Pleasant St., was employed as assistant

PRACTICAL AND PRETTY, TOO — This wash and wear school dress is just the thing for daughter and mother, too. It's easy to keep looking sharp. Modeling the dress, from Rothman's, is Holly Jean Bach, daughter of Mr. and Mrs. Carl Bach, 369 Northridge Road. It's a red plaid gingham jumper dress with a separate white blouse.

If You've Read All the Bad News in This Paper... Here's Some Good News About Gin

Until now, gin has left the still with "rough spots" which distillers smother carefully with juniper and other aromatics.

Now there is a gin with the rough spots *distilled* out. It needs no aromatic disguises.

This gin is sipping-smooth and dry as Vermont wit. You can make a Martini with just the gin and ice (ending forever the question of how much vermouth). Or you can take it straight without one wince.

We call it Schenley Smooth American Gin, mostly because that's what it is. Sometimes when we're feeling less formal, we refer to it as "S.A." You can too, if you like.

Three things for you to remember: (1) Schenley, (2) Smooth American, (3) Gin.

By the way, the code number is 334B, the price is only $3.61 a fifth. Distilled from 100% Grain Neutral Spirits, eighty proof. Schenley Distillers Company, New York City.

SAMUEL R. ROACH, 23, Letart, W. Va., was employed to instruct the fourth and fifth grades at Duvall school. He is an additional teacher there, made necessary due to the influx of trailer court children in that Harrison Twp. area.

Roach is a 1953 graduate of Wahama High School, W. Va. He attended the Circleville Bible College and received a temporary certificate from Greenville College, Greenville, Ill., in 1959.

He has taught at Hoge Valley and West Columbus, W. Va. The Rev. Lee Harrell, Ashville, will teach the seventh grade at Scioto school.

He replaces Joe H. Bradberry. Rev. Harrell is the minister of the Ashville Baptist Church. The 33-year-old minister formerly was principal at Mary Ann Twp. elementary school, near Newark.

Rev. Harrell is a 1953 graduate of Bell County High School and has attended Carson-Newman College, Muskingum College and Ohio State University.

Miss Beulah Dunfee, 22, Commercial Point, will teach home economics at Scioto Twp. High School. She replaces Stelle Morrison who transferree to Ashville High School.

MISS DUNFEE has a B. A. degree from Muskingum College, New Concord. She was born in Frazeysburg and is a 1955 graduate of Frezeyburg High School.

Eitel J. Friedrich, 140 Pleasant St., was employed as assistant

PRACTICAL AND PRETTY, TOO — This wash and wear school dress is just the thing for daughter and mother, too. It's easy to keep looking sharp. Modeling the dress, from Rothman's, is Holly Jean Bach, daughter of Mr. and Mrs. Carl Bach, 369 Northridge Road. It's a red plaid gingham jumper dress with a separate white blouse.

If You've Read All the Bad News in This Paper... Here's Some Good News About Gin

Until now, gin has left the still with "rough spots" which distillers smother carefully with juniper and other aromatics.

Now there is a gin with the rough spots *distilled* out. It needs no aromatic disguises.

This gin is sipping-smooth and dry as Vermont wit. You can make a Martini with just the gin and ice (ending forever the question of how much vermouth). Or you can take it straight without one wince.

We call it Schenley Smooth American Gin, mostly because that's what it is. Sometimes when we're feeling less formal, we refer to it as "S.A." You can too, if you like.

Three things for you to remember: (1) Schenley, (2) Smooth American, (3) Gin.

By the way, the code number is 334B, the price is only $3.61 a fifth. Distilled from 100% Grain Neutral Spirits, eighty proof. Schenley Distillers Company, New York City.

New York World Fair for 1964

It doesn't seem possible that it's time for another New York World's Fair. It was only yesterday . . . but of course it wasn't yesterday, it was 20 years ago, back in 1939, that Americans were flocking by the millions to Flushing Meadow.

The depression was on the wane, but a new catastrophe was fast approaching. World War II broke before the fair closed. All of man's progress and ingenuity and sense of beauty which the fair symbolized lost meaning as Hitler's troops streamed into Poland.

All most visitors to that fair can remember about it are the trylon and Perisphere, the Aquacade and the restaurants, all glitter and glass, with fancy prices that would seem low today. And, of course, Grover Whalen—whom the fair made famous, or vice versa.

Now New York is making plans again, for 1964 when it has an anniversary, its 300th, to celebrate. The designated theme is "Peace Through Understanding." Events may mock this brave optimism, but if all goes reasonably well, New York's talent for showmanship and its ability to raise half a billion dollars for the purpose should make the 1964 fair, as promised, the biggest and best.

Courtin' Main

Most men flirt with the woman they wouldn't marry, and marry the one that wouldn't flirt with them.

In Defense of 'Cold' Gotham

By Hal Boyle

NEW YORK (AP)—The world's greatest city prides itself on its hospitality, but outsiders sometimes call it a cold hard city, a city of eight million strangers.

"You could commit a murder in the middle of the street," they say, "and nobody would interfere. Nobody would want to get involved."

It is true New York is pretty much a let-you-alone city. It is teeming with eight million people pursuing almost as many separate dreams.

A city so crowded has to have a leave-you-alone philosophy. Otherwise they'd all be rubbing each other raw, hating each other's nearness.

But let trouble strike and the world's biggest city immediately becomes the world's biggest town, populated not by eight million strangers but by eight million buddies.

This happened during the famous blizzard of 1888, as the survivors have been loquaciously telling us for 71 years.

It happened again during the famous 25-inch snowfall of 1947. Then cheery bus drivers even drove their lumbering vehicles down side streets to let passengers off in front of their dwellings so they wouldn't have to wade through sidewalk drifts.

It happened against this week when a massive power failure for a few hours left 500,000 people in upper Manhattan iceless, lightless, televisionless — and dependent on each other for company.

They shared meals, candles, small talk.

"Everybody was suddenly friendly," said one man wonderingly, "I never saw anything like it in the three years I've lived here.

"I got acquainted with the fellow who lives in the apartment adjoining mine. Nice guy.

"I went to a bar and sat next to a man I'd seen there a hundred times. All he'd ever say before was, 'Pass the pretzels.' This time he was bubbling over with conversation, and we took turns buying the beers.

"It was a wonderful feeling. Now I think it might be a good idea if they turned off the electricity all over the city one night a month so people would have to sit down and talk together and get to know each other."

Good Government Is Involved

By George Sokolsky

Much of the trouble that Senator Joe McCarthy got into arose from his rejection of the concept of Executive Privilege — that is the right of any agency or bureau of the Executive Branch of government to withhold from Congress, the press and the people any information which any official, high or low, regards as secret or confidential. The famous Zwicker Case is in point.

McCarthy always contended that General Ralph W. Zwicker had given information to an investigator which he, the General, refused to give in public and denied having given to the committee employee.

This question of Executive Privilege constantly arises when officials of the government testify before Congressional committees, and is now again raised in relation to the refusal of James W. Riddleberger, Director of the International Cooperation Administration to provide a Congressional committee with information it required of him. Riddleberger heads the body that manages the Foreign Aid Program. The House Subcommittee on Government Operations desired the information in the public interest; Riddleberger apparently withheld it on the grounds of Executive Privilege.

Perhaps the lawyers whom I have queried on this subject are not as well-informed as the bureaucrats who operate the governmental machine in Washington but they could provide me with no law concerning Executive Privilege.

True, ours is a tri-partite form of government and each branch is independent of the other, except as the Constitution provides checks of one upon the other. However, the money power is vested in Congress. All appropriation bills arise in Congress and must be passed by Congress. In fact, an appropriation bill arises in the House of Representatives.

Naturally, without adequate information concerning receipts and expenditures, it is impossible for Congress to pass a proper measure concerning an expenditure. The Foreign Aid Program is an expenditure. It comes out of tax money. Therefore, no official may, constitutionally, withhold an iota of information of this kind from Congress. There can be no Executive Privilege concerning the expenditure of public money.

V. M. Newton, Jr., managing editor of "The Tampa Tribune," raised this question in a letter to the aforesaid Riddleberger. This paragraph in his letter is particularly pertinent:

"As an American citizen and an editor in the free American press, I cnnot put any credence in your statement that turning this information over to the congress 'would not be in the public interest.' I think that is a matter for the Congress, the American people's representatives, to decide. Your argument, of course, is based on the ancient dictatorial philosophy that the people should be satisfied with whatever information their rulers deem they should have. If we American citizens ever agree to such a bureaucratic philosophy in Washington, then we dig the grave for the free American government."

There can be little question but that the bureaucrats find the doctrine of Executive Privilege very comforting. They can use it effectively to cover their mistakes. But it is the business of Congress and the people to discover the mistakes of the bureaucrats and to discover them as early as possible. If they are elective officials, the people can throw them out of office; if they are appointed officials, a Congressional committee can hold them in contempt of the Congress.

In business there has, in this country, been a managerial revolution in the course of which some of the hired employees of a company have become the final authorities in it, leaving the ownership the sole function of providing capital and the sole privilege of receiving such a return on the capital as management may choose to give it. So in government, the bureaucrats are taking over not only the authority of the Executive but also the obligations of Congress under the Constitution.

If they are able to establish this principle of Executive Privilege, the form of government in the United States will be changed in a revolutionary manner and we shall be able to eliminate Congress altogether, combining authority and execution in one body—the hired bureaucracy.

The trend was advocated by young New Dealers who held Congress in contempt. They favored a government by so-called experts. Fortunately they never could agree on who is expert. So they broke into factions and Congress appointed committees to bring miseries to their schemes. Nevertheless, the struggle between Congress and the bureaucrats continues to the detriment of orderly government.

Kingston News Report

By Miss Margaret Thomas
Phone NI 2-3495

Vernon, Loren, and Kenneth Raub returned on Tuesday from motor trip through the East. After a visit with their aunts, the Misses Ella and Minnie West at Portsmouth, Va., they brought the aunts home with them for a visit here with them, and their brother and wife, Mr. and Mrs. William Raub.

Mr. and Mrs. Eugene Dresbach returned Wednesday from a six weeks visit to Germany, much of the time spent with Mrs. Dresbach's family in Dusseldorf and Essen .

Mrs. Adrian McVey and son, Jimmie, left on Sunday by train for Florida. They will visit Mr. anl Mrs. Floyd Stonerock at Tampa. The Stonerocks were recently guests here of the McVeys and other friends.

Mrs. J. G. Minser has had as her guest this week, her grandson, David Minser, of Cincinnati. He is the son of Mr. and Mrs. Howard Minser.

Mrs. Helen C. Black, Miss Elizabeth Black of Kingston, and Mrs. Dorothy Metzgel of Chillicothe are returning this week from a plane trip to the South. They spent a few days in Nassau, Bahama Islands, and then returned for a vacation in Ft. Lauderdale, Fla.

MISS MARGARET Thomas left Monday morning for San Juan, Puerto Rico, by plane. She will spend two weeks with her niece, Mrs. Henry Negron (Alice Jo Jones) and Dr. Negron and little daughter.

Mrs. H. S. Boggs entertained on Thursday with a luncheon. Her guests were Mrs. Robert Smith, Mrs. William Radcliff and son, Dudley, of Circleville, and Mrs. Robert Gearhart, Kingston.

Mr. and Mrs. Tom Locke (Saundra Rhoades) and children, Vicki and Todd, were visiting from Thursday until Sunday at the home of Mrs. Locke's parents, Mr. and Mrs. Sherman Rhoades.

Mrs. Ernest Kline entertained Thursday with another in the series of breakfasts which the Civic Club is giving as benefits for its welfare fund.

The guest list included: Mrs. E. W. Freshour, Mrs. J. L. Shaner, Mrs. D. H. Dreisbach, Mrs. John B. Thomas, Mrs. Gene Crawford, Mrs. Don Buchwalter, Mrs. A. D. Ellis, Mrs. R. E. Lightner, Mrs. William Raub, Mrs. Carroll Minor, Mrs. H. S. Boggs, Miss Margaret Thomas, and Mrs. John Francies.

Mr. and Mrs. Don Trueman and chidren of Hamilton are visiting at the home of Mrs. Trueman's parents, Mr. and Mrs. [illegible]R. Sunderland, because of the illness of Mrs. Sunderland, who is a patient at Grant Hospital.

Mrs. Lulu Avis of Xenia spent several days the past week with Mrs. Grace Leasure.

Mrs. Leasure's son-in-law and daughter, Mr. and Mrs. Wilbur Kuhnheim and son Jimmie, were her guests over the weekend.

HUNTED—Rock Rapids, Ia., authorities issued a "wanted" call on Jack Hoskins (above), 31, who broke jail while awaiting a hearing on an accusation of murdering his estranged wife. With him was another escapee, Larry Logan, 18. A third escapee was back in cell.

"It was just a summer romance — his vacation pay didn't last long."

Try and Stop Me

By BENNETT CERF

THERE'S A TALL, tall tale told out Louisville way about a red-headed farmer named Stewart who married a gal whose hair was even redder than his. In time they were blessed with eight red-headed children. Asked by the county sheriff how he was getting along, Stewart admitted, "I got no cause for complaint. But ef it warn't for the woodpeckers, feedin' the young' uns might be a problem. Ye see, them danged birds think everything's that got a red head is another woodpecker. So we just set the young'uns out on the rail fence and go in and take a nap. When we get back, them danged peckers have fed 'em all day!"

* * *

The letter "E" has been thus eloquently described:
The beginning of eternity,
The end of time and space,
The beginning of every end,
Then end of every place.

Constipation Is Dangerous

By Herman N. Bundesen, M.D.

Sooner or later, just about everyone becomes at least a little concerned about constipation. There's one danger, however, that very few persons ever think about.

Excessive bathroom straining can result in vascular thrombosis which may lead to sudden death.

Now this happens only rarely, but potentially the danger is much greater. As a matter of fact, scientific presentation on the matter was made recently at the annual meeting of the Illinois State Medical Society in Chicago.

Here is what can happen:

Certain changes caused by straining are of sufficient intensity and duration to cause an automatic cycle of extreme variations in peripheral blood pressure and blood flow. This cycle is known medically as the Valsalva maneuver.

This Valsalva is a phenomenon which occurs during straining when the pressure in the chest cavity is forcibly raised to or above a specific degree (at least 40 mm. of mercury) and sustained for eight to ten seconds.

This results in a series of reflex changes in the circulatory system, including sharp rising and falling of venous and arterial blood pressures. As the straining becomes more severe, the changes in the blood pressure become greater.

A team of New York researchers who conducted several tests on the problem report that the venous pressure increased dramatically during the period of strain — as high as 40 to 50 millimeters over the resting period — and then dropped abruptly to the base level with the sudden release of the strain.

Now here is where the danger may come in:

This tremendous climb in blood pressure and the sudden drop, the researchers report, can cause a suction action which is capable of detaching a bland thrombus, or coagulation of blood vessels. This can cause death if the blood clot becomes lodged in the heart or the lungs.

The potential danger from such an occurrence is emphasized by the researchers' report that from 50 to 60 per cent of all normal adults or middle age or over have detachable clots, which produce no symptoms, in the veins or the feet or calves.

The warning, therefore, is obvious: whether you are constipated or not, don't strain.

Question and Answer

P. G.: I have chronic sinus trouble and have taken all sorts of recommended medicines for it without results.

Would calcium or vitamins help this condition?

Answer: Only if you have a deficiency in calcium and vitamins would such therapy be helpful. Your physician is in the best position to advise you.

You're Telling Me!

WHAT DOCTORS SAY ABOUT:

Better Health Through Knowledge

- Delivery Time
- Arthritis
- Styes

Q. "On our baby ward the 'rush hour' for new arrivals seems to be during the wee morning hours. Is this the general rule?"—A student nurse.

A. Based on an analysis of 33,215 births, more babies are born between 1 A.M. and 3 A.M. than during any other two-hour period. To which many grandmothers will reply, "I knew it all the time."

Q. Can you inherit arthritis?

A. Perhaps not directly but a tendency to develop the disease seems to be inherited. Studies show that arthritis occurs much more frequently among relatives of arthritic sufferers than among relations of non-arthritics. This is especially true in cases of "gouty arthritis."

Q. For the past several months I have had one stye after another. What can be done for this sort of eye trouble?

A. A stye develops when the root of an eyelash becomes infected, usually by a pus-producing germ. English doctors found such a germ in the noses of most people who had repeated styes but only occasionally in other persons. So, the doctors decided to treat noses instead of eyes. Patients with repeated styes applied a special ointment to the inside of the nose several times a day for a week or more. The parade of styes was halted. Although the nose treatment alone gave good results it is logical, said the doctors, to treat both the eyelid and the nose. People who require such treatment should, of course, be under the care of a physician.

Answers do not necessarily reflect the opinion of all doctors. The diagnosis and treatment of disease is the function of the patient's personal physician.

Good Government Is Involved

By George Sokolsky

Much of the trouble that Senator Joe McCarthy got into arose from his rejection of the concept of Executive Privilege — that is the right of any agency or bureau of the Executive Branch of government to withhold from Congress, the press and the people any information which any official, high or low, regards as secret or confidential. The famous Zwicker Case is in point.

McCarthy always contended that General Ralph W. Zwicker had given information to an investigator which he, the General, refused to give in public and denied having given to the committee employee.

This question of Executive Privilege constantly arises when officials of the government testify before Congressional committees, and is now again raised in relation to the refusal of James W. Riddleberger, Director of the International Cooperation Administration to provide a Congressional committee with information it required of him. Riddleberger heads the body that manages the Foreign Aid Program. The House Subcommittee on Government Operations desired the information in the public interest; Riddleberger apparently withheld it on the grounds of Executive Privilege.

Perhaps the lawyers whom I have queried on this subject are not as well-informed as the bureaucrats who operate the governmental machine in Washington but they could provide me with no law concerning Executive Privilege.

True, ours is a tri-partite form of government and each branch is independent of the other, except as the Constitution provides checks of one upon the other. However, the money power is vested in Congress. All appropriation bills arise in Congress and must be passed by Congress. In fact, an appropriation bill arises in the House of Representatives.

Naturally, without adequate information concerning receipts and expenditures, it is impossible for Congress to pass a proper measure concerning an expenditure. The Foreign Aid Program is an expenditure. It comes out of tax money. Therefore, no official may, constitutionally, withhold an iota of information of this kind from Congress. There can be no Executive Privilege concerning the expenditure of public money.

V. M. Newton, Jr., managing editor of "The Tampa Tribune," raised this question in a letter to the aforesaid Riddleberger. This paragraph in his letter is particularly pertinent:

"As an American citizen and an editor in the free American press, I cnnot put any credence in your statement that turning this information over to the congress 'would not be in the public interest.' I think that is a matter for the Congress, the American people's representatives, to decide. Your argument, of course, is based on the ancient dictatorial philosophy that the people should be satisfied with whatever information their rulers deem they should have. If we American citizens ever agree to such a bureaucratic philosophy in Washington, then we dig the grave for the free American government."

There can be little question but that the bureaucrats find the doctrine of Executive Privilege very comforting. They can use it effectively to cover their mistakes. But it is the business of Congress and the people to discover the mistakes of the bureaucrats and to discover them as early as possible. If they are elective officials, the people can throw them out of office; if they are appointed officials, a Congressional committee can hold them in contempt of the Congress.

In business there has, in this country, been a managerial revolution in the course of which some of the hired employees of a company have become the final authorities in it, leaving the ownership the sole function of providing capital and the sole privilege of receiving such a return on the capital as management may choose to give it. Vernon, Loren, and Kenneth Raub returned on Tuesday from motor trip through the East. After a visit with their aunts, the Misses Ella and Minnie West at Portsmouth, Va., they brought the aunts home with them for a visit here with them, and their brother and wife, Mr. and Mrs. William Raub.

Mr. and Mrs. Eugene Dresbach returned Wednesday from a six weeks visit to Germany, much of the time spent with Mrs. Dresbach's family in Dusseldorf and Essen .

Mrs. Adrian McVey and son, Jimmie, left on Sunday by train for Florida. They will visit Mr. and Mrs. Floyd Stonerock at Tampa. The Stonerocks were recently guests here of the McVeys and other friends.

Mrs. J. G. Minser has had as her guest this week, her grandson, David Minser, of Cincinnati. He is the son of Mr. and Mrs. Howard Minser.

Mrs. Helen C. Black, Miss Elizabeth Black of Kingston, and Mrs. Dorothy Metzgel of Chillicothe are returning this week from a plane trip to the South. They spent a few days in Nassau, Bahama Islands, and then returned for a vacation in Ft. Lauderdale, Fla.

MISS MARGARET Thomas left Monday morning for San Juan, Puerto Rico, by plane. She will spend two weeks with her niece, Mrs. Henry Negron (Alice Jo Jones) and Dr. Negron and little daughter.

Mrs. H. S. Boggs entertained on Thursday with a luncheon. Her guests were Mrs. Robert Smith, Mrs. William Radcliff and son, Dudley, of Circleville, and Mrs. Robert Gearhart, Kingston.

Mr. and Mrs. Tom Locke (Saundra Rhoades) and children, Vicki and Todd, were visiting from Thursday until Sunday at the home of Mrs. Locke's parents, Mr. and Mrs. Sherman Rhoades.

Mrs. Ernest Kline entertained Thursday with another in the series of breakfasts which the Civic Club is giving as benefits for its welfare fund.

The guest list included: Mrs. E. W. Freshour, Mrs. J. L. Shaner, Mrs. D. H. Dreisbach, Mrs. John B. Thomas, Mrs. Gene Crawford, Mrs. Don Buchwalter, Mrs. A. D. Ellis, Mrs. R. E. Lightner, Mrs. William Raub, Mrs. Carroll Minor, Mrs. H. S. Boggs, Miss Margaret Thomas, and Mrs. John Francies.

Mr. and Mrs. Don Trueman and chidren of Hamilton are visiting at the home of Mrs. Trueman's parents, Mr. and Mrs. [illegible] R. Sunderland, because of the illness of Mrs. Sunderland, who is a patient at Grant Hospital.

Mrs. Lulu Avis of Xenia spent several days the past week with Mrs. Grace Leasure.

Mrs. Leasure's son-in-law and daughter, Mr. and Mrs. Wilbur Kuhnheim and son Jimmie, were her guests over the weekend.

HUNTED—Rock Rapids, Ia., authorities issued a "wanted" call on Jack Hoskins (above), 31, who broke jail while awaiting a hearing on an accusation of murdering his estranged wife. With him was another escapee, Larry Logan, 18. A third escapee was back in cell.

"It was just a summer romance — his vacation pay didn't last long."

Try and Stop Me

By BENNETT CERF

THERE'S A TALL, tall tale told out Louisville way about a red-headed farmer named Stewart who married a gal whose hair was even redder than his. In time they were blessed with eight red-headed children. Asked by the county sheriff how he was getting along, Stewart admitted, "I got no cause for complaint. But ef it warn't for the woodpeckers, feedin' the young' uns might be a problem. Ye see, them danged birds think everything's that got a red head is another woodpecker. So we just set the young'uns out on the rail fence and go in and take a nap. When we get back, them danged peckers have fed 'em all day!"

* * *

The letter "E" has been thus eloquently described:
The beginning of eternity,
The end of time and space,
The beginning of every end,
Then end of every place.

Constipation Is Dangerous

By Herman N. Bundesen, M.D.

Sooner or later, just about everyone becomes at least a little concerned about constipation. There's one danger, however, that very few persons ever think about.

Excessive bathroom straining can result in vascular thrombosis which may lead to sudden death.

Now this happens only rarely, but potentially the danger is much greater. As a matter of fact, scientific presentation on the matter was made recently at the annual meeting of the Illinois State Medical Society in Chicago.

Here is what can happen:

Certain changes caused by straining are of sufficient intensity and duration to cause an automatic cycle of extreme variations in peripheral blood pressure and blood flow. This cycle is known medically as the Valsalva maneuver.

This Valsalva is a phenomenon which occurs during straining when the pressure in the chest cavity is forcibly raised to or above a specific degree (at least 40 mm. of mercury) and sustained for eight to ten seconds.

This results in a series of reflex changes in the circulatory system, including sharp rising and falling of venous and arterial blood pressures. As the straining becomes more severe, the changes in the blood pressure become greater.

A team of New York researchers who conducted several tests on the problem report that the venous pressure increased dramatically during the period of strain — as high as 40 to 50 millimeters over the resting period — and then dropped abruptly to the base level with the sudden release of the strain.

Now here is where the danger may come in:

This tremendous climb in blood pressure and the sudden drop, the researchers report, can cause a suction action which is capable of detaching a bland thrombus, or coagulation of blood vessels. This can cause death if the blood clot becomes lodged in the heart or the lungs.

The potential danger from such an occurrence is emphasized by the researchers' report that from 50 to 60 per cent of all normal adults or middle age or over have detachable clots, which produce no symptoms, in the veins or the feet or calves.

The warning, therefore, is obvious: whether you are constipated or not, don't strain.

Question and Answer

P. G.: I have chronic sinus trouble and have taken all sorts of recommended medicines for it without results.

Would calcium or vitamins help this condition?

Answer: Only if you have a deficiency in calcium and vitamins would such therapy be helpful. Your physician is in the best position to advise you.

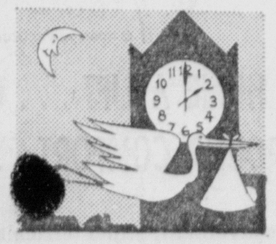
WHAT DOCTORS SAY ABOUT:
Better Health Through Knowledge
● Delivery Time ● Arthritis ● Styes

Q. "On our baby ward the 'rush hour' for new arrivals seems to be during the wee morning hours. Is this the general rule?"—A student nurse.
A. Based on an analysis of 33,215 births, more babies are born between 1 A.M. and 3 A.M. than during any other two-hour period. To which many grandmothers will reply, "I knew it all the time."



Q. Can you inherit arthritis?
A. Perhaps not directly but a tendency to develop the disease seems to be inherited. Studies show that arthritis occurs much more frequently among relatives of arthritic sufferers than among relations of non-arthritics. This is especially true in cases of "gouty arthritis."

Q. For the past several months I have had one stye after another. What can be done for this sort of eye trouble?
A. A stye develops when the root of an eyelash becomes infected, usually by a pus-producing germ. English doctors found such a germ in the noses of most people who had repeated styes but only occasionally in other persons. So, the doctors decided to treat noses instead of eyes. Patients with repeated styes applied a special ointment to the inside of the nose several times a day for a week or more. The parade of styes was halted. Although the nose treatment alone gave good results it is logical, said the doctors, to treat both the eyelid and the nose. People who require such treatment should, of course, be under the care of a physician.

Answers do not necessarily reflect the opinion of all doctors. The diagnosis and treatment of disease is the function of the patient's personal physician.

Logan Elm Board Has New Teachers

The Logan Elm School District will start the 1959-60 school year with three school plants and 41 teachers and administrators.

The district lost eight teachers and one supervising principal during the summer. It has employed eight teachers and district superintendent Carl S. Burger.

The three schools under the jurisdiction of the Logan Elm Board are Saltcreek and Pickaway Twp. High Schools and Washington Twp. elementary school.

The district may enlarge to four school plants if the 5th District Court of Appeals decides to grant the consolidation of the Clearcreek Logan School District to Logan Elm.

* * *

IN THE LAST general election held in November, 1958, a majority of voters in the Clearcreek District approved the school territories merger, but the Fairfield County Board of Education has refused to transfer the territory claiming the election was illegal. The question will be heard by the Appeals Court on September 16 in Lancaster. School officials here feel the Fairfield Board is wrong is not transferring and state it will be proven so on September 16.

Tarlton is the only village in the Logan Elm district. The villages of Kingston, Laurelville, Adelphi and Stoutsville rim its border.

Superintendent Burger, 47, 381 Eva St., a former Pickaway Twp. executive head and coach, will receive a salary of $8,000 plus mileage. He officially took office on July 1.

Burger, married with three children, was executive head of the Mt. Sterling schools. He was born in Erie, Pa., and a 1929 graduate of Columbus Central High School.

Burger received his B. S. in Education from Ohio State University in 1933 and his Masters in education in 1940. He has his permanent high school superintendent provisional and high school principal provisional certificates.

* * *

IN 1934 HE TAUGHT, coached and was principal at Bartlett High School. From 1935 to 1940 he was a teacher, coach and principal at Pickaway Twp. High School and was promoted to executive head in 1940.

The year 1942 found Burger in military service. From 1943 to 1946 he taught at Barrett junior high, Columbus. In 1946 he moved to Austin, Tex., where he was head of health and physical education departments at Austin and McCallum High Schools.

He was executive head at Mt. Sterling since 1954. Burger was active in the civic affairs of Mt. Sterling handling its summer recreational program.

Loren Straight, 712 N. Court St., was employed to teach the eighth grade and coach junior high at Saltcreek Twp. school.

Straight replaces Clyde Trumbull, 127 Wilson Ave., who taught in the Saltcreek Twp. eighth grade and high school. Sources report that Trumbull has accepted a position in the Columbus school system.

The 57 - year - old Straight is a 1923 graduate of Gallia Academy, Gallipolis. He received a BS degree in Education from Rio Grande College.

* * *

STRAIGHT has been in the teaching field for the last 34 years. He taught one year at Ohio Twp., Gallia County; two years in Walnut Twp., Gallia County;

One year in Muskingum County; 15 years at Washington Twp., and just completed 15 years at Monroe Twp. where he was supervising principal, teacher and former high school basketball coach.

Walter Ray Chambers Jr., Amanda, was promoted to supervising principal of Saltcreek Twp. School.

Chambers replaces Walter Haney who resigned. The 28-year-old Chambers is a 1948 graduate of Saltcreek Twp. High School.

He received a B. S. degree in Agriculture from Ohio State University, Columbus, and spent two years in the Armed Services.

Chambers has taught two years at Saltcreek. He instructed industrial arts and vocational agriculture classes. Chambers attends the Methodist Church.

* * *

MRS. RALPH DUNKLE, Route 1, was hired by the Logan Elm board to teach vocal music two days a week at Washington Twp. elementary school.

Mrs. Dunkle, a daughter of Pickaway County Board of Education member Homer Reber, is a graduate of Ohio State Universiwy with a degree from the College of Music.

She formerly taught in the county school system. In past years, Mrs. Dunkle has conducted many 4-H and Grange musical events.

Mrs. George Hamrick, 1052 Lynwood Ave., was employed to teach high school and junior high social science at Saltcreek. She will teach in the mornings only.

Mrs. Hamrick has taught in Pickaway County and Circleville schools as a substitute in past years. Her husband is the County Extension Agent. They have four children.

Mrs. Shirley McFadden, 21, will teach the first grade at Saltcreek Twp. school. She formerly taught the third grade at Washington Twp. elementary.

* * *

SHE IS A 1955 graduate of Ames-Bern High School, Amesville, and has a BS degree in education from Ohio University.

William Drum, Route 4, will teach business education subjects at Pickaway Twp. High School. He is a June graduate of the University of Arizona.

Drum is a graduate of Walnut Twp. High School. He has been active in high school and college plays and publications. Drum has worked in the County Auditor's office for the past several summers.

Miss Barbara Ann Valentine, Route 1, Ashville, will teach the third grade at Saltcreek Twp. school. She replaces Mrs. Elaine Poling, who resigned to accept a kindergarten post in the City school system.

Miss Valentine is a June graduate of Bowling Green State University. She is a 1956 graduate of Circleville High School and holds a cadet teaching certificate.

Mrs. Roy Dunkle, Route 1, was employed to instruct the Saltcreek fifth grade until Paul Carr, regular teacher, returns from military duty in December.

* * *

HOLDOVER teachers in the Logan Elm district, courses they will teach, addresses, universities attended and new teacher assignments are:

Saltcreek School — Florence Bochert, 1st grade; Mrs. Shirley McFadden, first grade; Tarlton; Urcie Cross, 2nd grade, Route 2, Circleville; Miss Barbara Ann Valentine, third grade, Route 1, Ashville; Margaret Chilcote, 4th grade, Route 1, Kingston; Mrs. Roy Dunkle, fifth grade, Route 1.

Dale Drake, Route 1, Laurelville, cadet certificate from Otterbein College, two years experience, 6th grade; James Klopfenstein, 7th grade, Ashville; Loren Straight, 712 N. Court St., eighth grade and junior high coach; Robert Sanders, science, 1034 Lynwood Ave.; Rhoderick R. Shaw, music, Lancaster;

Dorothy Sampson, home economics and English, 838 Pershing Dr.; Alice De Long, commercial and history, Route 2, Kingston; Walter Chambers Jr., Amanda, principal, agriculture and shop; Wayne Evans, mathematics and coaching, Route 3, Circleville; Harold Strous, English and arithmetic, Route 1, Laurelville; Mrs. George Hamrick, 1052 Lynwood Ave., social science part time;

Pickaway School District — Mildred Turner, 1st grade, 453 Ohio St., Ohio University; Vera Miller, 2nd grade, Kingston, Ohio University; Louise Stuckey, 3rd grade, Route 4, Circleville, Capital University; Helen Smith, 4th grade, Route 4, Circleville, Ohio University; Hazel Schaal, 5th grade, Route 1, Kingston; Ohio University;

Mildred Maxwell, 6th grade, Route 1, Kingston, Ohio University; Jeannette Chilcote, Junior and Senior high school home economics and English, Route 4, Circleville; Ohio Wesleyan University; Cecil Ramsey, Junior and Senior high school history and mathematics, 356 E. Main St., Wilmington College;

* * *

VICTOR PONTIUS, Junior and Senior high school science, biology and English, Route 1, Circleville, Ohio State University two years; Elizabeth Umsted, high school English, Latin and library, Route 1, Circleville, Dennison University;

William Drum, Route 4, business education subjects, University of Arizona; Marcus Albright, high school industrial arts and driver training, E. Franklin St., Ohio University; Charles Baxter, high school social sciences and sociology, Columbus, University of Dayton;

Jean Mills, high school physics, trigonometry, geometry and algebra, 118 Dunmore Rd., Marshall College; Mrs. Raloh Dunkle, Route 3, vocal music at Washington and Pickaway, Ohio State University, B. S. in music; Alfred Gabriel, Executive Head, Route 1, Circleville, Ohio University, B. S. in Education and M. A. in Education.

Washington School District — Helen Styers, grade two, 584 N. Pickaway St.; Carol Stevens, Stevens, grade three, Route 1, Stoutsville, Ohio University, three years; Desky Posey, grade four, Route 1, Williamsport;

Winona Ramsey, grade five; 356½ E. Main St.; Charles Trone, grade six, Ashville, cadet certificate from Miami University, two years; Ruth Stout, grade seven and eight, departmentalized, 105 E. Mound St.; Oakley Leist, darge seven and eight, departmentalized, Principal, Route 1, Stoutsville.

READY FOR SCHOOL — Brother and sister team, Donnie and Marlene Crumley, Route 2, Ashville, are shown in new school clothes from Murphy's. Marlene, 16, is wearing matching slip-over and cardigan sweaters, a straight skirt and saddle oxfords. Donnie has on cord trousers, wash and wear sport shirt with a bulky knit pull-over sweater. Dear Abby...

By Abigail VanBuren

How to Keep Bachelor Buttons

DEAR ABBY: I would like to ask you if the man ever breaks the engagement? I am a man who is engaged to a girl I thought I loved. But I am finding out that matters.

I am beginning to wonder what our marriage would be like.

I know I am not perfect, but her faults are becoming more and more evident as time goes on. She is talking about being married at Christmas.

I'd like to get out of it. But how? "JOHN DOE"

DEAR JOHN: A man breaks an engagement exactly the way a woman does. He simply finds the most tactful way of telling his intended that he's turning in the orange blossoms for a bachelor button. Far better to have a broken engagement than a broken home.

DEAR ABBY: I am writing in defense of the "poorly dressed" minister. May I suggest that those in his congregation who are displeased with his shabby attire buy him a new suit? I am sure this minister would like to dress better but can't do it on his meager salary.

The prayer of many churches is: "Lord, keep our minister humble and we'll keep him broke."

If a pastor buys a new car or dares to live in a nice home, he is too "extravagant." If he doesn't, he's "sloppy."

REV. J.L.W. (Minister)

DEAR ABBY: I've been going steady with this fellow for five months. I am 16 and he is 17. We get along very well—except for one thing. About three weeks ago he got fresh with me in a Drive-in. I immediately put a stop to it and bawled him out. He behaved himself for a while, but a little later on he started the same thing again. I stopped him once more and told him he had the wrong girl. I like this boy, Abby, and want to lose him. What do I do if he tries it again? GOOD GIRL

DEAR GOOD: (and if you want to stay that way, listen carefully): If he tries it again—you've got the wrong fellow. Three strikes and he deserves to be OUT! And I mean OUT of your life.

DEAR ABBY: What do you do with a husband, 60 years of age, who flirts with any woman or girl who looks at him? It is so embarrassing I hate to be seen with him.

Wherever we go he winks at the wives and guests and even the waitresses. At card parties, he stands up and walks through the crowd looking and winking.

I am tempted to leave him because his flirting is getting me down. He was never like this in our younger days. We've been married 40 years. Please give me some advice. OLD FAITHFUL

DEAR FAIGHFUL: After investing forty years in a marriage you certainly aren't going to leave a man because of a little winking and flirting! The old buck wants to prove to himself that he is still attractive.

Bolster his ego a little and remember, if you feed a man well at home, he won't wind up in a restaurant.

What's your problem? For a personal reply, write ABBY in care of this newspaper. Enclose a self-addressed, stamped envelope.

FB Ladies Plan Rural Urban Tea

Pickaway County Farm Bureau Women's Committee held its meeting at the Farm Bureau Home.

Plans were made for the Rural-Urban Tea to be held from 2-4 p. m., September 18. Mrs. Lewis Hay will be guest speaker. Plans were also made for the Regional Farm Bureau Women's Rally to be held in Piketon, October 6.

Those attending were Mrs. J. B. Stevenson, Mrs. C. V. Neal, Mrs. Dorsey Bumgarner, Mrs. Harold Fisher, Mrs. Harry Vincent, Miss Mary Shortridge, Mrs. C. D. Bennett, Mrs. Howard Oldaker and Mrs. Marie Gibson.

Calendar

WEDNESDAY

THE ART SEWING CLUB WILL meet at 2 p. m. Wednesday at the home of Mrs. Hattie Rise, Ashville.

GUILD NO. 20 WILL HOLD A cook out at the home of Mrs. Donald Rose, Route 3, at 6:30 p. m. Wednesday.

THURSDAY

Toy Guidance Council Gives Gadgets Vast Array of Tests

By DOROTHY ROE
Associated Press Women's Editor

Once upon a time a child was happy with a homemade rag doll or a soapbox scooter nailed together in the woodshed. Those days have gone forever.

Today the business of choosing toys is a serious science, involving expert analysis by specialists in psychology, sociology, physical development and safety.

"You can't just go out and buy any old toy for a child," says Dr. Emma Sheehy, professor of education at Columbia University and a consultant to the Toy Guidance Council for 13 years. "You have to be sure that it's the right toy for his age and interests, that it will give him full play value and develop his talents."

Pursuing this theory, the council recently celebrated its 21st birthday by setting aside one whole floor of its new building in midtown Manhattan as a toy testing laboratory. Children of various age groups are invited in to play with new toys while Dr. Sheehy and other members of the consultant committee watch through a two-way mirror from an adjoining room.

The experts grade toys as to amusement value, mental development value, vocational development value and safety. In the latter category toys must pass various tests: smooth edges, nontoxic surfaces, appropriate size, appropriate weight and ease of manipulation.

"We pass on about 400 toys a year, submitted by various manufacturers," says Dr. Sheehy. "If a toy doesn't measure up to all the requirements we toss it out."

Dr Sheehy's advice was enlisted by the founder of the council, Melvin Freud, in 1946. For the first two years she tested toys alone, then was assisted by Dr. Mary Moffet, professor of education at Queens College.

So when you go out to buy a toy for junior, please realize it's no laughing matter. Just think of all the tests this little toy has had to pass to get to market.

Last year, school attendance in the United States increased for the 14th consecutive year.

Personals

Miller Pontious, New York, N. Y., is in Circleville on a business trip.

Margaret Notestein, Milwaukee, Wis., and Mrs. R. H. Parrett, Chillicothe, were Saturday evening dinner guests of Mr. and Mrs. Ward Peck, Route 2.

Mr. and Mrs. Dick Tiffin Tootle and family, Route 2, left Friday to visit his aunt, Mrs. J. E. Kerr, Renwirk, Iowa.

Dan Helsel, Zanesville, was a Sunday guest of Mr. and Mrs. Ralph Long, Williamsport.

Mr. and Mrs. Floyd Hilland and daughters, Columbus, and Mrs. Daisy Arledge, Circleville, were Saturday guests of Mr. and Mrs. Ralph Long, Williamsport.

Miss Betty Young, 412 E. Mound St., left yesterday by plane for Wickenburg, Ariz., to visit Mr and Mrs. Robert Friece, Wickenburg Ariz.

Mr. and Mrs. Donald K. Bower and Steve, Route 3, have returned home from a trip through the south central states.

Moats Reunion Held At Ted Lewis Park

The annual Moats reunion was held at Ted Lewis Park.

Big Newk Helps Dodgers in Win For Redleg Crew

By THE ASSOCIATED PRESS

Don Newcombe is back in business helping the Dodgers along in a National League pennant scrap, even though his paycheck now comes from the Cincinnati Reds.

Big Newk, the big guy of the Dodgers' staff before he was washed up because of arm and back trouble, pitched an eight-hit shutout for the Reds Tuesday night, whipping San Francisco 7-0 and trimming the Giants' lead over second-place Los Angeles to two games.

The Dodgers, winning two in a row for the first time in more than two weeks, closed in with a 7-6 victory over third-place Milwaukee in 13 innings, beating southpaw ace Warren Spahn the Braves' seventh pitcher, for the fifth time this season.

That left the Braves four games behind the Giants, who open a two-game series in Milwaukee tonight while the Dodgers start a two-game set at Cincinnati against the sixth-place Reds.

Philadelphia defeated St. Louis 2-1 in the only other NL game.

Newcombe (11-6), winless for almost a month, walked none and struck out four while beating the Giants for the fifth time in six decisions this season.

The Reds won it quick, skidding the Giants to their fifth defeat in the last seven games by scoring six runs in the first three innings. Gus Bell drove in half of them with a double and home run, his 19th, off loser Ed Fisher (2-4).

The Dodgers, booting away what was left of a 5-1 lead when the Braves scored an unearned run in the ninth, put it away when Wally Moon tripled and Rip Repulski singled off Spahn (16-12). It was Spahn's third relief chore of the year — and he has lost 'em all, dropping two to the Dodgers, who have a 30-14 edge over the lefty veteran.

Duke Snider hit a two-run homer for the Dodgers, his 20th, and tied Ralph Kiner for third on the all-time NL list with 351 behind Mel Ott (511) and Stan Musial (409).

Wes Covington also homered (No. 7) for the Braves, who caught the Dodgers in the ninth when Billy Bruton scampered home from first as Don Demeter dropped Aaron's fly to short center with two out.

The Phillies won it on Richie Ashburn's two-out single in the seventh, breaking a 1-1 tie and beating rookie Bob Miller (1-2). Jim Owens (9-10) went all the way for the Phils, allowing 10 hits but leaving nine on base, walking none and striking out seven.

Time was when folks knew Gerry Staley as the starting pitcher who always just missed being a 20-game winner in the National League. Now, as a reliever, he has become the Chicago White Sox' lock-up guy in their run for the American League pennant.

The 6-foot right-hander, two days shy of 39, helped push the White Sox into the largest lead of the year in the tight AL race Tuesday night, giving up just one hit in three shutout innings of relief for a 6-4 comeback victory over Baltimore and a 4½-game bulge over Cleveland.

Staley scored the winning run for the White Sox, breaking a 4-all tie on Nellie Fox's two-out double in the eighth inning. That hoisted the White Sox six games ahead of Cleveland in the lost column after the second place Indians had been clubbed to their fourth straight defeat, 11-4, by Washington.

The New York Yankees, 12½ games behind, broke a tie for third with Baltimore by beating Detroit 5-3. Boston tied Kansas City for sixth by defeating the A's 5-4.

Virginia holds a 34-17 football edge in games with Virginia Military Institute. Three games ended in ties.

The football series between Illinois and Northwestern is all even. Each team has won 24 games. Four ended in ties.

7 Fine Pacers To Vie in $14,704 Test

CLEVELAND (AP)—Seven fine young pacers run tonight at Northfield Park in the Grandview Futurity, richest harness race of the northern Ohio season with a purse of $14,704.

Great Pleasure, one of two fillies entered in the event for 3-year-olds, has drawn the No. 1 post position for the first heat. She has earned better than $33,000 for owner McKinley Kirk of Washington Court House and Bob and Harry Vallery of Waverly. Ten nights ago she won the Anniversary Filly Pace for a purse in excess of $29,000 at Yonkers, N.Y.

In addition to Great Pleasure, a 2-1 over night favorite, there are two other entries who are eligible for the famed Little Brown Jug race at Delaware, Ohio, Sept. 24. They are Good Pick, Here From Brandywine, and Game Pick, winner of six races this season. Either horse is capable of a 2:04 mile.

Another highly regarded starter is Red Red Robbin, owned by Don Roberts of Jackson, Mich., winner of five in a row and owning the season's best time of 2:02.4.

Other entries are Doctor Marx, winner of seven out of 13 starts this year; Barney Blackstone and Buckeye Queen.

Moore Rated 3-1 Favorite Over Bassey

LOS ANGELES (AP) — World featherweight champion Davey Moore risks his title tonight against the man he dethroned five months ago, Hogan (Kid) Bassey of Nigeria.

The 15-round, nationally televised scrap is scheduled to go on at the Olympic Auditorium at 7 p.m., Pacific Daylight Time. It will be televised nationally over the ABC network.

The 25-year-old champion from Springfield, Ohio, remained a 3-1 betting favorite to keep the rule of the world's 126-pounders in the United States.

Soft - speaking, hard-hitting Davey overpowered his 27-year-old rival and stopped him in 13 rounds in a brawl last March 18 that was a sizzler all the way.

Moore, with a record of 13 knockouts in his 36 wins in 42 fights, is rated the harder puncher. The "King," as Bassey's countrymen named him on a grand tour of Nigeria last fall, has stopped 20 foes in 67 bouts.

Bassey won the vacant featherweight title in 1956 when he stopped Cherif Hamia of France in 10 rounds. He successfully defended it here when he knocked out Pjarito (Little Bird) Moreno of Mexico in three rounds.

Moore required only one round to shoot down the Little Bird and earn his shot at the title.

Tribe Slips 4½ Games Behind Leader

CLEVELAND (AP)—It's a long way to first place for the Cleveland Indians, now 4½ games behind the once tight American League race.

With the Chicago White Sox winning while the Indians suffered a crushing 11-4 defeat to the Washington Senators Tuesday night, the gap spread to its largest of the season.

The Indians turned in one of their worst performances of the season for the 18,064 fans who saw the opener of a 15-game home stand.

The last-place Senators, rolling on a streak of five victories in their last six games, had a hitting feast at the expense of starter Jim Perry and Al Cicotte. Washington blasted out 17 hits, including home runs by Roy Sievers and Lenny Green and batted around in the sixth and eighth innings.

Perry (8-5) was staked to a 3-1 lead in the fourth inning when Jim Baxes slammed his 13th home run following a hit batter and a walk.

Then in the sixth inning the Senators lowered the boom. They sent 10 men to the plate, scored six runs on five hits and walk. The big blows were Sievers' 17th homer with a man aboard and three-run homer by Green, only his second of the season.

Manager Joe Gordon found his only encouragement in the fact that Perry's arm seems rid of its recent miseries.

"Jim's arm feels all right and that's good news," Gordon said. "Just about the only bright note of the evening."

Top-Rankers Shine In Wilberforce

WILBERFORCE, Ohio (AP)—The top-ranked players all scored wins here Tuesday in the second and third rounds of the 42nd Annual American Tennis Assn. Tournament.

Top seeded Wilbert Davis of New York City romped over Roland Jackson of Charlotte, N.C., 6-1, 6-2 in the first round. Davis then defeated William O'Neal of Dayton, Ohio, 6-4, 6-3 in the third round.

Gunter Polte of Springfield, seeded second, defeated John Churchville, 6-0, 6-1 and Mahlon Moore, both Nashville, Tenn., 6-2, 6-1.

In the first round of the women's singles, first seeded Mary Etta Sine of Kansas City, blanked Barbara Gilliam of New York, 6-0, 6-0.

The Negro tourney is being played at Central State College here.

3rd League Set For '61 Season

8 Teams Due in Loop Headed by Rickey

NEW YORK (AP)—Leaders of the Continental League vowed today to move full steam ahead to organize their embryo circuit with eight teams and acquire the necessary players to operate as a major league by 1961.

Greatly encouraged by the support given by baseball's top brass at Tuesday's day - long meeting, Continental League President Branch Rickey and organizer William A. Shea said they will go to work adding three cities to their current five - team circuit. The founding cities are New York, Toronto, Houston, Denver and Minneapolis-St. Paul. Then they will huddle with American and National League Presidents Joe Cronin and Warren Giles to work out a system for acquiring players.

Auceptance is subject to the newly - formed league complying with requirements, including minimum stadium capacity, financial requirements, population of franchise cities, and a pension plan for the players.

Shea, who admitted entering the meeting with some misgivings, was elated with the outcome. Commissioner Ford Frick and his major league committee promised baseball's full support provided the new league met specified requirements.

"There never was any problem in regards to our complying with all of baseball's rules and regulations," Shea said. "We're fully aware of the problems concerning territorialrights and players. We expect no difficulty acquiring the territory and players."

Rickey, named president Tuesday morning, termed the results of the meeting with his former associates as "splendid."

The 77-year-old Rickey, who relinquished his stock in the Pittsburgh Pirates as well as the chairmanship of its board of directors to accept his new post at a $50,000 a year salary, foresaw no problem at all in acquiring players.

Los Angeles Rams To Threaten Title

REDLANDS, CALIF. (AP) — Blessed with outstanding proven players and several potentially great rookies, the Los Angeles Rams must be considered a strong title threat in the National Football League campaign this year.

A much-matured Bill Wade running the offense at quarterback, such exciting performers as Jon Arnett, Ollie Matson, Tom Wilson, Del Shofner, Jim Phillips, Joe Marconi, Lamar Lundy, Clendon Thomas — these men figure to make the points.

And to hold down the opposition, coach Sid Gillman can look to such veterans as Gene Brito, Lou Michaels, Les Richter, John Baker, George Strugar, Jack Pardee, Don (Blade) Burroughs, Will Sherman, Jack Morris, Jimmy Jones and others.

Still to be finally graded are some nine rookies. The roll includes Michigan State's Sam Williams, who is to be groomed as an offensive end but not overlooked as a defenseive wingman; linebacker John Guzik from Pittsburgh; defenseive halfback Ed Meador from little Arkansas Tech; Tom Franckhauser from Purdue; Bob Reifsnyder from Navy, and quarterback Buddy Humphreys from Baylor.

The Rams will carry five linebackers. Eight are bidding for a berth, and all could help any other NFL club.

Gillman will go with three quarterbacks, Wade, now in his sixth year; Frank Ryan, starting his second, and rookie Humphrey.

Some Ram followers are concerned that the defensive secondary might be relatively weak, and the club will suffer from the loss of offensive tackle Ken Panfil and kicking specialist Paige Cothren.

Giants Park Still Half Completed

SAN FRANCISCO (AP) — Playing a World Series in Caldestick Stadium — IF the Giants win the National League Pennant — could be much more than a West Coast first. It could be one of the goofiest.

There'll be a backstop, foul line poles and players lockers.

But the 11-million-dollar ball park on San Francisco Bay won't be completed. The public address system probably will be a mobile job. It may a major project to get a bag of peanuts or a beer.

There may be little if any system to the parking and it may take patience and time to get to your seat. Don't expect outfield signs giving fence distances.

Poles from which to fly the American flag and the major league team pennants probably will be missing.

Dempsey To Aid Heavyweight Setup

NEW YORK (AP) — An old-time promoter was back in the fight game today to help solve some of the confusion surrounding the heavyweight championship.

Jack Dempsey, now 64, was hired Tuesday as promotional director and adviser to the embattled Rosensohn Enterprises which still hopes to stage a return world heavyweight championship bout between Ingemar Johansson and Floyd Patterson on Sept. 22. Johansson won the title from Patterson last June 26.

Dempsey has been out of the promoting doge for a long time but he had a couple of good ones in his day. His last one was the Max Baer-Max Schmeling bout in 1933. A couple of years before that he handled the Baer-Paulino Uzcudun battle in Reno.

SOAPBOX WINNER—His arm held aloft by Vice President Richard Nixon, Barney Townsend is about to break into tears after winning the All-American Soapbox Derby championship in Akron, O. Barney's brother Terry won the title in 1957. Barney, 13, is the Anderson, Ind., entrant.

Big Newk Helps Dodgers in Win For Redleg Crew

By THE ASSOCIATED PRESS

Don Newcombe is back in business helping the Dodgers along in a National League pennant scrap, even though his paycheck now comes from the Cincinnati Reds.

Big Newk, the big guy of the Dodgers' staff before he was washed up because of arm and back trouble, pitched an eight-hit shutout for the Reds Tuesday night, whipping San Francisco 7-0 and trimming the Giants' lead over second-place Los Angeles to two games.

The Dodgers, winning two in a row for the first time in more than two weeks, closed in with a 7-6 victory over third-place Milwaukee in 13 innings, beating southpaw ace Warren Spahn the Braves' seventh pitcher, for the fifth time this season.

That left the Braves four games behind the Giants, who open a two-game series in Milwaukee tonight while the Dodgers start a two-game set at Cincinnati against the sixth-place Reds.

Philadelphia defeated St. Louis 2-1 in the only other NL game.

Newcombe (11-6), winless for almost a month, walked none and struck out four while beating the Giants for the fifth time in six decisions this season.

The Reds won it quick, skidding the Giants to their fifth defeat in the last seven games by scoring six runs in the first three innings. Gus Bell drove in half of them with a double and home run, his 19th, off loser Ed Fisher (2-4).

The Dodgers, booting away what was left of a 5-1 lead when the Braves scored an unearned run in the ninth, put it away when Wally Moon tripled and Rip Repulski singled off Spahn (16-12). It was Spahn's third relief chore of the year — and he has lost 'em all, dropping two to the Dodgers, who have a 30-14 edge over the lefty veteran.

Duke Snider hit a two-run homer for the Dodgers, his 20th, and tied Ralph Kiner for third on the all-time NL list with 351 behind Mel Ott (511) and Stan Musial (409). Wes Covington also homered (No. 7) for the Braves, who caught the Dodgers in the ninth when Billy Bruton scampered home from first as Don Demeter dropped Aaron's fly to short center with two out.

The Phillies won it on Richie Ashburn's two-out single in the seventh, breaking a 1-1 tie and beating rookie Bob Miller (1-2). Jim Owens (9-10) went all the way for the Phils, allowing 10 hits but leaving nine on base, walking none and striking out seven.

Time was when folks knew Gerry Staley as the starting pitcher who always just missed being a 20-game winner in the National League. Now, as a reliever, he has become the Chicago White Sox' lock-up guy in their run for the American League pennant.

The 6-foot right-hander, two days shy of 39, helped push the White Sox into the largest lead of the year in the tight AL race Tuesday night, giving up just one hit in three shutout innings of relief for a 6-4 comeback victory over Baltimore and a 4½-game bulge over Cleveland.

Staley scored the winning run for the White Sox, breaking a 4-all tie on Nellie Fox's two-out double in the eighth inning. That hoisted the White Sox six games ahead of Cleveland in the lost column after the second place Indians had been clubbed to their fourth straight defeat, 11-4, by Washington.

The New York Yankees, 12½ games behind, broke a tie for third with Baltimore by beating Detroit 5-3. Boston tied Kansas City for sixth by defeating the A's 5-4.

Virginia holds a 34-17 football edge in games with Virginia Military Institute. Three games ended in ties.

The football series between Illinois and Northwestern is all even. Each team has won 24 games. Four ended in ties.

7 Fine Pacers To Vie in $14,704 Test

CLEVELAND (AP)—Seven fine young pacers run tonight at Northfield Park in the Grandview Futurity, richest harness race of the northern Ohio season with a purse of $14,704.

Great Pleasure, one of two fillies entered in the event for 3-year-olds, has drawn the No. 1 post position for the first heat. She has earned better than $33,000 for owner McKinley Kirk of Washington Court House and Bob and Harry Vallery of Waverly. Ten nights ago she won the Anniversary Filly Pace for a purse in excess of $29,000 at Yonkers, N.Y.

In addition to Great Pleasure, a 2-1 over night favorite, there are two other entries who are eligible for the famed Little Brown Jug race at Delaware, Ohio, Sept. 24. They are Good Pick, Here From Brandywine, and Game Pick, winner of six races this season. Either horse is capable of a 2:04 mile.

Another highly regarded starter is Red Red Robbin, owned by Don Roberts of Jackson, Mich., winner of five in a row and owning the season's best time of 2:02.4.

Other entries are Doctor Marx, winner of seven out of 13 starts this year; Barney Blackstone and Buckeye Queen.

Moore Rated 3-1 Favorite Over Bassey

LOS ANGELES (AP) — World featherweight champion Davey Moore risks his title tonight against the man he dethroned five months ago, Hogan (Kid) Bassey of Nigeria.

The 15-round, nationally televised scrap is scheduled to go on at the Olympic Auditorium at 7 p.m., Pacific Daylight Time. It will be televised nationally over the ABC network.

The 25-year-old champion from Springfield, Ohio, remained a 3-1 betting favorite to keep the rule of the world's 126-pounders in the United States.

Soft - speaking, hard-hitting Davey overpowered his 27-year-old rival and stopped him in 13 rounds in a brawl last March 18 that was a sizzler all the way.

Moore, with a record of 13 knockouts in his 36 wins in 42 fights, is rated the harder puncher. The "King," as Bassey's countrymen named him on a grand tour of Nigeria last fall, has stopped 20 foes in 67 bouts.

Bassey won the vacant featherweight title in 1956 when he stopped Cherif Hamia of France in 10 rounds. He successfully defended it here when he knocked out Pjarito (Little Bird) Moreno of Mexico in three rounds.

Moore required only one round to shoot down the Little Bird and earn his shot at the title.

Troubled Education Making Gains

By G. K. HODENFIELD
AP Education Writer

There still is a serious teacher shortage in the United States. About 800,000 pupils are on half-day sessions for lack of classrooms.

You still hear the cry that our schools are too soft, that we aren't keeping up with the Russians.

And the great debate continues: are prospective teachers learning too much about how to teach, and not enough about what to teach?

But the picture isn't all dark. In the past year, remarkable strides have been made in American education.

The teacher shortage appears to be easing somewhat, and within the foreseeable future it may disappear altogether. To a much smaller degree, some progress has been made toward eliminating the classroom shortage.

* * *

IT'S PROBABLY true that many of our schools are still too soft. But there has been a noticeable trend toward tougher courses and the elimination of frills.

Even in the debate on methods vs. subject matter in the training of teachers, there has been progress. Extremists on both sides are seeking a middle ground approach, so that teachers know both what and how to teach.

Much credit for recent progress goes to the Russians as their launching of Sputnik nearly two years ago. Sputnik's "beep-beep-beep" told a story that all could hear: Russia had beat us into space; the famed American know-how was a poor second to Soviet technology.

Sputnik did what many American educators had been trying in vain to do for years — it showed that there were serious failings in American education.

Some of the sense of urgency — almost panic — that followed Sputnik has disappeared. But its effects will be felt for years to come.

Perhaps Sputnik's greatest accomplishment was in alerting the American public to the need for quality education in this country, and marshalling support to that end.

Practically everyone knows now, for instance, that there is a teacher shortage.

Probably nowhere in the United States is a child being barred from a public school for lack of teachers. To that extent, you might say there is no shortage at all.

But at the same time there is a very real shortage of good teachers—the kind needed for quality education — and special teachers for remedial reading, gifted children, the arts, etc.

THERE ARE an estimated 60,000 teachers who have had only a year or two of college, have had no formal teacher training, or are teaching courses in which they have no background.

Probably 10,000 teachers are needed for special courses.

The National Education Assn. estimates about 30,000 additional teachers are needed to relieve overcrowding.

The Journal of Education said about 75 per cent of the school officials asked in a spot check thought the teacher supply situation was improving. The most important finding of the magazine was improved teacher salaries.

The outlook for the classroom shortage is not so bright.

According to the U. S. Office of Education, the total classroom shortage last fall was 140,500—a slight drop from the 1957 figure of 142,300. The Office of Education said that for the 1958-59 school year, 63,500 new classrooms were needed to take care of excess enrollment, and 72,200 to replace unsatisfactory facilities.

According to the magazine "School Management," one-third of the nation's school population attends schools which could not be built today under modern fire prevention codes.

The Office of Education reported 68,400 classrooms were scheduled for completion during the 1958-59 school year. Of these, 44,500 were needed to meet the demands of increased enrollment, and 17,000 to replace those which had been abandoned. Thus, fewer than 7,000 rooms could be applied to the actual shortage.

* * *

RIGHT ALONGSIDE the teacher and classroom shortage as educational issues today is the oft-repeated indictment that our schools are too soft.

It's a slow process, but American schools are getting tougher.

In the Los Angeles area there has been more emphasis on science, math and foreign languages, much more homework, tougher standards and less tolerance for mild life-adjustment courses. In Monroe, La., selected high school students are taking college-level physics and chemistry. In San Angelo, Tex., the city's entire school system has been remodeled to push each student as far as he can go in a solid academic course.

There are hundreds of other such examples.

Last year the nation's secondary school principals adopted a program designed to strengthen high school courses in math and science. This year they turned their attention to modern foreign languages.

You hear the complaint that many teachers don't know enough about the subjects they're teaching. This complaint is based on solid fact, and the teaching profession is facing up to it.

It's not always the teacher's fault. A teacher who majored in English at college may be called on to teach French and home economics. A physics may be asked to teach chemistry as well, and coach the football team.

Until there are enough teachers to go around—with a physics teacher for every physics class, for instance—the teaching profession may have to spread itself too thin to be effective.

* * *

BUT IN MANY cases the blame must be shouldered by the teachers themselves, and the teachers' colleges which prepared them. If they have concentrated too much on child psychology, sociology and courses in teaching methods, they just aren't equipped to teach solid academic courses.

Both colleges and teachers groups are becoming aware of the need to be well equipped academically to teach. As a result, tomorrow's teachersp probably will be much better prepared than yesterday's or today's.

Like almost everything else in American education, reform comes slowly, and practically unnoticed.

New Methods Developed in Languages

More Emphasis Placed in Teaching Students To Speak

A revolution in teaching methods for foreign languages is under way, spurred by these two factors:

Students and parents are now more receptive to the idea of learning a foreign language than 20 years ago — perhaps because Europe isn't so far away in this jet age.

World War II brought the sudden need for linguists who could communicate with people of other lands. The armed forces found that — with the pressure on — wonders could be done with the right approach and techniques.

Now, the teaching methods developed by the armed forces are being adopted and adapted all over the country.

With a view on these new teaching methods, a committee of the National Education Assn. said in a report to the nation's high school principals last spring:

"WHAT WE need is a complete change of emphasis, from learning about a language to learning the language itself."

The committee urged that foreign language programs be made available to all capable and interested students, starting in the seventh grade if possible. The study of one foreign language would continue for a minimum of four years, six if possible.

Emphasis at the start would be on learning to converse in the language. Grammar, direct translation and reading and writing would follow later.

Grammer and the ability to read, the committee said, would come naturally and easily if adequate time was first given to learning how to speak and understand the language.

The committee also said tape recordings, films, slides, records and foreign language newspapers and magazines should be used to the fullest extent possible.

Much of what the committee recommended has been put to practice in a number of the nation's schools. The use of tape recordings and records is spreading rapidly, and seems to be limited only by the expense of setting up language laboratories.

As these laboratory practices spread, the teaching of foreign languages is expected to drop down into grade schools. Some grades now, in fact, teach foreign languages, but not to the degree that most educators would like.

Another likely development, too, is that more different foreign languages will be taught — Russian, Arabic, Chinese, Japanese.

It's a sad fact to educators that about two billion people — 75 per cent of the world's population — speak languages which are rarely taught in this country.

Journalism Class Slated

A high school journalism class will be started this fall in the Circleville school system.

It was brought about by the adequate number of students registering for this course in May. A school paper, replacing Hi-Notes, will be the main project for this class.

Miss Margaret Mattinson will teach the journalism class. A second project of the course will be the editing of the school news for The Circleville Herald.

This is a joint project working in cooperation with the superintendent of schools, George A Hartman. Miss Mattinson is also advisor and sponsor of the high school annual, "Circle."

OH, MY ACHING BACK

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with over-exertion or stress and strain—you want relief—want it fast! Another disturbance may be mild bladder irritation following wrong food and drink—often setting up a restless uncomfortable feeling.

Doan's Pills work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headaches, muscular aches and pains. 2. by soothing effect on bladder irritation. 3. by mild diuretic action tending to increase output of the 15 miles of kidney tubes.

Enjoy a good night's sleep and the same happy relief millions have for over 60 years. New, large size saves money. Get Doan's Pills today!

Students Get New Handbook

New high school student guidance handbooks are ready for distribution this fall.

One day will be devoted in guidance 9 to the use of the handbook. Pupils will have in writing the policies and rules governing the various organizations of the school.

A good handbook prevents many controversies and misunderstandings, according to Superintendent George A. Hartman.

New teachers' handbooks covering policies and practices have been mimeographed in Hartman's office. "Handbooks are almost an essential to a well organized school system", Hartman stated.

New student handbooks are for distribution in grades seven and eight. School officials feel that students will better understand what is expected of them when it is down in "black and white".

Circleville Bus Drivers To Meet

A meeting for all Circleville school system bus drivers has been called for August 27 at 7:30 p. m. in the high school building.

Topics for discusion include health, safety, discipline on the bus, time schedules, territory covered by the route, maintenance of buses and us inspection by the state highway patrol.

Circleville Enrollment May Hit 2,866 during 1959-1960

A total of 2,866 students are expected to enroll in the Circleville school system for the 1959-60 school year starting September 1, according to school officials.

A school enumeration was taken in June by City truant officer, Walter B. Denman. He reported 3,203 children and teenagers ranging in the school age bracket.

Of this total, 102 were June high school graduates; 112 grade school children enrolled at St. Joseph's elementary school;

Fifty youths with full-time jobs and granted working permits; 19 handicapped children, and 54 pupils who have moved from here since schools' closing in May. This is a total of 37 youths not returning to school in the fall.

* * *

THIS IS AN INCREASE of approximately 130 students since the last school year requiring four additional classrooms, one of which is a kindergarten class.

A total of 244 pre-school first graders have registered for kindergarten. A total of 261 first graders are included in the above figures.

School superintendent George A. Hartman today urged all parents with children eligible for kindergarten to enter them this fall.

Hartman said that kindergarten is important in preparing pupils for the first grade. He said that Circleville operates one of the best kindergarten programs in Ohio.

He said that a child attending kindergarten is approximately 10 weeks advanced in grade over the brightest non-kindergarten child.

Chem Students To Watch TV

Television will invade the Circleville School system for the first time this year, according to school officials.

High school chemistry has been scheduled for 10 a. m. so that students enrolled can take advantage of the television chemistry course offered on Channel 34, the Ohio State University channel.

This will supplement regular class procedure. The school will still use the basic text and conduct laboratory experiments.

Man Drowns Trying To Save 2 Children

BRISTOL, R.I. (AP)—Adelbert M. Lawrence, 40, drowned Monday while trying to rescue his two children who were being swept into deep water of Mount Hope Bay aboard a large inner tube. Police said Lawrence disappeared trying to reach the children Linda, 10, and John, 4. They later were picked up by a boat.

Troubled Education Making Gains

By G. K. HODENFIELD
AP Education Writer

There still is a serious teacher shortage in the United States. About 800,000 pupils are on half-day sessions for lack of classrooms.

You still hear the cry that our schools are too soft, that we aren't keeping up with the Russians.

And the great debate continues: are prospective teachers learning too much about how to teach, and not enough about what to teach?

But the picture isn't all dark. In the past year, remarkable strides have been made in American education.

The teacher shortage appears to be easing somewhat, and within the foreseeable future it may disappear altogether. To a much smaller degree, some progress has been made toward eliminating the classroom shortage.

* * *

IT'S PROBABLY true that many of our schools are still too soft. But there has been a noticeable trend toward tougher courses and the elimination of frills.

Even in the debate on methods vs. subject matter in the training of teachers, there has been progress. Extremists on both sides are seeking a middle ground approach, so that teachers know both what and how to teach.

Much credit for recent progress goes to the Russians as their launching of Sputnik nearly two years ago. Sputnik's "beep-beep-beep" told a story that all could hear: Russia had beat us into space; the famed American know-how was a poor second to Soviet technology.

Sputnik did what many American educators had been trying in vain to do for years — it showed that there were serious failings in American education.

Some of the sense of urgency — almost panic — that followed Sputnik has disappeared. But its effects will be felt for years to come.

Perhaps Sputnik's greatest accomplishment was in alerting the American public to the need for quality education in this country, and marshalling support to that end.

Practically everyone knows now, for instance, that there is a teacher shortage.

Probably nowhere in the United States is a child being barred from a public school for lack of teachers. To that extent, you might say there is no shortage at all.

But at the same time there is a very real shortage of good teachers—the kind needed for quality education — and special teachers for remedial reading, gifted children, the arts, etc.

* * *

THERE ARE an estimated 60,000 teachers who have had only a year or two of college, have had no formal teacher training, or are teaching courses in which they have no background.

Probably 10,000 teachers are needed for special courses.

The National Education Assn. estimates about 30,000 additional teachers are needed to relieve overcrowding.

The Journal of Education said about 75 per cent of the school officials asked in a spot check thought the teacher supply situation was improving. The most important finding of the magazine was improved teacher salaries.

The outlook for the classroom shortage is not so bright.

According to the U. S. Office of Education, the total classroom shortage last fall was 140,500—a slight drop from the 1957 figure of 142,300. The Office of Education said that for the 1958-59 school year, 63,500 new classrooms were needed to take care of excess enrollment, and 72,200 to replace unsatisfactory facilities.

According to the magazine "School Management," one-third of the nation's school population attends schools which could not be built today under modern fire prevention codes.

The Office of Education reported 68,400 classrooms were scheduled for completion during the 1958-59 school year. Of these, 44,500 were needed to meet the demands of increased enrollment, and 17,000 to replace those which had been abandoned. Thus, fewer than 7,000 rooms could be applied to the actual shortage.

* * *

RIGHT ALONGSIDE the teacher and classroom shortage as educational issues today is the oft-repeated indictment that our schools are too soft.

It's a slow process, but American schools are getting tougher.

In the Los Angeles area there has been more emphasis on science, math and foreign languages, much more homework, tougher standards and less tolerance for mild life-adjustment courses. In Monroe, La., selected high school students are taking college-level physics and chemistry. In San Angelo, Tex., the city's entire school system has been remodeled to push each student as far as he can go in a solid academic course.

There are hundreds of other such examples.

Last year the nation's secondary school principals adopted a program designed to strengthen high school courses in math and science. This year they turned their attention to modern foreign languages.

You hear the complaint that many teachers don't know enough about the subjects they're teaching. This complaint is based on solid fact, and the teaching profession is facing up to it.

It's not always the teacher's fault. A teacher who majored in English at college may be called on to teach French and home economics. A physics may be asked to teach chemistry as well, and coach the football team.

Until there are enough teachers to go around—with a physics teacher for every physics class, for instance—the teaching profession may have to spread itself too thin to be effective.

* * *

Latest Fabrics Keep Girls Looking Sharp in School

By DOROTHY ROE

Today's schoolgirls don't know how lucky they are.

They probably don't take time to stop and think about the wonders of science and design that go into those smart, colorful, easy-to-care-for school clothes. But their mothers appreciate the carefree fabrics, so different from the heavy woolens and and starched cottons they wore when they were girls.

A generation ago schoolgirls wore woolen skirts and dresses that had to be sent to the cleaners; blouses that had to be laundered and ironed; sweaters that were likely to shrink if not treated tenderly.

Today their best dresses and skirts can be tossed in the washing machine or dunked in the wash bowl, dried overnight and worn without ironing. They don't need to worry if they spill ice cream or hot chocolate on a favorite outfit—it can be spic and span next day, with little effort.

In the fall 1959 lineup of school fashions, blends of wool, rayon or cotton with orlon or dacron are tops in popularity. These come in a wide range of colors, patterns and styles suitable to every type.

• • •

AMONG automatic wash-and-wear garments, fabrics of 65 per cent dacron and 35 per cent cotton have been found practical. These are machine washable and dryable, may be worn without ironing.

Drip-dry fabrics, which may be washed by machine or hand but must be hung dripping wet, include blends of half orlon, half rayon; fabrics of 65 per cent orlon and 35 per cent wool; and jersey fabrics 80 per cent orlon and 20 per cent wool.

Methods recommended for care of these fabrics differ, so it is wise for the shopper to read labels carefully.

As to school dress styles for fall, the natural silhouette is back, for the younger set as well as their elders.

Big and little girls' dresses usually have natural waistlines and full skirts, often pleated. The shirtwaist dress is a headliner for all age groups, done with subtle variations as to new collar and sleeve treatments. Bit collars are popular, as are small Peter Pan collars, usually white and trimly tailored.

The new miracle fabrics lend themselves to permanent pleating, and so pleats are all over the place.

Colorful plaids will be seen in many versions this fall, in separate skirts, dresses and suits.

As to sweaters, the schoolgirls' choice for everyday wear is orlon, easy to wash, impervious to moths. For dress-up wear the top favorite is still the cashmere sweater.

NYLON stretch tights now are a staple in schoolgirls' accessories, worn with shorts or skirts, shown in all colors but most popular in black.

Not only man-made fabrics, but the old standbys such as wool and cotton have developed new talents, also. New finishes make many woolens easily washable, with no danger of shrinkage. Other finishes, applied to cottons, make them wrinkle-and-spot resistant, and make it possible to wash them as easily as synthetics, dry them quickly and wear them with little or no ironing.

Don't Make First School Day A Nightmare for Your Child

Don't make the first day of school sound like a dream come true, or it may turn out to be a nightmare for the new student.

That's the important thing to remember in preparing your child for his start in school, according to the Bureau of Child Guidance of the New York Board of Education.

Tell your child what to expect, be casual about it and don't sell him a bill of goods that he'll find is untrue once he sets foot inside the school, the bureau adds.

An over-anxious parent may offer to much drilling and detailoled instructing and at the same time communicate fear, says Miss Rose Goldman, chief of the New York school social work department.

She gives these suggestions for the parent of a child about to enter school for the first time:

Allow him to express any fears he may have about school. Let him know that even adults often find it hard to be away from home for the first time. When a child feels his fears are understood, he is less likely to worry.

ASSURE HIM you will be at home when he returns, or will pick him up at school.

Let him know the teacher is his friend and will always be available for his needs.

Give him something else to think about the first day— a new tie, a new pencil or wallet.

Don't indicate by your actions that you are glad to see him going to school — he may feel you are pushing him off to someone else.

When you take him to school, stay around awhile and don't sneak out when he isn't looking. Let him know when you are leaving.

And, after taking all these steps and his fear persists, arrange within a few days for consultation with one of the counselors or school guidance workers.

Welcome to School

CHICAGO (AP) — A school's design should reach out and greet the new student, says school architect Lawrence B. Perkins.

"One of the first problems the school designer must consider is the first impression his building gives. It must say 'welcome,' offering an appetizing introduction to education to the newcomer."

LONG TIME NO SEE—Marilyn Monroe, out of pictorial news somewhat of late, wears what appears to be a bored expression as she watches a Boston Arts Center theater performance. Husband Arthur Miller shoos away fotogs.

School Band Is Rehearsing

Truman Eberly, director of the Circleville High School Band, announced today that the band started its marching and music rehearsals at 6:30 p. m. Monday.

The rehearsals, consisting of an hour of marching and an hour of practice on music, will continue each day Monday through Friday until school begins.

It is expected that the band will number about 75 young musicians this year.

First performances slated for the group are the Band Mothers Preview on September 4, the Preview at Lancaster on September 11, and the trip to the Jackson Apple Festival on September 16.

Model Is Used By Engineers

DETROIT (AP) — A plastic scale model of a Mercury car is used by engineering students at Detroit Institute of Technology in their study of drafting and tool and die design.

The 3-8 scale was given the instutute by the car manufacturer at the start of the 1959 production because the new model was designed with an entirely new body.

School Owns Forest

MADISON, Wis. (AP) — Madison school children now have their own forest — a 160-acre tract filled with red oaks, some of them 250 years old.

The forest, about 10 miles south of here, was given to the Madison public schools by an anonymous donor. It will be used in the study of botany, conservation and wildlife management.

Latest Fabrics Keep Girls Looking Sharp in School

By DOROTHY ROE

Today's schoolgirls don't know how lucky they are.

They probably don't take time to stop and think about the wonders of science and design that go into those smart, colorful, easy-to-care-for school clothes. But their mothers appreciate the carefree fabrics, so different from the heavy woolens and and starched cottons they wore when they were girls.

A generation ago schoolgirls wore woolen skirts and dresses that had to be sent to the cleaners; blouses that had to be laundered and ironed; sweaters that were likely to shrink if not treated tenderly.

Today their best dresses and skirts can be tossed in the washing machine or dunked in the wash bowl, dried overnight and worn without ironing. They don't need to worry if they spill ice cream or hot chocolate on a favorite outfit—it can be spic and span next day, with little effort.

In the fall 1959 lineup of school fashions, blends of wool, rayon or cotton with orlon or dacron are tops in popularity. These come in a wide range of colors, patterns and styles suitable to every type.

• • •

AMONG automatic wash-and-wear garments, fabrics of 65 per cent dacron and 35 per cent cotton have been found practical. These are machine washable and dryable, may be worn without ironing.

Drip-dry fabrics, which may be washed by machine or hand but must be hung dripping wet, include blends of half orlon, half rayon; fabrics of 65 per cent orlon and 35 per cent wool; and jersey fabrics 80 per cent orlon and 20 per cent wool.

Methods recommended for care of these fabrics differ, so it is wise for the shopper to read labels carefully.

As to school dress styles for fall, the natural silhouette is back, for the younger set as well as their elders.

Big and little girls' dresses usually have natural waistlines and full skirts, often pleated. The shirtwaist dress is a headliner for all age groups, done with subtle variations as to new collar and sleeve treatments. Bit collars are popular, as are small Peter Pan collars, usually white and trimly tailored.

The new miracle fabrics lend themselves to permanent pleating, and so pleats are all over the place.

Colorful plaids will be seen in many versions this fall, in separate skirts, dresses and suits.

As to sweaters, the schoolgirls' choice for everyday wear is orlon, easy to wash, impervious to moths. For dress-up wear the top favorite is still the cashmere sweater.

NYLON stretch tights now are a staple in schoolgirls' accessories, worn with shorts or skirts, shown in all colors but most popular in black.

Not only man-made fabrics, but the old standbys such as wool and cotton have developed new talents, also. New finishes make many woolens easily washable, with no danger of shrinkage. Other finishes, applied to cottons, make them wrinkle-and-spot resistant, and make it possible to wash them as easily as synthetics, dry them quickly and wear them with little or no ironing.

Don't Make First School Day A Nightmare for Your Child

Don't make the first day of school sound like a dream come true, or it may turn out to be a nightmare for the new student.

That's the important thing to remember in preparing your child for his start in school, according to the Bureau of Child Guidance of the New York Board of Education.

Tell your child what to expect, be casual about it and don't sell him a bill of goods that he'll find is untrue once he sets foot inside the school, the bureau adds.

An over-anxious parent may offer to much drilling and detailoled instructing and at the same time communicate fear, says Miss Rose Goldman, chief of the New York school social work department.

She gives these suggestions for the parent of a child about to enter school for the first time:

Allow him to express any fears he may have about school. Let him know that even adults often find it hard to be away from home for the first time. When a child feels his fears are understood, he is less likely to worry.

ASSURE HIM you will be at home when he returns, or will pick him up at school.

Let him know the teacher is his friend and will always be available for his needs.

Give him something else to think about the first day— a new tie, a new pencil or wallet.

Don't indicate by your actions that you are glad to see him going to school — he may feel you are pushing him off to someone else.

When you take him to school, stay around awhile and don't sneak out when he isn't looking. Let him know when you are leaving.

And, after taking all these steps and his fear persists, arrange within a few days for consultation with one of the counselors or school guidance workers.

Welcome to School

CHICAGO (AP) — A school's design should reach out and greet the new student, says school architect Lawrence B. Perkins.

"One of the first problems the school designer must consider is the first impression his building gives. It must say 'welcome,' offering an appetizing introduction to education to the newcomer."

LONG TIME NO SEE—Marilyn Monroe, out of pictorial news somewhat of late, wears what appears to be a bored expression as she watches a Boston Arts Center theater performance. Husband Arthur Miller shoos away fotogs.

School Band Is Rehearsing

Truman Eberly, director of the Circleville High School Band, announced today that the band started its marching and music rehearsals at 6:30 p. m. Monday.

The rehearsals, consisting of an hour of marching and an hour of practice on music, will continue each day Monday through Friday until school begins.

It is expected that the band will number about 75 young musicians this year.

First performances slated for the group are the Band Mothers Preview on September 4, the Preview at Lancaster on September 11, and the trip to the Jackson Apple Festival on September 16.

Model Is Used By Engineers

DETROIT (AP) — A plastic scale model of a Mercury car is used by engineering students at Detroit Institute of Technology in their study of drafting and tool and die design.

The 3-8 scale was given the instead by the car manufacturer at the start of the 1959 production because the new model was designed with an entirely new body.

School Owns Forest

MADISON, Wis. (AP) — Madison school children now have their own forest — a 160-acre tract filled with red oaks, some of them 250 years old.

The forest, about 10 miles south of here, was given to the Madison public schools by an anonymous donor. It will be used in the study of botany, conservation and wildlife management.

Teays Valley...

(Continued from Page 3)

principal at Walnut Twp. school. He will also teach mathematics and science.

Friedrich replaces Carl D. Bennett, who moved into the supervising principal position. He received a B. S. degree from Ohio State University.

Friedrich formerly taught at Mechanicsburg High School and Monroe Twp. school. He also managed the London Water and Sanitation Department for five years.

He is an active amateur instrumental musician and helped form the London Community Band 12 years ago.

Mrs. Joan M. Smith, 24, Elgood, W. Va., will instruct girls physical education at both Walnut and Scioto and teach home economics part time at Walnut.

* * *

MRS. SMITH replaces Miss Margie Groover, who reportedly was married several weeks ago. She is a 1952 graduate of Concord College and has taught at Elgood and New London, W. Va. She has four years experience.

She was born in Princeton, W. Va., and is a graduate of Renick High School.

Charles Clinton Waple, 24, 915 S. Clinton St., will instruct social sciences in the departmentalized seventh and eighth grades at Walnut. Waple replaces Mrs. Mazie Hitler, who was moved to the fourth grade at Walnut.

The 1953 graduate of Circleville High School holds a four-year provisional certificate and received a B. S. degree in Education from Ohio State University in June. He was a history major.

Miss Camille Shipley, 25, was employed to teach the first grade at Duvall. She replaces Mrs. Minerva Stafford, who resigned due to health reasons.

Mrs. Shipley, Pickaway Acres Trailer Court, was born in Milwaukee, Wis. She is a 1952 gradlate of St. Marys Academy for Girls, Milwaukee, Wis.

* * *

SHE RECEIVED A B. S. degree from Cardinal Stritch College in June. Mrs. Shipley holds a provisional elementary certificate and taught one year in the primary grades at St. Martins, Wis.

Mrs. Bertha Wotschak, 50, Route 1, Lockbourne, will teach Latin and English at Scioto Twp. High School. She replaces the Rev. William G. Huber, 127 W. Mound St., who filled out the Scioto term last year.

Mrs. Wotschak is a 1927 Chillicothe High School graduate. She has taught seven years in Jacksonville, Fla., Centralia school and Mt. Orab.

Mrs. Wotschak attended Western College for Women, Oxford, office training school and Ohio University, Athens.

Mrs. Geneva Parsons, 39, Route 2, Ashville, was employed to instruct the third and fourth grades at Scioto school. She replaces Mrs. Helen Miller, Clarksburg.

Mrs. Parsons is a 1937 graduate of Greenfield High School, Greenfield, Ia. She has a B. S. degree in Education and has attended Creston Junior College, the University of California and Drake University. She has taught in Iowa.

* * *

MRS. VIRGINIA Bartholomew, Route 4, will teach the second grade at Walnut. She is a 1937 graduate of Walnut Twp. High School. She holds a cadet teaching certificate from Ohio University.

Mrs. Bartholomew, 39, replaces Mrs. Robert Ransom, E. Mound St., who resigned to accept a teaching post in the Circleville school system.

Leland Johnson, 22, Route 4, was employed to teach the eighth grade at Ashville-Harrison. He fills the position created by the addition of the South Bloomfield and Duvall eighth grades at Ashville.

Johnson is a 1954 graduate of Benten Scenic High School. He has a cadet teaching certificate and has attended Ohio University and the Circleville Bible College.

Johnson taught three years at Laurelville school previous to accepting the Teays Valley opening.

The other two new teachers employed were Carrie Lemley, Kyger, to teach grade one at Ashville-Harrison, and Mary Scothorn, Route 2, Ashville, to instruct the third grade at Walnut.

* * *

MRS. SCOTHORN replaces Nancy Call and Mrs. Lemley filled the vacancy created by the leaving of Mrs. Walter Haney, 115 Seyfert Ave.

The holdover teachers and faculty of the Teays Valley Local School District, their school, teaching positions, grades or courses taught, addresses and new teacher assignments are:

Earl R. Gregg, superintendent, Ashville; Ashville School; C. E. Mahaffey, supervising principal, science, Route 2, Ashville; Benis Lutz, Ashville, assistant principal, English and foreign language; s

* * *

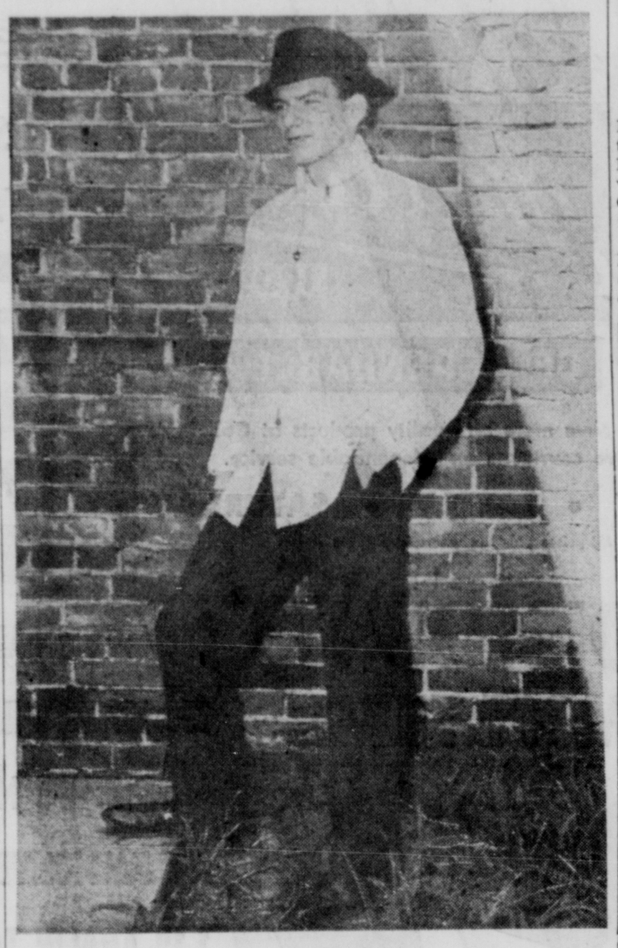
PAUL REISS, Amanda, social science, physical education, football, basketball and baseball coach and driver training; Kathaleen Copper, Ashville, grade one; Carrie Lemley, Ashville, grade one;

Virginia Bartholomew, Route 4, grade two; Mrs. Marjorie Pickering, Route 2, Ashville, grades two and three; Mary Scothorn, Route 2, Ashville, grade three; Dorothy Copeland, Route 4, grade five;

Thelma Noecker, Route 1, Ashville, grade six; Helen Noecker, Route 1, Ashville, grade seven; Rose Klopfenstein, Ashville, grades five and six; Forrest Webster, 525 N. Court St., grades seven and eight departmentalized;

Mazie Hitler, 353 E. Main St., grade four, and Mrs. May, speech and hearing. Grade and class assignments are subject depending upon number of students.



FALL FOR FELLOWS — Wearing a sharp sports jacket and felt hat, both styled for school wear and good looks, is Charles Gerhardt, 21, of 1111 Atwater Ave., who will be a senior at Ohio State University this fall. The clothes are from Caddy Miller, 125 W. Main St. (Staff Photo)

City Schools Improve Math Curriculum

City School Superintendent George A. Hartman today announced an improvement in the high school mathematics curriculum.

He stated that the advanced mathematics algebra II class has been grouped into two sections according to ability in the mathematical field.

Last year, the one algebra II low and a high group with no middle section. "It was two classes in one, making quite a teaching problem," according to Hartman.

"This year," Hartman continued, "the two classes will allow the bright mathematics pupil to travel at an accelerated pace. This should give excellent preparation for college mathematics later on."

MRS. SMITH replaces Miss Margie Groover, who reportedly was married several weeks ago. She is a 1952 graduate of Concord College and has taught at Elgood and New London, W. Va. She has four years experience.

She was born in Princeton, W. Va., and is a graduate of Renick High School.

Charles Clinton Waple, 24, 915 S. Clinton St., will instruct social sciences in the departmentalized seventh and eighth grades at Walnut. Waple replaces Mrs. Mazie Hitler, who was moved to the fourth grade at Walnut.

The 1953 graduate of Circleville High School holds a four-year provisional certificate and received a B. S. degree in Education from Ohio State University in June. He was a history major.

Miss Camille Shipley, 25, was employed to teach the first grade at Duvall. She replaces Mrs. Minerva Stafford, who resigned due to health reasons.

Mrs. Shipley, Pickaway Acres Trailer Court, was born in Milwaukee, Wis. She is a 1952 gradlate of St. Marys Academy for Girls, Milwaukee, Wis.

* * *

SHE RECEIVED A B. S. degree from Cardinal Stritch College in June. Mrs. Shipley holds a provisional elementary certificate and taught one year in the primary grades at St. Martins, Wis.

Mrs. Bertha Wotschak, 50, Route 1, Lockbourne, will teach Latin and English at Scioto Twp. High School. She replaces the Rev. William G. Huber, 127 W. Mound St., who filled out the Scioto term last year.

Mrs. Wotschak is a 1927 Chillicothe High School graduate. She has taught seven years in Jacksonville, Fla., Centralia school and Mt. Orab.

Mrs. Wotschak attended Western College for Women, Oxford, office training school and Ohio University, Athens.

Mrs. Geneva Parsons, 39, Route 2, Ashville, was employed to instruct the third and fourth grades at Scioto school. She replaces Mrs. Helen Miller, Clarksburg.

Mrs. Parsons is a 1937 graduate of Greenfield High School, Greenfield, Ia. She has a B. S. degree in Education and has attended Creston Junior College, the University of California and Drake University. She has taught in Iowa.

* * *

MRS. VIRGINIA Bartholomew, Route 4, will teach the second grade at Walnut. She is a 1937 graduate of Walnut Twp. High School. She holds a cadet teaching certificate from Ohio University.

Mrs. Bartholomew, 39, replaces Mrs. Robert Ransom, E. Mound St., who resigned to accept a teaching post in the Circleville school system.

Leland Johnson, 22, Route 4 was employed to teach the eighth grade at Ashville-Harrison. He fills the position created by the addition of the South Bloomfield and Duvall eighth grades at Ashville.

Johnson is a 1954 graduate of Benten Scenic High School. He has a cadet teaching certificate and has attended Ohio University and the Circleville Bible College.

Johnson taught three years at Laurelville school previous to accepting the Teays Valley opening.

The other two new teachers employed were Carrie Lemley, Kyger, to teach grade one at Ashville-Harrison, and Mary Scothorn, Route 2, Ashville, to instruct the third grade at Walnut.

* * *

MRS. SCOTHORN replaces Nancy Call and Mrs. Lemley filled the vacancy created by the leaving of Mrs. Walter Haney, 115 Seyfert Ave.

The holdover teachers and faculty of the Teays Valley Local School District, their school, teaching positions, grades or courses taught, addresses and new teacher assignments are:

Earl R. Gregg, superintendent, Ashville; Ashville School; C. E. Mahaffey, supervising principal, science, Route 2, Ashville; Benis Lutz, Ashville, assistant principal, English and foreign language; s

Robert I. Elsea, Elsea's Trailer Court, industrial arts; Russell Gregg, Ashville, health, driver training, football, basketball and baseball coach and physical education;

Virginia Bartholomew, Route 4, grade two; Mrs. Marjorie Pickering, Route 2, Ashville, grades two and three; Mary Scothorn, Route 2, Ashville, grade three; Dorothy Copeland, Route 4, grade five;

Thelma Noecker, Route 1, Ashville, grade six; Helen Noecker, Route 1, Ashville, grade seven; Rose Klopfenstein, Ashville, grades five and six; Forrest Webster, 525 N. Court St., grades seven and eight departmentalized;

Mazie Hitler, 353 E. Main St., grade four, and Mrs. May, speech and hearing. Grade and class assignments are subject depending upon number of students.

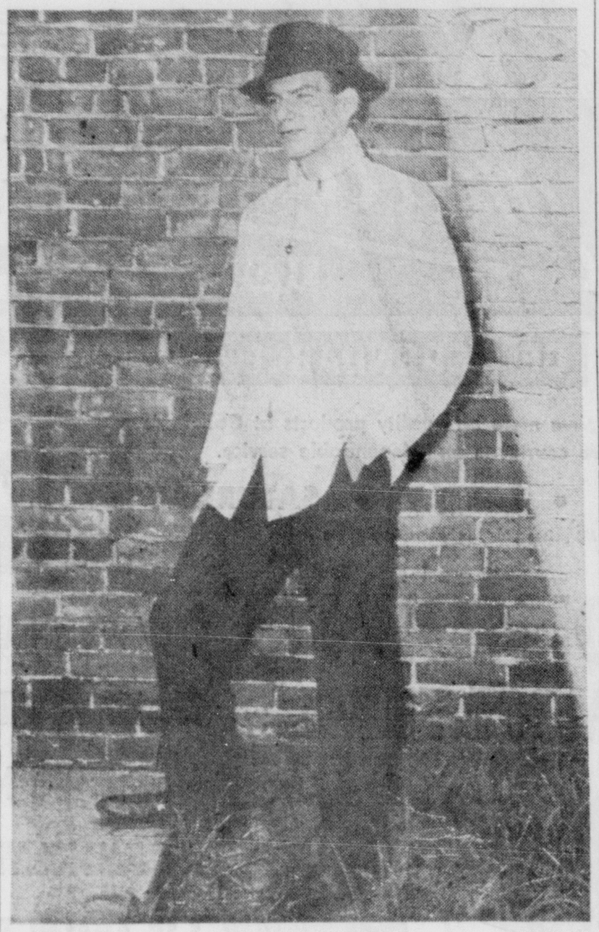
City Schools Improve Math Curriculum

City School Superintendent George A. Hartman today announced an improvement in the high school mathematics curriculum.

He stated that the advanced mathematics algebra II class has been grouped into two sections according to ability in the mathematical field.

Last year, the one algebra II low and a high group with no middle section. "It was two classes in one, making quite a teaching problem," according to Hartman.

"This year," Hartman continued, "the two classes will allow the bright mathematics pupil to travel at an accelerated pace. This should give excellent preparation for college mathematics later on."



FALL FOR FELLOWS — Wearing a sharp sports jacket and felt hat, both styled for school wear and good looks, is Charles Gerhardt, 21, of 1111 Atwater Ave., who will be a senior at Ohio State University this fall. The clothes are from Caddy Miller, 125 W. Main St. (Staff Photo)

City Schools Get New Bus

The Circleville school system recently purchased a new 66 passenger International (Superior body) school bus to make a total of seven school buses to be operating during the 1959-60 school year.

The new school bus will be used over the Knollwood Village route. The state paid 60 per cent of the $6,600 cost of the new bus and the City Board of Education paid for the other 40 per cent.

R. J. Varnell, Route 2, will drive a 1956 International school bus, labeled No. 1. He replaces Mrs. Betty Phillips. Orin Bircher, Route 3, will drive a 1956 International bus labeled No. 2. He has driven for three years and was a substitute driver for three years.

Carl Martin, Route 5, will drive a 1954 59 passenger GMC bus tagged No. 3. He has driven for two years, replacing his father, Wayne. Robert Miller, Route 2, will operate a 1958 60 passenger International bus labeled No. 4. He has driven for one year for the City school system, formerly driving for Wayne Twp., when it was a separate school district.

* * *

REV. GIRARD Edelblute, 483 Stella Ave., will drive the 1959 International bus No. 5. This will be his second year. Donald L. Davis, Route 2, will operate a 1954 GMC 60 passenger bus No. 6. This will be his first year. He replaces Archie Williams.

Austin Greene, Route 2, will drive a 1955 GMC 60 passenger bus No. 7. This will be his second year driving a Circleville bus. He formerly drove for Wayne Twp.

School buses will run at the regular time September 1. They will pick up the children at noon September 1 and deliver them home.

Wednesday will be the first full day of school, which starts at 8:30 a. m.

Hat for the Teacher

DWIGHT, Ill (AP) — The problem of which hat to wear doesn't worry Mrs. Warren Kuster, a grade school teacher. The problem is where to put the 250 hats she has made.

Her hat collection became so large her husband, who is a superintendent of schools, turned over the family garage to be used as a hat storage area and studio.

Latest Textbooks Colorful; Put Fun in School Lessons

Today's school textbooks, splashed in vivid colors and printed in large, attractive type, are helping to take the pain out of learning.

"In years past," says Leo Gans, editor-in-chief of American Book Co., "learning — to be good—had to be difficult and unpleasant. It's different today."

Although the first thing noticed in comparing textbooks of today with those of 30, 40 or 50 years ago is the use of color and larger type, there is another difference.

There has been a distinct change in the style of writing — less formal today, more readable, and designed, in Gans' words, to "incite and maintain interest."

Modern textbooks often teach more than what the student sees before him. For example, Gans explains, some elementary school readers carry moral and spiritual development messages. "They don't moralize directly. They do teach reading, but not under the typical reading approach."

* * *

SOME SCHOOLS, however, still prefer the less modern approach. The famous McGuffey's Second Reader, first printed in 1879, still is in print.

Two developments in textbooks since World War II, Gans says, have been the increased use of color, and in furnishing more and more elaborate teaching manuals so teachers will have before them the answers to almost any questions students may ask.

"Color is a customer demand," Gans adds. Some new college textbooks have colored illustrations — something almost unheard of a decade ago.

Here is an example of a "modern" textbook compared with its counterpart of an earlier day — "How Plants Grow," first published in 1858 and used in schools until 1937, and "Adventures in Science," a new book, both for the junior high school grades:

The cover of the new book is a drawing of a portion of outer space. The first page shows a rocket blasting off. Later the book, after dealing with rocketry, electricity and other basic areas of science, hits the more conventional fields of botany and biology.

The older book has flat, line drawings of various botanical examples, often as many as a dozen on a page. Type size in the new text is large and clear, that in the older book small and difficult to read.

The older book had a life of 79 years. The new book, Gans says, will be out of date in a much shorter time. "The life of books, singly or in series, is being shortened by new knowledge and new demands." The current book probably will be ready for minor revision in two or three years.

Studies on Studying

SEATTLE (AP) — Thirty junior high school students who took time out from study, to study how to study, came up with these recommendations:

Take your temperature through the day for several days, to determine the time of day you feel best.

Study when you are slightly hungry.

You're not a "square" if you study every night. You'll "cool" that exam for sure if you do.

New Business Course at CHS

The Circleville High School commercial department has been enlarged to include a new course in Office Machines.

Mrs. Brobst will be the teacher. Enough pupils are enrolled to form two classes.

In this period of automation, offices have many machines for various types of office procedures.

This course is designed to give a commercial student proficiency in the use of all modern office machines, school officials said today.

3¼ Million in School

WASHINGTON (AP) — In the 1958-59 school year, college enrollment in the United States totaled 3¼ million, according to the U. S. Office of Education. In the age group 18-21, 35.6 per cent attended colleges or universities — an all-time high.

O-ville Schools Start September 1

School begins September 1 at 8:30 a. m.

School will be dismissed at noon for pupils to return to their homes. September 2 will be the first full day of school.

On September 1 buses will run at the regular time in the morning.

In the high school, pupils will assemble in the auditorium for instructions.

* * *

THEN THE REMAINING time will be divided into eight equal periods so the high school schedule can be checked for class size and balanced for a full day of school on September 2.

The first day of school has been set aside for late kindergarten registration.

Kindergarten for the 5-year-old child is an excellent preparation for first grade and a successful start in school.

Kindergartens will run one hour sessions in the forenoon and afternoons on Wednesday, Thursday and Friday to help the children get acclimated to school.

Drop In Engineers

WASHINGTON (AP) — Engineering enrollment in colleges and universities last year dropped for the first time in seven years, reported the U. S. Office of Education. There were 290,000 engineering students, a drop of 2.5 per cent from 1957. The drop was highest among freshmen — 11.1 per cent.

CHS Biology Room Is Refurnished

Several new additions were made in the Circleville High School biology department for the 1959-60 school year.

Approximately $1,500 worth of wooden storage and project cupboards were added. The top section of this addition has glass doors so that biology students projects can be placed on display.

A new metal storage cabinet for the biology microscope, bioscope and ray-o-scope was acquired. A new working shelf along the windows was added for microscopes. This was done so that students can examine microscopic items under the sun's light.

A glass door on the storage cabinet for the human torso was obtained so that the room takes on a distinctive biology appearance. The formica top biology tables also were imprved.

School will be dismissed at noon for pupils to return to their homes. September 2 will be the first full day of school.

On September 1 buses will run at the regular time in the morning.

In the high school, pupils will assemble in the auditorium for instructions.

* * *

THEN THE REMAINING time will be divided into eight equal periods so the high school schedule can be checked for class size and balanced for a full day of school on September 2.

The first day of school has been set aside for late kindergarten registration.

Kindergarten for the 5-year-old child is an excellent preparation for first grade and a successful start in school.

Kindergartens will run one hour sessions in the forenoon and afternoons on Wednesday, Thursday and Friday to help the children get acclimated to school.

Drop In Engineers

WASHINGTON (AP) — Engineering enrollment in colleges and universities last year dropped for the first time in seven years, reported the U. S. Office of Education. There were 290,000 engineering students, a drop of 2.5 per cent from 1957. The drop was highest among freshmen — 11.1 per cent.

CHS Biology Room Is Refurnished

Several new additions were made in the Circleville High School biology department for the 1959-60 school year.

Approximately $1,500 worth of wooden storage and project cupboards were added. The top section of this addition has glass doors so that biology students projects can be placed on display.

A new metal storage cabinet for the biology microscope, bioscope and ray-o-scope was acquired. A new working shelf along the windows was added for microscopes. This was done so that students can examine microscopic items under the sun's light.

A glass door on the storage cabinet for the human torso was obtained so that the room takes on a distinctive biology appearance. The formica top biology tables also were imprved.

Typing II, chemistry, French II, industrial arts III-IV, health and physical education and music (vocal and instrumental).

GRAMMAR SCHOOL girl is ready for any kind of weather in this wide wale, weather-proofed corduroy coat with raccoon collar. The felt cloche hat is threaded with grosgrain.

Food on Wheels Cuts School Cost

SPRINGFIELD, Ohio (AP)—At Enon Elementary School, the school cafeteria comes to the pupils, instead of vice-versa.

A hospital - type serving cart with hot food is wheeled in front of the classrooms where boys and girls line up to get their meals, then return to their desks and eat.

R. Henry Campbell, head of the Mad River (AP) Green Local School District, says future elementary schools in the district also will be built without cafeterias, meaning a savings in building costs.

Student Instructs

TULSA, Okla. (APp) Ursula Jensen, 13, a student at Emerson Elementary School, instructs her classmates in German 15 minutes every day. She came from her native Germany three years ago.

The typical organization of the American educational system consists of an eight - year high school and a four-year college.

10 Culinary Experts Work In Schools

The city chol system has employed 10 women cooks for its four school cafeterias during the 1959-70 school year.

The four cafeterias are located at Circleville High School, serving both the high school, junior high and Corwin Street elementary, Wayne Twp., Atwater Avenue and South Court Street. The cafeterias will open September 2.

Head of the main cafeteria in the high school building is Mrs. Grace Walters Binkley, 444 E. Union St. She has been with the main cafeteria since its opening in the fal of 1952 or seven years.

Mrs. Ruth Wells, 221 E. High St., is head of the Atwater Avenue cafeteria. She has seven years service.

* * *

OTHER MAIN cafeteria workers are Mrs. Eloise Starkey, Route 4, seven years service; Mrs. Katherine Harrington, 126½ W. Main St., seven years;

Mrs. Margaret Moore, 203 W. Mill St., four years service, and Mrs. Mary Miller, 211 W. Mill St., three years service.

Mrs. Fannie Ward, 131 Walnut St., is the chief and only cook at the South Court Street cafeteria. She has three years experience.

Mrs. Fannie Richardson, 518 E. Franklin Street assists Mrs. Wells at Atwater. She has three years experience.

Mrs. Ester Williams, Route 2, is head cook at the Wayne Twp. cafeteria. She has been in the employ of the City school system for one year, formerly cooking for Wayne Twp. when it was under its own Board of Education.

Mrs. Maggie Rudd, Route 2, assists Mrs. Williams at Wayne Twp. She has been in the City school system for one year and also has cooked at Wayne Twp. under its old regime.

O-ville High Gets New Walk

Circleville school officials stated today that the 41-year-old brick steps and front walk in front of the high school building have given way to newly laid concrete steps and a black topped walk.

Deterioration had made the bricks unsightly and unsafe. It was also announced that new playground equipment has been installed at the South Court Street elementary school.

Sharp Dressers Behave Well, Too

By JOSEPH MANCH
Superintendent, Buffalo, N. Y. Schools

For three years now, high schoolers in Buffalo have been proving that a good personal appearance goes hand-in hand with superior behavior.

Tough clothes generally make for a tough behavior. A neat appearance contributes to self-respect for others. And we wanted to achieve the latter.

We launched the country's first "Dress Right" program, which since has spread all over the United States with the help of the American Institute for Men's and Boys' Wear.

Here's the procedure Buffalo schools used to plan, promote and follow through with its Dress Right program:

First, the Inter-High School Student Council endorsed the program. Then, with faculty and parents behind it, the council campaigned hard for better dress among students.

* * *

DRESS RIGHT charts were posted on school bulletin boards and printed in school newspapers showing the do's and don'ts of personal appearance.

Mirrors were hung in the corridors of some schools to remind students to check the way they looked to others. Material was distributed on proper color combination, how to tie a necktie, how to match up the various parts of an outfit. Good grooming check-lists were posted and handed around. Film showings and student fashion shows were added to the program.

At the end of the first year we sent a questionnaire to the 14 high school principals in Buffalo to find out what success each school was having with the Dress Right program. The replies were heartening.

All 14 agreed that there had been an improvement in dress, 10 of them attributing it to the Dress Right experiment. Thirteen principals said there was a positive link between dress and student behavior. The majority further said the program produced "more courtesy and respect for authority." All 14 wanted the program to be continued.

Newspapers and television heard about it, ran their own surveys and found results even better than the cautious school authorities themselves. Clearly, the Dress Right experiment had proved to be a success. Students were dressing right — and behaving better.

What has happened since that first test of three years ago is making history. Literally hundreds of other cities and towns have their own Dress Right programs in the high schools now, and all are reporting a similar success. The students themselves, through their own leadership and the way they are cooperating, deserve the lion's share of the credit for making the program work.

The help the clothing industry is giving to the Dress Right movement in our schools is specially gratifying. The industry is doing the youth of this nation a great service in marketing appropriate garments at moderate cost.

Students in Buffalo are the biggest boosters for dressing right. They find it takes only a little extra effort — but goes along way in giving the general public the true picture of the teen-ager.

Young Students Like Languages

OKLAHOMA CITY (AP) —More than 3,000 students in 75 elementary schools here are studying French, Spanish, Russian or German through television, radio or classroom instruction.

"It is an established fact that children pick up a foreign language easier than many adults," says Mrs. Vivien Haynes, supervisor of elementary instruction.

"If the student is well grounded in a foreign language in elementary school, there is less chance of his having trouble in secondary and higher education institutions."

Jailbreak Artist, 32, Is Captured Once More

TOLEDO, Ohio (AP)—Richard Rettig, 32, of Holgate, who made two jailbreaks in a week, was nabbed by police Monday night in a restaurant. A week ago he picked a lock and escaped from the Defiance County Jail where he was held on a robbery charge. Arrested here Friday night, he got out of the Lucas County jail Sunday by forcing a window grillwork.

OPEN FRIDAY TILL 9 — SATURDAY TILL 6

School Nurse Starts Second Year on Job

Mrs. Charles Kirkpatrick, 703 N. Pickaway St., will start her second year as Circleville school system health nurse this fall.

Mrs. Kirkpatrick will work two full days each week in the City schools. These days will be Tuesdays and Thursdays.

Each individual school teacher will assist the health nurse by filling out the "teacher-nurse referral slips".

The slips are collected by the superintendent's office and Mrs. Kirkpatrick will plan her daily calls where she is needed. Only previous projects or an emergency will interfere with the health nurse's two-day routine.

* * *

BESIDES HER DAILY schedule, Mrs. Kirkpatrick will help the general Parent-Teachers Assn. with the first grade pre-school clinic which will be held August 25 and 26 at the Franklin St. school.

Each child must be accompanied by a parent or guardian. A record of each child's past immunizations should be brought to the clinic.

Parents are encouraged to have their children examined by their family doctor, thereby cutting dow the number of children to attend the clinic.

Local physicians will have necessary health records which are required by the local schools. All children examined by out-of-town doctors are asked to obtain proper health records and examination forms from the City Health Department.

All children not examined at the to bring their health records to their first grade teachers on the opening day of school.

It is compulsory that all first graders be examined and immunized before entering school. Children not complying will be refused entrance into school.

Girls are requested to attend the clinic at noon August 25. Boys will be examined at noon August 26.

Principals Meet On September 1

A principal's meeting has been set from 7:30 to 8:00 a. m. September 1 in the Circleville superintendent's office.

Each principal will hold a teachers' meeting in their building from 1:30 to 2:30 p. m. that same day.

All teachers will report to the high school social rooms in the high school for a Tea and introduction of new teachers at 2:45 p. m. on September 1.

Westfall Board of Education Hires 10 New Teachers

The Westfall Board of Education employed 10 new teachers for the 1959-60 school year, eight less than it was forced to employ last year.

The district is composed of Perry, Deercreek, Jackson, Muhlenberg, Monroe and Darby Twps. It includes the villages of Atlanta, Williamsport, Darbyville, Five Points, Era and Derby.

Each township has a 12-year school except Muhlenberg, which has the first six grades. Superintendent of the district is Judson Lanman, 603 Northridge Road.

He formerly was superintendent at Williamsport. His secretary is Mrs. Frederick Overly, Route 1, Mt. Sterling.

* * *

JACK HILLYER, Mt. Sterling, was employed as principal at Monroe Twp. He has nine years teaching experience and spent one year in the U. S. Coast Guard.

He is a graduate of Ohio University with a B. S. degree in education and a masters in arts. Hillyer is a graduate of Murray City High School.

He taught two years at Murray City and another two years at Lakeside. His latest assignment was teaching at Mt. Sterling, a position he held for five years.

* * *

MRS. DWIGHT BROWN, Columbus, will teach commercial subjects at Monroe Twp. She is a graduate of Ohio State University with a B. S. degree in education.

Miss Margaret Mayberry, Columbus, was hired to teach commercial and social science courses at Darby Twp.

Miss Mayberry is a graduate of Ohio State University with a B. S. degree in education. She has one year's teaching experience.

Robert Vanderwort, Columbus, is a graduate of Ohio Wesleyan University, Delaware, with an AB degree and received a BS degree from Wilmington College.

He has 11 years teaching experience. Vanderwort replaces Robert Boggs, Elsea's Trailer Court, who resigned to accept a position with North American Aviation.

Mrs. Betsy Horky, 114 Mingo St., was employed to teach English at Jackson Twp. High School. Miss Sondra Moody, Route 1, Mt. Sterling, will teach the newly added second grade at Williamsport school.

* * *

MRS. NELL ATER, Clarksburg, was hired to instruct the combination 3, 4 and 5 grades at Williamsport. Mrs. Ater replaces Mrs. Marjorie Pickering who resigned to seek employment closer to her home.

Mrs. Ater holds a cadet teaching certificate from Ohio State University. Mrs. Horky replaces Earl Bowser, who resigned. Miss Moody replaces Mrs. Phyllis Hoskins.

Mrs. Horky is a graduate of West Liberty State College, West Liberty, W. Va., with a B. S. degree in education. She taught two years at Shadyside, near Wheeling, W. Va.

Miss Moody is a 1957 graduate of Monroe Twp. High School and holds a cadet teaching certificate from Ohio University, Athens.

Fred A. Hebbeler, Columbus, was employed to teach music at Darby, Monroe and Muhlenberg schools. He replaces Mrs. Catherine Wagner. He is a graduate of Capital University, Bexley.

Pattie Lupfer, Canal Winchester, will teach mathematics and science at Jackson Twp. school. She replaces John Montgomery. She is a graduate of Heidelberg College.

* * *

MISS PHYLLIS Ann Tackett, Olive Hill, Ky., will teach commercial subjects at Jackson Twp. She replaces Miss Jeannette Noland. Miss Tackett is a graduate of Morehead State College.

The following includes teachers, addresses, subjects taught, years experience, colleges; bus drivers, addresses and years driving; cooks and their addresses, and custodians and their addresses.

Atlanta — Teachers: Herbert Brown, Mt. Sterling, geometry, algebra, Latin, shop and chemistry, 36 years, Bowling Green State College; Mrs. Kathleen Bush, New Holland, grades one and two, 25 years, Ohio University;

Mrs. Josephine Hardin, Asbville, commercial subjects, 20 years, Marietta; Warren Hobble, Atlanta, history, high school mathematics, junior high physical education and principal, 33 years, Wilmington;

Russel McDill, Williamsport, grades seven and eight, 23 years, Ohio University; Florence McGhee, Route 2, Williamsport, grades five and six, 21 years, Ohio University;

Bessie Newton, Route 1, New Holland, grades three and four, 10 years, Ohio Wesleyan; Cornelia Parrett, Washington C. H., music (2 days per week), 16 years, Ohio Wesleyan;

* * *

PAULINE PATRICK, Route 1, home economics, science, English, girls' physical education, 7 years, Ohio University; James Shaw, 119 Parkview, coach, English, government, law, 2 years plud 4 years military training, Rio Grande

Bus Drivers: George Donohoe, Box 89, Atlanta, driver of bus No. 3-A, John B. Farmer, Box 47, Atlanta, driver of bus No. 1-A and Eugene Warnock, Route 1, New Holland, driver of bus No. 2-A.

Cafeteria workers: Cynthia Conway and Opal Drake, Atlanta, Vivian Brooks, Box 77, Atlanta, janitor.

Darby — Teachers: Lowell Anderson, Route 1, Kingston, grade six, 1 year, Capital University; Garrett Christy, Mt. Sterling, grade seven, 41 years.

Gladys Downs, Route 1, Orient, grade three, 23 years, Ohio University; Jane Gulick, Route 1, Orient, grade two, 13 years, Wilmington;

Charlotte Hayden, Commercial Point, grade one, 14 years; Fred A. Hebbeler, Columbus, music (derby, Monroe and Muhlenberg), replacing Catherine Wagner, none, Capital University;

* * *

MARGARET MAYBERRY, Columbus, social science and commercial, replacing Jerry Morgan, 1 year, Ohio State University; John McPherson, Derby, grade eight and coach, 25 years, Ohio University;

Grace Newton, Route 1, Ashville, home economics and girls' physical education, 7 years, West Virginia University; Ned Reichelderfer, Derby, agriculture science, coach and driver training, 2 years, Ohio University;

June Sheets, Route 1, Williamsport, grade five, 16 years, Capital University; Donald Taylor, Derby, commercial (principal), 11 years, Wilmington;

Stella Trump, grade four, 15 years, Cedarville; Robert Vandervort, industrial arts, mathematics and science, replacing Robert Boggs, 11 years, Wilmington and Ohio Wesleyan;

Bus drivers: Emil Bauhan, Derby, driver of bus No. 2-D; Maxwell Graham, Route 1, Orient, driver of bus No. 4-D; John McPherson, Derby, driver of bus No. 1-D, and Elzie Phillips, Derby, driver of bus No. 3-D.

Cafeteria workers: Winifred Conley, Derby, and Geraldine McPherson, Derby. Willie Williams is janitor at Darby.

* * *

JACKSON — TEACHERS: Ruth Anderson, Route 3, grade three, 19 years, Rio Grande and Kent; Sally Anderson, 900 Lincoln Drive, home economics, speech and journalism, 6 years, Muskingum;

James Brown, Route 4, history and geography, 1 year, Trevecca; Vica Dillon, 108½ S. Pickaway St., grade six, 28 years, Rio Grande and Marshall;

Hillis Hall, 207 Cedar Heights Road, vocational agriculture, 21 years, Ohio State University; Mary Hamilton, 574 Springhollow Road, music and Latin, 32 years, Ohio State University;

Betsy Horky, 114 Mingo St., English, replacing Earl Bowser, 2 years, West Liberty State, W. Va.; Paul Hoskins, Route 1, coach, social science and geography, 3 years, Morehead State;

Pattie Lupfer, Route 2, Canal Winchester, mathematics and science, replacing John Montgomery, none, Heidelberg; Dhel Renick, Route 3, grade five, 32 years;

Ann Short, Box 307, grade two, 3 years, St. Marys of the Springs;

NELL ATER

Margaret Starkey, Route 4, grade one, 5 years, Eastern Kentucky State;

* * *

PHYLLIS ANN TACKETT, Olive Hill, Ky., commercial, replacing Jeannette Noland, none, Morehead

Dropouts Show Guidance Need

Educator Urges New Programs

Every year, an estimated 900,000 students leave high schol without graduating. What's the reason?

Contrary to popular belief, these dropouts are not lagging students "straining at the leash to leave school," says Dr. Seymour L. Wolfbein, chief of the manpower and employment division of the Bureau of Labor Statistics in Washington.

Wolfbein, who made a survey covering 10,000 dropouts, says the largest group of students quit school because of difficulties first experienced in elementary school.

Thirty-eight per cent of the boys who quit school and 31 per cent of the girls blamed "adverse school experience."

"To go to work," was the answer given by 25 per cent of the boys and 12 per cent of the girls.

"Reached age sixteen," was the reason of 6 per cent of the boys, 4 per cent of the girls.

* * *

"MILITARY service," — boys 6 per cent; "marriage," girls, 27 per cent.

Wolfbein believes the greatest attention should be given students who leave school because of "adverse experiences." He recommended a grade - level guidance program to combat these problems.

"We teach a young person to read and spell in the elementary grades before we present him with 'The Lady of the Lake' as an assignment in high school," Wolfbein said.

"Perhaps we should also develop attitudes and information orienting the young person to such environmental forces as the world of work in the grades before presenting him with frmal guidance programs at the high school level."

The study showed that 85 per cent of the dropouts were behind their age group by at least one year, while 53 per cent were behind by two or more years of school work.

Wolfbein says retardation in studies begins in elementary grades and reaches itspe ak at the high school level.

New Profile On Typical Schoolmarm

The image of the typical school teacher as a waspish spinster is out of date.

A fourth of the nation's 1,100,000 school teachers are men, and 60 per cent of the females are or have been married.

This has been discovered by Sloan Wayland, professor of education at Teachers College, Columbia University, and Edmund de S. Brunner, chairman of the Bureau of Applied Social Research at Columbia.

The researchers found that male teachers, after dropping from 21 per cent of the teacher total in 1910 to 16 per cent in 1930, increased to 25 per cent by 1950. The number of male teachers doubled from 1910 to 266,000 in 1950.

Women, the researchers found, often return to teaching after their children have grown up. White the overall percentage of women teachers was found to be 75, women represent only 64 per cent of all teachers in the age group 25 to 29.

But in the 50 to 55 age group, women comprise 81 per cent of the total teaching force.

School Fashions for Boys To Be Dressiest in Years

This year's school fashions for boys can be summed up in one word: Dressy.

Even the "sloppy Joes" will be tempted to chuck their dirty bucks, sweatshirts and denims for this year's fashions. From kindergarten to college, styles are smart and appealing.

Ivy still is the popular style in suits as well as sport coats and slacks combinations. Three-botton, single-breasted jackets have something new this year — flap pockets and center vents. Trousers are slim - tapered with plain, unpleated fronts.

Finished worsteds, hopsacking weaves, flannel and cheviots are the most popular fabrics for suits, and shades are on the dark side, with some call for mediums.

Some students, even down into the elementary grades, will show up at school in suits with the "Continental" influence. More suits for younger students come in stripes and checks this year.

* * *

BLAZERS are big. Flannel is the popular fabric, but has competition from hopsacking and shetlands.

Sweaters, as usual, are tops on the popularity ladder, ranging from crew-neck and boat-neck styles to cardigans. For outdoors wear, stadium coats feature snug interlingings and fur-look collars.

Dress shirts have button-down collar styles, round pinned collars and plenty of tab types. White and blue are the predominate colors, with neat stripe varieties showing a rising popularity.

Neckties are richer in color, but with subtle patterns to go with conservative styles. Knit ties and stripes continue on the most-favored list.

Sport shirts have a more elegant look, in printed patterns as well as solid colors with button-down collars.

Upper grade high school and college students — those who more often wear topcoats — have their choice of ragland sleeve balmacaans and single-breasted chesterfield types in hopsack weave, plain twill and cheviot herringbone.

Socks are dressier, too, with dark solids in strong favor. Argyles in a variety of bright color combinations capture the sports and outdoor wear.

11 Custodians Tend Schools

Eleven custodians tend the City school system's eight school plants.

In addition to caring for the high school building there are seven elementary schools — Corwin, Walnut, South Court, Atwater, High Street, Franklin - Mound and Wayne Twp.

The custodians, their addresses and years service are: Lewis Conraw, 345 E. Union St., one; James Cupp, Route 1, three; Frank Davis, 608 S. Pickaway St., five;

Bob Jones, 328 E. Ohio St., five John Lewis, 708 S. Washington St., three; Everett Lutz, 836 S. Scioto St., five; Freeman Lutz, 211 E. High St., eight;

Charles Richardson, 518 E. Franklin St., eight; John Sabine, 327 E. High St. (rear), one; Ralph Ward, 131 Walnut St., nine, and Ray Ward, 359 Watt St., one.

New School Built On Swampland

NEW ORLEANS (AP) — Because of land shortage in this swamp - surrounded city, architect Charles R. Colbert resorted to "stilt architecture" in designing the new Phillis Wheatley Elementary School.

The building sits on steel trusses supported by columns, about 12 feet above the ground.

Facilities for the school's 900 students are on less than one-sixth the ground normally required for a school of the same size. Total cost was $507,000, or about $10 a square foot, the least expensive schoolhouse per square foot built in New Orleans since World War II.

Circleville School Year Is 176 Days

Children in the Circleville school system will attend classes 176 days during the 1959-60 school year, according to the school calendar released recently.

School will start September 1 and close June 1, 1960. Labor Day will be celebrated on September 7 with a holiday and a teachers' meeting will be held September 18, another day of no school.

School will be excused October 15 and 16 for Pumpkin Show. Thanksgiving will be celebrated on November 26 and 27 with no school.

Christmas vacation will start December 19 and last until Jan. 4, 1960. There are no other holidays in January. School will be excused Feb. 22, 1960 to celebrate George Washington's birthday.

* * *

EASTER VACATION will be observed on April 15 and 17, 1960. School will be out for Memorial Day, to be observed on May 30, 1960 and a teachers' meeting will be held the following day, May 31, 1960.

November, 19 school days and two holidays; December, 14 school days and two weeks vacation; January, 20 school days; February, 20 school days and one holiday;

March, 23 school days; April, 19 school days and two holidays; May, 20 school days, one teachers' meeting and one holiday, and June, one school day.

8th Graders Get Algebra

COLUMBUS, Ohio (AP) — Algebra has a bad reputation among eighth graders here, and school officials have set out to do something about it.

They've found that many pre-high school students are afraid of algebra and although it's required for many college courses and considered an important course for all high school students, too few are signing up to take it.

To counteract the belief that algebra is "hard" and to be avoided at all costs upon entering high school, the Columbus Board of Education has okayed some algebra in eighth grade arithmetic classes.

It will be just a "flavor" of algebra, but officials hope it will be enough to dispel fears of the signs, symbols and equations of that branch of mathematics.

Students also will be allowed to take algebra after the freshman year of high school, but may have to attend special makeup classes in five of the city's high schools. On the other hand, they may transfer from algebra to arithmetic classes if they still find the subject too difficult.

New Office For Guidance

CHS Expands Duties Of Richard Snouffer

A large book room adjacent to the Circleville High School principals office has been made into an office for assistant principal, Richard Snouffer.

A door was cut through to the general office giving Snauffer access to office help and the high school files.

Snouffer will have four periods for counseling which is a new addition to the guidance program.

He teaches four periods of freshman guidance. Snouffer will be in full time guidance work this year and is in charge of the schools' guidance program.

* * *

SNOUFFER has a master's degree, majoring in guidance. He also will hold a permanent principals' certificate.

"Circleville schools have grown out of the "baby size" into a large city system", Superintendent George A. Hartman said today. Enrollment has more than doubled in the past nine years and the enrollment avalanche is due to hit the high school during the next four years, Hartman continued.

As the school grows the physical set-up must keep pace if Circleville is to keep the high standing it has established with the State Department of Education and North Central Association of Secondary Schools and Colleges, Hartman concluded.

Circlevillle Has College English

The Circleville school system is taking strides to offset college trends of eliminating pupils who are weak in English.

The school system has created two new sections of college preparatory English in the junior year of high school and four sections of preparatory English for seniors.

Mrs. Clark Will will teach the four new senior classes. Mrs. William McGinnis will instruct the regular junior English classes and Gordon Anderson will have the three sections of special junior English.

Redecorated Kingston-Union School Building Is Ready

Kingston-Union school officials today announced that the school plant has been redecorated during the summer months.

Principal Gary Walsh stated today that several rooms in the elementary building have been painted and plastered, the floors refinished and some new wiring installed.

The elementary playground swings have been replaced and rebuilt. A new multi-purpose basketball court, 70 feet by 65 feet, also has been added.

Blacktop has been laid around the sliding boards and merry-go-round. Additional school texts and reference material have been purchased.

* * *

MANY ROOMS have been plastered and rewired in the old portion of the high school building. The first floor walls have been painted.

New light fixtures have been added to the industrial arts room and new light fixtures have been installed in many of the rooms. The rest rooms and secretary's office also have been painted.

The cafeteria tables have been reworked and new full-length benches have been made to replace chairs in the cafeteria. A new dishwasher is to be installed and two new tables were purchased.

A refrigerator, electric stove, washer and drier have been placed in the home economics department. They were obtained from Shepler Hardware, Kingston.

Stoves have been installed in the home economics department. They were obtained from the Gas Co.

The high school gymnasium floor has been refinished and benches in the gym were sanded and refinished.

A new scoreboard has been installed in the gym and new desk chairs and folding chairs were purchased. A total of $1,000 worth of additional science equipment was purchased. New texts and reference materials were purchased plus some band instruments.

Teays Valley Meals To Cost More This Year

Teays Valley School District school lunches will be raised 5 cents over last year's student and teacher charges.

Children's lunches will be raised from 25 cents to 30 cents. Teachers' lunches will jump to 40 cents after being 35 cents during the past several years.

College Prof Self-Taught

CHAMPAIGN, Ill. (AP) — A retired business executive, whose formal education ended with the eighth grade, is teaching three courses at the Unifersity of Illinois.

Franzy Eakin, 66, is instructing two undergraduate courses on management and a graduate course on high level policy evaluation.

"I dimly recall that when I went to school at the age of six, I kept myself buried in books," he said. "When I lived in St. Louis, I went to the library and worked all day and then went back at night and stayed until they ran me out. And I'd ride a streetcar 12 miles to do it."

Eakin became a certified public accountant in 1923. He joined the A. E. Staley Manufacturing Co., in Decatur, Ill., in 1932 as comptroller and retired in 1953 as a director and vice president in charge of labor relations.

Harvard university is the oldest college in the United States.

Dropouts Show Guidance Need

Educator Urges New Programs

Every year, an estimated 900,000 students leave high schol without graduating. What's the reason?

Contrary to popular belief, these dropouts are not lagging students "straining at the leash to leave school," says Dr. Seymour L. Wolfbein, chief of the manpower and employment division of the Bureau of Labor Statistics in Washington.

Wolfbein, who made a survey covering 10,000 dropouts, says the largest group of students quit school because of difficulties first experienced in elementary school.

Thirty-eight per cent of the boys who quit school and 31 per cent of the girls blamed "adverse school experience."

"To go to work," was the answer given by 25 per cent of the boys and 12 per cent of the girls.

"Reached age sixteen," was the reason of 6 per cent of the boys, 4 per cent of the girls.

* * *

"MILITARY service," — boys 6 per cent; "marriage," girls, 27 per cent.

Wolfbein believes the greatest attention should be given students who leave school because of "adverse experiences." He recommended a grade - level guidance program to combat these problems.

"We teach a young person to read and spell in the elementary grades before we present him with 'The Lady of the Lake' as an assignment in high school," Wolfbein said.

"Perhaps we should also develop attitudes and information orienting the young person to such environmental forces as the world of work in the grades before presenting him with frmal guidance programs at the high school level."

The study showed that 85 per cent of the dropouts were behind their age group by at least one year, while 53 per cent were behind by two or more years of school work.

Wolfbein says retardation in studies begins in elementary grades and reaches itspe ak at the high school level.

New Profile On Typical Schoolmarm

The image of the typical school teacher as a waspish spinster is out of date.

A fourth of the nation's 1,100,000 school teachers are men, and 60 per cent of the females are or have been married.

This has been discovered by Sloan Wayland, professor of education at Teachers College, Columbia University, and Edmund de S. Brunner, chairman of the Bureau of Applied Social Research at Columbia.

The researchers found that male teachers, after dropping from 21 per cent of the teacher total in 1910 to 16 per cent in 1930, increased to 25 per cent by 1950. The number of male teachers doubled from 1910 to 266,000 in 1950.

Women, the researchers found, often return to teaching after their children have grown up. While the overall percentage of women teachers was found to be 75, women represent only 64 per cent of all teachers in the age group 25 to 29.

But in the 50 to 55 age group, women comprise 81 per cent of the total teaching force.

School Fashions for Boys To Be Dressiest in Years

This year's school fashions for boys can be summed up in one word: Dressy.

Even the "sloppy Joes" will be tempted to chuck their dirty bucks, sweatshirts and denims for this year's fashions. From kindergarten to college, styles are smart and appealing.

Ivy still is the popular style in suits as well as sport coats and slacks combinations. Three-botton, single-breasted jackets have something new this year — flap pockets and center vents. Trousers are slim - tapered with plain, unpleated fronts.

Finished worsteds, hopsacking weaves, flannel and cheviots are the most popular fabrics for suits, and shades are on the dark side, with some call for mediums.

Some students, even down into the elementary grades, will show up at school in suits with the "Continental" influence. More suits for younger students come in stripes and checks this year.

* * *

BLAZERS are big. Flannel is the popular fabric, but has competition from hopsacking and shetlands.

Sweaters, as usual, are tops on the popularity ladder, ranging from crew-neck and boat-neck styles to cardigans. For outdoors wear, stadium coats feature snug interlingings and fur-look collars.

Dress shirts have button-down collar styles, round pinned collars and plenty of tab types. White and blue are the predominate colors, with neat stripe varieties showing a rising popularity.

Neckties are richer in color, but with subtle patterns to go with conservative styles. Knit ties and stripes continue on the most-favored list.

Sport shirts have a more elegant look, in printed patterns as well as solid colors with button-down collars.

Upper grade high school and college students — those who more often wear topcoats — have their choice of ragland sleeve balmacaans and single-breasted chesterfield types in hopsack weave, plain twill and cheviot herringbone.

Socks are dressier, too, with dark solids in strong favor. Argyles in a variety of bright color combinations capture the sports and outdoor wear.

11 Custodians Tend Schools

Eleven custodians tend the City school system's eight school plants.

In addition to caring for the high school building there are seven elementary schools — Corwin, Walnut, South Court, Atwater, High Street, Franklin - Mound and Wayne Twp.

The custodians, their addresses and years service are: Lewis Conraw, 345 E. Union St., one; James Cupp, Route 1, three; Frank Davis, 608 S. Pickaway St., five;

Bob Jones, 328 E. Ohio St., five John Lewis, 708 S. Washington St., three; Everett Lutz, 836 S. Scioto St., five; Freeman Lutz, 211 E. High St., eight;

Charles Richardson, 518 E. Franklin St., eight; John Sabine, 327 E. High St. (rear), one; Ralph Ward, 131 Walnut St., nine, and Ray Ward, 359 Watt St., one.

New School Built On Swampland

NEW ORLEANS (AP) — Because of land shortage in this swamp - surrounded city, architect Charles R. Colbert resorted to "stilt architecture" in designing the new Phillis Wheatley Elementary School.

The building sits on steel trusses supported by columns, about 12 feet above the ground.

Facilities for the school's 900 students are on less than one-sixth the ground normally required for a school of the same size. Total cost was $507,000, or about $10 a square foot, the least expensive schoolhouse per square foot built in New Orleans since World War II.

Circleville School Year Is 176 Days

Children in the Circleville school system will attend classes 176 days during the 1959-60 school year, according to the school calendar released recently.

School will start September 1 and close June 1, 1960. Labor Day will be celebrated on September 7 with a holiday and a teachers' meeting will be held September 18, another day of no school.

School will be excused October 15 and 16 for Pumpkin Show. Thanksgiving will be celebrated on November 26 and 27 with no school.

Christmas vacation will start December 19 and last until Jan. 4, 1960. There are no other holidays in January. School will be excused Feb. 22, 1960 to celebrate George Washington's birthday.

* * *

EASTER VACATION will be observed on April 15 and 17, 1960. School will be out for Memorial Day, to be observed on May 30, 1960 and a teachers' meeting will be held the following day, May 31, 1960.

November, 19 school days and two holidays; December, 14 school days and two weeks vacation; January, 20 school days; February, 20 school days and one holiday;

March, 23 school days; April, 19 school days and two holidays; May, 20 school days, one teachers' meeting and one holiday, and June, one school day.

8th Graders Get Algebra

COLUMBUS, Ohio (AP) — Algebra has a bad reputation among eighth graders here, and school officials have set out to do something about it.

They've found that many pre-high school students are afraid of algebra and although it's required for many college courses and considered an important course for all high school students, too few are signing up to take it.

To counteract the belief that algebra is "hard" and to be avoided at all costs upon entering high school, the Columbus Board of Education has okayed some algebra in eighth grade arithmetic classes.

It will be just a "flavor" of algebra, but officials hope it will be enough to dispel fears of the signs, symbols and equations of that branch of mathematics.

Students also will be allowed to take algebra after the freshman year of high school, but may have to attend special makeup classes in five of the city's high schools. On the other hand, they may transfer from algebra to arithmetic classes if they still find the subject too difficult.

New Office For Guidance

CHS Expands Duties Of Richard Snouffer

A large book room adjacent to the Circleville High School principals office has been made into an office for assistant principal, Richard Snouffer.

A door was cut through to the general office giving Snauffer access to office help and the high school files.

Snouffer will have four periods for counseling which is a new addition to the guidance program.

He teaches four periods of freshman guidance. Snouffer will be in full time guidance work this year and is in charge of the schools' guidance program.

* * *

SNOUFFER has a master's degree, majoring in guidance. He also will hold a permanent principals' certificate.

"Circleville schools have grown out of the "baby size" into a large city system", Superintendent George A. Hartman said today. Enrollment has more than doubled in the past nine years and the enrollment avalanche is due to hit the high school during the next four years, Hartman continued.

As the school grows the physical set-up must keep pace if Circleville is to keep the high standing it has established with the State Department of Education and North Central Association of Secondary Schools and Colleges, Hartman concluded.

Circlevillle Has College English

The Circleville school system is taking strides to offset college trends of eliminating pupils who are weak in English.

The school system has created two new sections of college preparatory English in the junior year of high school and four sections of preparatory English for seniors.

Mrs. Clark Will will teach the four new senior classes. Mrs. William McGinnis will instruct the regular junior English classes and Gordon Anderson will have the three sections of special junior English.

Redecorated Kingston-Union School Building Is Ready

Kingston-Union school officials today announced that the school plant has been redecorated during the summer months.

Principal Gary Walsh stated today that several rooms in the elementary building have been painted and plastered, the floors refinished and some new wiring installed.

The elementary playground swings have been replaced and rebuilt. A new multi-purpose basketball court, 70 feet by 65 feet, also has been added.

Blacktop has been laid around the sliding boards and merry-go-round. Additional school texts and reference material have been purchased.

* * *

MANY ROOMS have been plastered and rewired in the old portion of the high school building. The first floor walls have been painted.

New light fixtures have been added to the industrial arts room and new light fixtures have been installed in many of the rooms. The rest rooms and secretary's office also have been painted.

The cafeteria tables have been reworked and new full-length benches have been made to replace chairs in the cafeteria. A new dishwasher is to be installed and two new tables were purchased.

A refrigerator, electric stove, washer and drier have been placed in the home economics department. They were obtained from Shepler Hardware, Kingston.

Stoves have been installed in the home economics department. They were obtained from the Gas Co.

The high school gymnasium floor has been refinished and benches in the gym were sanded and refinished.

A new scoreboard has been installed in the gym and new desk chairs and folding chairs were purchased. A total of $1,000 worth of additional science equipment was purchased. New texts and reference materials were purchased plus some band instruments.

Teays Valley Meals To Cost More This Year

Teays Valley School District school lunches will be raised 5 cents over last year's student and teacher charges.

Children's lunches will be raised from 25 cents to 30 cents. Teachers' lunches will jump to 40 cents after being 35 cents during the past several years.

Coach Concerned On Small Turnout Of CHS Frosh

Circleville High School Football Coach Carl K. Benhase today expressed both satisfaction and disappointment following yesterday's issue of equipment to Tiger grid candidates.

Coach Benhase was more than concerned and disappointed when it was learned that only 10 freshmen showed up to collect practice gear, a surprising circumstance in that this year's Circleville freshmen class will have more than 100 boys enrolled.

Benhase, a firm believer in teaching football fundamentals to freshmen and younger grid candidates, said this small turnout could have an adverse effect on future CHS football.

The Tiger coach, starting his first year here, said emphatically that he and his staff would do the utmost in working with and teaching football to freshmen hopefuls. He said that an urgent request will be made for more first-year high schoolers to join the team.

* * *

THE NEW grid mentor said freshmen candidates will get special attention from the coaches and that a freshman squad playing on a schedule of its own will be organized if enough boys try out for the team.

In the past at least 30 freshmen have reported for the squad each year, even when enrollment was smaller. Coach Benhase said he knows the freshmen football potential is here, but that the current problem seems to be in getting the boys to come out.

Coach Benhase, who worked wonders with freshmen and sophomores during his three-year stay at Berne Union, emphasized that the gridiron future of a school largely depends on football learned in the freshmen and sophomore classes. He ended his comments by inviting all interested freshmen to come pick up a uniform.

Members of the local coaching staff said a total of 49 candidates received uniforms and gear at the school yesterday. An orientation is scheduled at 2 p. m. today at the school and practice sessions start tomorrow at the S. Court St. Elementary School.

Physicals for all candidates were conducted last night at the local gym. Dr. Paul Routzahn and Dr. Ray Carroll donated their time and services to check out the Tiger grid force.

Buffalo Fans Like Phillips

By THE ASSOCIATED PRESS

You have to hand it to Buffalo's Jack Phillips—he's a crowd pleaser.

The Bisons' outfielder had drawn 9,651 fans into the stands at Buffalo Tuesday night in honor of "Jack Phillips Night."

In the third inning, with Buffalo leading 1-0, Phillips stepped to the plate with the bases loaded and—of curse—smacked a grand slam homer.

The 6-0 Bison victory over last-place Toronto snapped a three-game losing streak for the league leaders and upped their edge over runner-up Havana to 6½ games.

The Sugar Kings split a double-header with Richmond, winning 6-3 after losing the opener 3-2. Third-place Columbus remained 7½ back with a 4-3, 10 inning triumph over Miami. Montreal defeated Rochester 14-4.

In Miami, John Jaciuk's two-out single drove in Ken Hamlin, who had dubled, with the winning run for the Jets. The Marlins had tied it in the ninth when a throwing error by catcher Danny Baich allowed Fred Valentine to score.

San Franciscan Tops Casting Test

COLUMBUS, Ohio (AP)—Lots of fish lines were wetted here Tuesday but no one caught any fish—and this didn't worry the fishermen.

It was all part of the National Assn. of Angling and Casting Clubs' 51st annual tournament and convention.

Jon Tarantine, all-around and all-distance champion from San Francisco, won the first event with a total of 2,808 points. He earned 39 points for accuracy and cast an average of 127 feet in the combined distance and accuracy fly casting.

Toledo's Marion Garber cast himself into second place with 2,528.8 points, earning 39 for accuracy and averaging 134 feet in the cast.

DEATH ENDS A DREAM—A fatal attack of sleeping sickness ends career of Freddie Nelson Hancock of Wilson, N. C., before it could begin. Hancock, who died in Columbus, O., was undergoing a tryout as a pitcher for the Pittsburgh Pirates baseball club, a team he had hoped to play for ever since childhood.

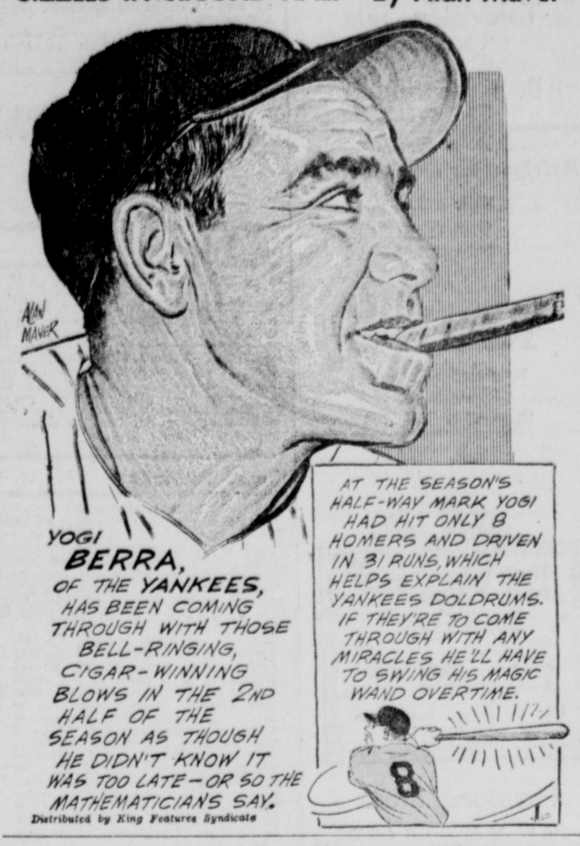
SIZZLES IN SECOND HALF - By Alan Maver



Herald Takes 1st Playoff over Coke

The Circleville Herald polished off the Coca-Cola Jets 9-1 last night at Ted Lewis Park to take the first of a three-game series to decide the local Little League Majors championship.

The stellar four-hit pitching of Tommy Copeland was a vital factor in giving The Herald the important victory. The steady hurler served a homerun pitch to Steve Dade in the second inning, then bore down to control the potent Coke bats for the remainder of the evening.

Copeland, receiving some solid assistance from his Herald mates who jumped on pitcher Chet Iery for eight hits, aided his own cause with a circuit clout in the third frame.

Jim Wells of The Herald had a perfect night at the plate, poking two singles and a double in three trips and scoring two runs.

* * *

DAVID BASS was another big gun for the winners, getting two singles in two times at bat and tallying three runs.

The Herald picked up a run in the first when Bass got on by an error and came home on a passed ball. The winners got two more in the second on singles by Wells and Jim Diltz and a bobble of Bob Purcell's poke.

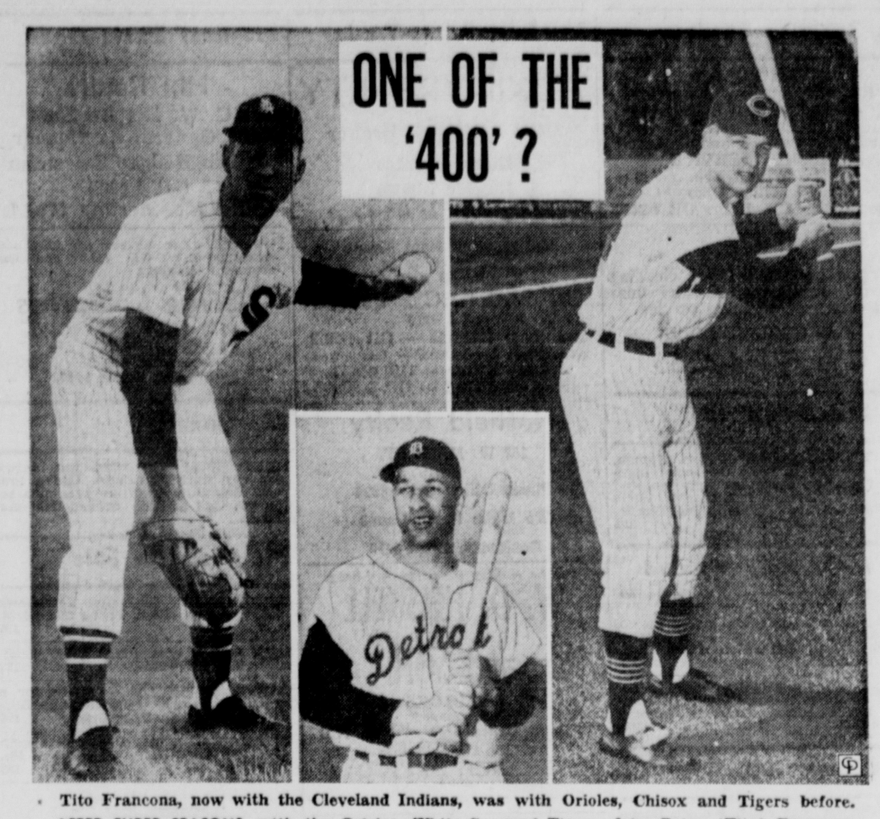
Five big runs for The Herald came in an explosive third inning, with the fireworks being provided by doubles on the part of Wells and Purcell, Copeland's homer and a single by Bass. The final tally was in the fourth when Bass singled and reached home as the result of two errors.

Coca Cola made its bid in the second when Dade connected for his four-bagger. Shortstop Chip Harrod was hit by a pitch in this inning and Chet Iery came through with a single, but neither runner was able to score.

Coke's Dave Iery cracked a single in the third and Arnie Gabrial had one in the fourth, but both men died on the base paths.

The Herald played errorless ball. Coca Cola, keyed up for the playoff, committed four bobbles.

The two teams go at it again at 5:30 p. m. Thursday. One more win by The Herald will sew up the championship. A victory Thursday by Coca Cola will require another game Friday.



Tito Francona, now with the Cleveland Indians, was with Orioles, Chisox and Tigers before. **AFTER THREE SEASONS,** with the Orioles, White Sox and Tigers, John Patsy (Tito) Francona, now with the Indians, finally has arrived as a hitting star. Francona, currently hitting around the .400 mark, won't win the batting title, however, for he got a late start as a regular and won't have the required number of times at bat (477) to be recognized as the batting champ. Francona, 25, bats and throws left and plays both first base and the outfield. *(Central Press)*

Aerial Game Is Problem For Browns

HIRAM, Ohio (AP)—A capable passing attack to go with fullback Jim Brown's powerful running is the chief offensive problem facing the Cleveland Browns.

After a workout Tuesday which pleased him, coach Paul Brown summed it up:

"We'll be all right if the quarterback is accurate enough and if the offensive line gives him time to throw the football."

Jim Ninowski, who will get first shot at the job, has been alternating with Milt Plum at the quarterback position during the training sessions.

Four players from the College All-Star squad have been working hard to catch up with the Cleveland plays. They are quarterbacks Bob Ptacek, voted the most valuable collegian in last Friday night's game, and linemen John Wooten of Colorado and Fran O'Brien of Michigan State, plus end Rich Kreitling of Illinois.

Another rookie, Ohio State's Dick Schafrath, was sent to a hospital Tuesday for an examination of a face injury he recieved in the All-Star game against the Baltimore Colts. Slated to try out at defensive end, Schafrath now has been set back on his bid to make the team by a concussion and a slight fracture of the cheek bone.

The Browns meet the Detroit Lions in a National Football League exhibition game at Akron's Rubber Bowl Saturday night.

Finsterwald Eyed By Money Players

AKRON, Ohio (AP)—Golf's big money players will be keeping an eye on Dow Finsterwald in the $22,000 Rubber City Open when a field of 132, including 18 amateurs, fees off Thursday in the 72-hole, medal-play test.

Finsterwald, 29 - year - old Ohio University graduate who was beaten in the Rubber City Open playoff last year by Art Wall Jr., shot a six-under-par 65 in a practice round Tuesday at Firestone Country Club.

A victory two weeks ago in the Cleveland Open boosted Finsterwald to fourth spot on the money-making list, which Wall heads.

Germany has four major rivers —the Rhine, Elbe, Weser and Oder.

Legal Notices

LEGAL NOTICE

Notice is hereby given that on July 20th, 1959, there was presented to the Board of Commissioners of Pickaway County, State of Ohio, a petition signed by a majority of the adult freeholders residing within the following described territory in the County of Pickaway, State of Ohio, and in the Township of Circleville, to-wit:

Being a part of Section No. 20, Township 11, Range 21, Pickaway County, Ohio, and bound as follows: Beginning at a point in the south line of the Frank L. Gorsuch Avondale Addition at its intersection by the present corporation line, thence with the corporation line north 2 deg. 30 min. east 621.39 feet to a point in the north line of aforesaid addition; thence south 86 deg. 42 min. east 511.48 feet to an iron pin; thence south 2 deg. 25 min. west 620 feet to an iron pin; thence north 86 deg. 51 min. west 507.5 feet to the place of beginning, containing 7.26 acres.

This tract includes all of Lots No. 16, 17, 18, 19, 20, 21, 22, 23, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48 49 50 51 52 and parts of Lots No. 15 24, 36 and 53.

and praying therein that said territory may be annexed to the City of Circleville, Ohio, which petition is now on file in the Office of the Auditor of Pickaway County, Ohio; and designating the undersigned to act as the agent of the petitioners, as required by law.

The said Board of Commissioners has fixed September 28th 1959, at 3:00 o'clock P. M., as the time for hearing said Petition at the ofice of the Commissioners in Court House, Circleville, Pickaway County, Ohio.

George F. Zimpfer

PROBATE COURT,
PICKAWAY COUNTY, OHIO

Louis Martin, Administrator of the Estate of Martin Turner Deceased, Plaintiff

vs

Hattie Turner, Minnie Helen Tucker, Margaret E. Athy, Ruth Slattery, 1904 Summit Street, Columbus, Ohio, Mrs. Dorothy Hancher, 350 W. State Street, Springfield, Ohio, all the unknown heirs and next of kin of Walter Turner, deceased and all he unknown heirs and next of kin of Martin Turner, Deceased, and State of Ohio, Department of Welfare, Division of Aid for the Aged. Defendants

No. 19558

LEGAL NOTICE BY PUBLICATION

Hattie Turner, who resides at the Hoover Nursing Home, 739 Obetz Road, Columbus, Ohio, Minnie Helen Tucker, Rockbridge, Ohio, Margaret E. Athy, address unknown, Ruth Slattery, 1904 Summit Street, Columbus, Ohio, Mrs. Dorothy Hancher 350 W. State Street, Springfield, Ohio, and all the unknown heirs and next of kin of Walter Turner, deceased, and all the unknown heirs and next of kin to Martin Turner, deceased, will take notice that Louis B. Martin, administrator of the estate of Martin Turner, deceased, on the 17th day of August, 1959, filed his petition in the Probate Court within and for the County of Pickaway, and State of Ohio, alleging that the personal estate of said decedant is insufficient to pay his debts and the charges of administering his estate; that he died seized in fee simple of the following described real estate, situate in said county, to wit: Being the undivided one half interest of the following described property. Situated in the County of Pickawav, State of Ohio and Township of Perry and bounded and described as follows:

Being a part of original survey No. 6274 near Atlanta, Ohio: east corner to the lot of John Vaughn; thence with said Vaughn's line; N. 11 deg. 45' E 218 feet to an iron pin in the south line of land of the Pennsylvania Railroad Company; thence with said company's line N. 83 deg. 45' E 109 efet to an iron pin; thence S 11 deg. 45' 285 feet to an iron pin in the centerof the Urbana Road; thence with said road N. 60 deg. 45' W 109 feet to the beginning containing sixty one-hundredths (60-100) o anf acre of land more or less. Recorded in Vol. 100 page 246 of Record of Deeds Picaway County, Ohio.

Being the same premises conveyed by C. G. Campbell and Ida Campbell, his wife, to Martin Turner and Hattie Turner, his wife, by deed dated Sept. 15, 1920, and recorded in Deed Record 100, page 246 of the Picaway County Ohio Deed Records.

The prayer of said petition is for the sale of said premises for the payment of debts and charges aforesaid.

The persons above mentioned will further tae notice that they have been made paries defendant to said petition and hat they are required to answer the same on or before the 17th day of October, A.D. 1959.

Louis B. Martin
Administrator of the estate of Martin Turner, Deceased
Lemuel B. Weldon, Attorney
for Louis B. Martin
Aug. 19, 26, Sept. 2, 9, 16, 23, 30, 1959.

Learn of the Past

HAVANA, Ill. (AP) — Excavation of the Eveland Site near here is expected to give more information about the Middle Mississippian Indians who lived in the area about 900 to 1,000 A. D.

Eveland Site, possible location of an Indian village, is near a huge burial hill containing 233 known Indian burials.

God Not Just an M.D.

PHILADELPHIA, (AP) —A new York psychiatrist, who once was a Lutheran pastor, told a meeting here that too many people try to make God a "substitute for a Blue Cross program."

"When you need Him," said Dr. Paul A. Qualben, "you call Him down. Then when you're finished with Him, you send Him back."

Legal Notices

LEGAL NOTICE

Notice is hereby given that on July 20th, 1959, there was presented to the Board of Commissioners of Pickaway County, State of Ohio, a petition signed by a majority of the adult freeholders residing within the following described territory in the County of Pickaway, State of Ohio, and in the Township of Circleville, to-wit:

Being a part of Section No. 20, Township 11, Range 21, Pickaway County, Ohio, and bound as follows: Beginning at a point in the south line of the Frank L. Gorsuch Avondale Addition at its intersection by the present corporation line, thence with the corporation line north 2 deg. 30 min. east 621.39 feet to a point in the north line of aforesaid addition; thence south 86 deg. 42 min. east 511.48 feet to an iron pin; thence south 2 deg. 25 min. west 620 feet to an iron pin; thence north 86 deg. 51 min. west 507.5 feet to the place of beginning, containing 7.26 acres.

This tract includes all of Lots No. 16, 17, 18, 19, 20, 21, 22, 23, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48 49 50 51 52 and parts of Lots No. 15 24, 36 and 53.

and praying therein that said territory may be annexed to the City of Circleville, Ohio, which petition is now on file in the Office of the Auditor of Pickaway County, Ohio; and designating the undersigned to act as the agent of the petitioners, as required by law.

The said Board of Commissioners has fixed September 28th 1959, at 3:00 o'clock P. M., as the time for hearing said Petition at the ofice of the Commissioners in Court House, Circleville, Pickaway County, Ohio.

George F. Zimpfer

PROBATE COURT,
PICKAWAY COUNTY, OHIO
Louis Martin, Administrator of the Estate of Martin Turner Deceased.
Plaintiff
vs
Hattie Turner, Minnie Helen Tucker, Margaret E. Athy, Ruth Slattery, 1904 Summit Street, Columbus, Ohio, Mrs. Dorothy Hancher, 350 W. State Street, Springfield, Ohio, all the unknown heirs and next of kin of Walter Turner, deceased and all he unknown heirs and next of kin of Martin Turner, Deceased, and State of Ohio, Department of Welfare, Division of Aid for the Aged.
Defendants
No. 19558
LEGAL NOTICE BY PUBLICATION

Hattie Turner, who resides at the Hoover Nursing Home, 739 Obetz Road, Columbus, Ohio, Minnie Helen Tucker, Rockbridge, Ohio, Margaret E. Athy, address unknown, Ruth Slattery, 1904 Summit Street, Columbus, Ohio, Mrs. Dorothy Hancher 350 W. State Street, Springfield, Ohio, and all the unknown heirs and next of kin of Walter Turner, deceased, and all the unknown heirs and next of kin to Martin Turner, deceased, will take notice that Louis B. Martin, administrator of the estate of Martin Turner, deceased, on the 17th day of August, 1959, filed his petition in the Probate Court within and for the County of Pickaway, and State of Ohio, alleging that the personal estate of said decedant is insufficient to pay his debts and the charges of administering his estate; that he died seized in fee simple of the following described real estate, situate in said county, to wit: Being the undivided one half interest of the following described property. Situated in the County of Pickaway, State of Ohio and Township of Perry and bounded and described as follows:

Being a part of original survey No. 6274 near Atlanta, Ohio: east corner to the lot of John Vaughn; thence with said Vaughn's line; N. 11 deg. 45' E 218 feet to an iron pin in the south line of land of the Pennsylvania Railroad Company; thence with said company's line N. 83 deg. 45' E 109 efet to an iron pin; thence S 11 deg. 45' 285 feet to an iron pin in the centerof the Urbana Road; thence with said road N. 60 deg. 45' W 109 feet to the beginning containing sixty one-hundredths (60-100) o anf acre of land more or less. Recorded in Vol. 100 page 246 of Record of Deeds Picaway County, Ohio.

Being the same premises conveyed by C. G. Campbell and Ida Campbell, his wife, to Martin Turner and Hattie Turner, his wife, by deed dated Sept. 15, 1920, and recorded in Deed Record 100, page 246 of the Picaway County Ohio Deed Records.

The prayer of said petition is for the sale of said premises for the payment of debts and charges aforesaid.

The persons above mentioned will further tae notice that they have been made paries defendant to said petition and hat they are required to answer the same on or before the 17th day of October, A.D. 1959.

Louis B. Martin
Administrator of the estate of Martin Turner, Deceased
Lemuel B. Weldon, Attorney
for Louis B. Martin
Aug. 19, 26, Sept. 2, 9, 16, 23, 30, 1959.

Learn of the Past

HAVANA, Ill. (AP) — Execavation of the Eveland Site near here is expected to give more information about the Middle Mississippian Indians who lived in the area about 900 to 1,000 A. D.

Eveland Site, possible location of an Indian village, is near a huge burial hill containing 233 known Indian burials.

God Not Just an M.D.

PHILADELPHIA, (AP) —A new York psychiatrist, who once was a Lutheran pastor, told a meeting here that too many people try to make God a "substitute for a Blue Cross program."

"When you need Him," said Dr. Paul A. Qualben, "you call Him down. Then when you're finished with Him, you send Him back."

Dick Clark Cult Is Labeled 'Unparalleled in History'

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD (AP)—"Take me to your leader," I said to the teen-ager, and there I was, talking to Dick Clark.

The Clark cult is something unparalleled in entertainment history. Seldom has any one person wielded so much power over a segment of the population. Since teen-agers practically support the pop record field, Clark exercises vast influence over it through his TV shows.

Obviously, this is a man to be reckoned with. Clark is here to make his first movie, "Because They're Young," and I found him to be a smooth, no-nonsence 28-year-old who knows his field.

But doesn't it bug him to be around teen-agers so much?

"Not at all," he replied calmly. "I get more put out with older people who try to act young. I like kids because they act their age."

He doesn't take his expertness in teen-age matters lightly.

"I'm with teen - agers on the average of five and six hours every day," he explained. "It's like working in a bakery; if you're around it long enough, you'll learn how to bake. I've learned how teen-agers act. And I know that most pictures about teen-agers are wrong. They are older people's concept of how teenagers act."

Clark said he will try to avoid such pitfalls in his film. He is a partner with Columbia in it, so he has plenty of say. But he admitted that it won't be a completely accurate depiction.

"I doubt if there ever can be a truly honest portrayal in films," he explained. "Not all girls are beautiful and all boys handsome, as they are in films. Not all of them have good-looking clothing. Not all schools are freshly painted and whitewashed."

Clark plays a school teacher and he has a romance with the principal's secretary, lovely Victoria Shaw.

The teen-agers in the film will all be normal types, except for two that have a scrape with the police. "The script is fairly true to life," he said. "Most teen-agers are normal."

Unwelcome Passenger

EAST ALTON, Ill. (AP) —During a recent flight, pilot Leo Seren peered into the instrument panel. A snake peered back.

Seren flicked on the automatic pilot and leaped to rear seat of his four-seater plane.

Just before the plane reached East Alton, the reptile slithered back into the dark confines of the panel. Seren lost no time landing

Airport mechanics — wearing gloves — dismantled the panel and gingerly lifted out an 18-inch snake, later identified as an Anaconda.

Seren figures it crawled aboard when the plane was in Mexico.

Dick Clark Cult Is Labeled 'Unparalleled in History'

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD (AP)—"Take me to your leader," I said to the teen-ager, and there I was, talking to Dick Clark.

The Clark cult is something unparalleled in entertainment history. Seldom has any one person wielded so much power over a segment of the population. Since teen-agers practically support the pop record field, Clark exercises vast influence over it through his TV shows.

Obviously, this is a man to be reckoned with. Clark is here to make his first movie, "Because They're Young," and I found him to be a smooth, no-nonsence 28-year-old who knows his field.

But doesn't it bug him to be around teen-agers so much?

"Not at all," he replied calmly. "I get more put out with older people who try to act young. I like kids because they act their age."

He doesn't take his expertness in teen-age matters lightly.

"I'm with teen - agers on the average of five and six hours every day," he explained. "It's like working in a bakery; if you're around it long enough, you'll learn how to bake. I've learned how teen-agers act. And I know that most pictures about teen-agers are wrong. They are older people's concept of how teenagers act."

Clark said he will try to avoid such pitfalls in his film. He is a partner with Columbia in it, so he has plenty of say. But he admitted that it won't be a completely accurate depiction.

"I doubt if there ever can be a truly honest portrayal in films," he explained. "Not all girls are beautiful and all boys handsome, as they are in films. Not all of them have good-looking clothing. Not all schools are freshly painted and whitewashed."

Clark plays a school teacher and he has a romance with the principal's secretary, lovely Victoria Shaw.

The teen-agers in the film will all be normal types, except for two that have a scrape with the police. "The script is fairly true to life," he said. "Most teen-agers are normal."

Lefko Enjoys Month Tour in Europe, Israel

Nat Lefko, 356 Northridge Road and manager of Rothman's Department Store, has returned home after a month's tour of Europe and Israel with a group of 40 leaders of National Organizations.

While in Israel Lefko visited Jerusalem, with its varied points of interest; Tel Aviv, the largest city and main seaport; Beersheba, gateway to the South; Elat, at the southern tip on the Red Sea and near the King Solomon copper mines and Haifa, second largest seaport in Israel.

He also visited Nazareth, the resort lake of Tiberias and the border of the Gaza Strip. Lefko was impressed with Ashkelon, and its recently uncovered excavations of historical sights connected with "Sampson," "Safad" and Hulae Lake.

In Paris, Lefko visited the Louvre, Notre Dame Cathedral, Bonaparte Memorial Palace and for a lighter atmosphere the "Follies Bergiere." Lefko said that Amsterdam in the Netherlands was very impressive with its old but spic and span apartments and the canals circling through the city.

* * *

ALSO interesting were the art museums, with their displays of Rembrandts, Lefko said.

On the day of his departure, the local store operator had breakfast in Holland, lunch in Ireland, tea in Newfoundland and dinner in New York.

Berger Hospital Treats 2 Persons

Berger Hospital treated and released two persons yesterday.

Don Imler, 31, 360 Walnut St., smashed the ring finger on his right hand on an iron crate handle yesterday.

Randy Swoyer, 16 months, son of Mr. and Mrs. Ronald Swoyer, 124 Parkview Ave., cut his forehead on a bed at home yesterday.

READY TO GO — These two youngsters are all ready for school in clothes from the A & H Dollar Store, W. Main St. Mark Cupp, 6, who will be in the first grade is shown in blue jeans, a plaid cotton shirt and brown oxford shoes. Michele Whaley, 7, a second grader at St. Joseph's has on a red and green gingham dress. (Staff Photo)

Two Kindergarten Sections Added

In order to accommodate the demand for kindergartens it was necessary to add two sections and rent a room at the First Methodist Church, Circleville school officials stated today.

Ninety per cent of Circleville school system families send their children to kindergarten. Superintendent George A. Hartman stated that success with kindergartens is due to the school system's fine course of study and superior teaching.

School officials hope this service can continue here in spite of the room shortage.

New Citizens

MASTER DISBENNETT

Mr. and Mrs. Rollan Disbennett, Laurelville, are the parents of a son born at 11:16 p. m. yesterday in Berger Hospital.

MISS and MASTER BROWN

Mr. and Mrs. Mike Brown, 365 E. Mound St., are the parents of twins, a son born at 4:24 a. m. and a daughter born at 4:28 a. m. today in Berger Hospital.

Hub Caps Missing

Milo Wise, Circleville, informed local police yesterday that two hub caps were taken from a car parked at the police storage lot on E. High St.

Wise said two spinner type caps also were taken from his lot on E. Franklin St. The thefts were reported to Patrolman Donald Adams.

Firemen Summoned

Circleville Firemen were called to the Mumaw residence at 151 E. Mill St. yesterday to investigate a minor kerosene stove blaze. No damage was reported.

Desert Flash Flood Leaves 3 Dead

NEEDLES, Calif. (AP) — A flash flood has left three dead and one missing on the California-Arizona desert. Forecasters say another cloudburst may be on the way.

The Weather Bureau said it couldn't predict the extent of showers expected today.

A cloudburst Monday night dropped more than an inch of rain in three hours on this farm town on the Colorado River.

Little Rock Chiefs Ignore Brutality Rap

LITTLE ROCK, Ark. (AP)—The Little Rock Board of Directors Tuesday aligned itself against the segregationist position after almost two years of unyielding neutrality in the integration struggle here.

The board said it could find no basis for segregationists charges that police used brutality and violated a constitutional right of peaceful assembly when they squelched an anti - integration demonstration Wednesday at Central High School.

The seven-member board said it felt officers acted legally to maintain order and protect life and property. It referred complaints filed by two women segregationists to the U.S. Justice Department as the proper authority to probe alleged violations of civil rights.

Previously, the board had refused to involve itself in any manner with the integration issue. But it drew segregationist criticism for ordering police to maintain order when schools opened.

Four negroes attended two once-white schools for a fifth straight day Tuesday. There were no reported incidents outside the schools and school officials said everything was quiet inside.

Attendance at four high schools continued to climb, reaching a total of 2,656. Average daily attendance was about 3,500 before Gov. Orval E. Faubus closed the schools against integration a year ago.

The first boxing team at Michigan State was formed in 1886.

Lefko Enjoys Month Tour in Europe, Israel

Nat Lefko, 356 Northridge Road and manager of Rothman's Department Store, has returned home after a month's tour of Europe and Israel with a group of 40 leaders of National Organizations.

While in Israel Lefko visited Jerusalem, with its varied points of interest; Tel Aviv, the largest city and main seaport; Beersheba, gateway to the South; Elat, at the southern tip on the Red Sea and near the King Solomon copper mines and Haifa, second largest seaport in Israel.

He also visited Nazareth, the resort lake of Tiberias and the border of the Gaza Strip. Lefko was impressed with Ashkelon, and its recently uncovered excavations of historical sights connected with "Sampson," "Safad" and Hulae Lake.

In Paris, Lefko visited the Louvre, Notre Dame Cathedral, Bonaparte Memorial Palace and for a lighter atmosphere the "Follies Bergiere." Lefko said that Amsterdam in the Netherlands was very impressive with its old but spic and span apartments and the canals circling through the city.
